Name of CCDF Co-Administrator: Dana Balansag
Title of CCDF Co-Administrator: Child Care Program Administrator
Address of CCDF Co-Administrator: 820 Mililani Street, #606, Honolulu, HI 96813
Phone Number: (808)586-7187
Fax Number: (808)586-5744
E-Mail Address: dbalansag@dhs.hawaii.gov
Description of the role of the Co-Administrator:

The Child Care Program Administrator drafts, submits, and implements the CCDF State Plan. Also, the Child Care Program Administrator has oversight of the child care subsidy, child care licensing, and child care quality improvement programs.

1.2 Estimated Funding

1.2.1 What is your expected level of funding for the first year of the FY 2014 - FY 2015 plan period?

The Lead Agency estimates that the following amounts will be available for child care services and related activities during the 1-year period from October 1, 2013 through September 30, 2014. (§98.13(a)).

Effective Date: 01-OCT-13

FY 2014 Federal CCDF allocation (Discretionary, Mandatory and Matching): $19,648,103.00
Federal TANF Transfer to CCDF: $15,000,000.00
Direct Federal TANF Spending on Child Care: $0
State CCDF Maintenance-of-Effort Funds: $4,971,630.00
State Matching Funds: $6,513,871.00

Reminder - Lead Agencies are reminded that not more than 5 percent of the aggregate CCDF funds, including federal funds and required State Matching funds, shall be expended on administration costs (§98.52) once all FY2014 funds have been liquidated. State Maintenance-of-Effort funds are not subject to this limitation.

1.2.2 Which of the following funds does the Lead Agency intend to use to meet the CCDF Matching and maintenance-of-effort (MOE) requirements described in 98.53(e) and 98.53(h)? Check all that apply.

Territories not required to meet CCDF Matching and MOE requirements should mark N/A here

Note: The Lead Agency must check at least public and/or private funds as matching, even if pre-kindergarten (pre-k) funds also will be used.

Public funds to meet the CCDF Matching Fund requirement. Public funds may include any general revenue funds, county or other local public funds, State/Territory-specific funds (tobacco tax, lottery), or any other public funds.
If checked, identify source of funds:

1.3 CCDF Program Integrity and Accountability

Program integrity is defined to include efforts that ensure effective internal controls over the administration of CCDF funds. The Lead Agency is responsible for monitoring programs and services, ensuring compliance with the rules of the program, promulgating rules and regulations to govern the overall administration of the plan and oversee the expenditure of funds by sub-grantees and contractors. (§ 98.11(b)) Accountability measures should address administrative error, which includes unintentional agency error, as well as address program violations, both unintentional and intentional, that may or may not result in further action by the Lead Agency, including those cases suspected of and/or prosecuted for fraud.

1.3.1. Describe the strategies the Lead Agency will utilize to ensure effective internal controls are in place. The description of internal controls may include, but is not limited to a description of processes to ensure sound fiscal management, to identify areas of risk or to establish regular evaluation of control activities.

Effective Date: 01-OCT-13

Describe:

The internal controls utilized are monthly data reports from the electronic payment system, monthly reviews of expenditures, and reviews of contractor reports for service activities.

1.3.2. Describe the processes the Lead Agency will use to monitor all sub-recipients. Lead Agencies that use other governmental or non-governmental sub-recipients to administer the program must have written agreements in place outlining roles and responsibilities for meeting CCDF requirements. (98.11 (a) (3))

Definition: A sub-recipient (including a sub-contractor and or sub-grantee) is a non-Federal entity that expends Federal awards (contract or grant) received from another entity to carry out a Federal program, but does not include a vendor nor does it include an individual who is a beneficiary of such a program. OMB Circular A-133 Section 210 provides additional information on the characteristics of a sub-recipient and vendor (http://www.whitehouse.gov/omb/circulars/a133_compliance_supplement_2010). The description of monitoring may include, but is not limited to, a discussion of written agreements, fiscal management, review of policies and procedures to ensure compliance with CCDF regulations, monitoring/auditing contractors or grantees to ensure that eligible children are served and eligibility documentation is verified, and establishing performance indicators or measures related to improper payments.

Effective Date: 01-OCT-13

Describe:
For the sub-recipient contracted to implement the subsidy program, monitoring activities include review of monthly data reports, quarterly random case reviews to determine issuance of correct payments and to determine the need for retraining or policy clarifications and a penalty provision in the contract for lack of satisfactory performance as defined by the contract.

1.3.3. Describe the activities the Lead Agency will have in place to identify program violations and administrative error to ensure program integrity using the chart below. Program violations may include intentional and unintentional client and/or provider violations as defined by the Lead Agency. Administrative error refers to areas identified through the Error Rate Review process (98.100). Check which activities, if any, the Lead Agency has chosen to conduct.

For any option the Lead Agency checked in the chart above other than none, please describe:

Monthly system reports reviewed will include data that shows the number of untimely applications processed and number of frequent changes to bank accounts. As part of the contracted service, the service provider is required to provide monthly random case reviews, supervisory staff reviews, and identify training needs. The contract monitor for the service is required to conduct quarterly random case reviews, review summaries of staff reviews, and determine whether training needs are met.

If the Lead Agency checked none, please describe what measures the Lead Agency has or plans to put in place to address program integrity:

1.3.4. What strategies will the Lead Agency use to investigate and collect improper payments due to program violations or administrative error? Check and describe in the chart below which strategies, if any, the Lead Agency will use for each of the following areas: Unintentional program violations (UPV), intentional program violations (IPV) and/or fraud, and administrative error as defined in your State/Territory. The Lead Agency has the flexibility to recover misspent funds as a result of errors. The Lead Agency is required to recover misspent funds as a result of fraud (98.60(i)).

1.4 Consultation in the Development of the CCDF Plan

Lead Agencies are required to consult with appropriate agencies in the development of its CCDF Plan (§98.12, §98.14(a),(b), §98.16(d)).

Definition: Consultation involves the meeting with or otherwise obtaining input from an appropriate agency in the development of the State or Territory CCDF Plan. At a
minimum, Lead Agencies must consult with representatives of general purpose local
governments. (§§98.12(b), 98.14(a)(1))

1.4.2. Describe the Statewide/Territory-wide public hearing process held to provide the public an opportunity to comment on the provision of child care services under this Plan. (658D(b)(1)(C), §§98.14(C)). At a minimum, the description should include:

a) Date(s) of notice of public hearing: 05/31/2013

Reminder - Must be at least 20 days prior to the date of the public hearing.

b) How was the public notified about the public hearing? Newspaper, email, and internet posting.

c) Date(s) of public hearing(s): 06/21/2013
**Reminder** - Must be no earlier than 9 months before effective date of Plan (October 1, 2013).

d) Hearing site(s) Benefit, Employment & Support Services Division/Child Care Program Office (820 Mililani Street, #606, Honolulu, HI), Central Hilo Office (1990 Kinoole Street, #109), North Kona II Office (75-5722 Hanama Place, #1105), Central Maui Unit (270 Waiehu Beach Road, #107), and South Unit (4473 Pahee Street, Suite G).

e) How was the content of the Plan made available to the public in advance of the public hearing(s)? Available via the internet, and hard copies available upon request.

f) How will the information provided by the public be taken into consideration in the provision of child care services under this Plan? Comments made by the public relative to service deliveries will be reviewed and considered. Minor amendments may be immediately completed, however other substantive amendments to the plan may need further review, as there considerations may be needed for available funding, changes to administrative rules, and discussions with department’s child care advisory committee.

1.4.3. **Describe any strategies used by the Lead Agency to increase public consultation on the Plan or access to the public hearing.** For example, translating the public hearing notice into multiple languages, using a variety of sites or technology (e.g., video) for the public hearing, holding the hearing at times to accommodate parent and provider work schedules.

Effective Date: 01-OCT-13

The public was additionally informed of the public hearing and the plan draft through community partners via email messages. Also, the public hearing was held on Oahu, with other islands able to participate through video or phone conferencing technology.

1.5. **Coordination Activities to Support the Implementation of CCDF Services**

Lead Agencies are required to coordinate with other Federal, State, local, Tribal (if applicable) and private agencies providing child care and early childhood development services.

**Definition** - Coordination involves child care and early childhood and school-age development services efforts to work across multiple entities, both public and private (such as in connection with a State Early Childhood Comprehensive System (SECCS) grant or the State Advisory Council funded under the Head Start Act of 2007). (658D(b)(1)(D), §§98.12(a), 98.14(a)(1))

Note: Descriptions of how governments are organized for each State are provided at: http://www2.census.gov/govs/cog/all_ind_st_descr.pdf.

1.5.2. **Does the State/Territory have a formal early childhood and/or school-age coordination plan?** Lead Agencies are not required to have an early childhood nor a school-age coordination plan, but the State/Territory may have such plans for other purposes, including fulfilling requirements of other programs.

**Effective Date: 01-OCT-13**

- Yes. If yes,
1.5.3. Does the State/Territory have a designated entity(ies) responsible for coordination across early childhood and school-age programs? (658D(b)(1)(D), §98.14(a)(1)) Check which entity(ies), if any, the State/Territory has chosen to designate.

☑ State/Territory-wide early childhood and/or school-age cabinet/advisory council/task force/commission.

If yes, describe entity, age groups and the role of the Lead Agency

Hawaii Executive Office on Early Learning (EOEL) is a Cabinet-level agency operating out of the Hawaii Governor’s Office which is tasked with coordinating a comprehensive and integrated early learning system in Hawaii for children prenatal through eight years of age. The department is a member of the Early Learning Advisory Board (ELAB) which was created to advise and provide recommendations to the Executive Office, promote collaboration across public and private agencies and stakeholders serving young children, and to be an independent voice for children’s healthy, safety, development and learning. The department also collaborates with the EOEL in the implementation of the State’s early childhood coordination plan particularly in the focus area of high quality child care and early education.

1.5.4 Does the Lead Agency conduct or plan to conduct activities to encourage public-private partnerships that promote private sector involvement in meeting child care needs? (§98.16(d))

Effective Date: 01-OCT-13

☐ Yes.

If yes, describe these activities or planned activities, including the tangible results expected from the public-private partnership:

For the department’s QRIS pilot program, the private sector has donated funds toward the quality grant awards to center-based participating programs. This partnership has allowed the department to maximize funding available, support and provide needed financial incentives to the participating programs in the pilot project, and increased recognition of the need for continued and expansion of support from the private sector for early learning activities and improvements within the state. In considering statewide implementation of the QRIS program, the department will continue to seek support as well as financial grants from the private sector for quality improvement initiatives throughout the state.

1.6. Child Care Emergency Preparedness and Response Plan

It is recommended, but not required, that each Lead Agency develop a plan to address preparedness, response, and recovery efforts specific to child care services and programs. Plans should cover the following areas: 1) planning for continuation of services to CCDF families; 2) coordination with other State/Territory agencies and key partners; 3) emergency preparedness regulatory requirements for child care providers; 4) provision of temporary child care services after a disaster; and 5) rebuilding child care after a disaster. For further guidance on developing Child Care Emergency Preparedness and Response Plans see the Information Memorandum (CCDF-ACF-IM-2011-01) located on the Office of Child Care website at: http://www.acf.hhs.gov/programs/occ/resource/im-2011-01

Describe:

The state is currently working with the Office of Child Care Technical Assistance Network Child Care State Systems Specialist in the revision and refinement of the department’s draft plan for emergency readiness to ensure alignment with OCC requirements. The state is also planning to involve key stakeholders from public and private agencies and child care providers to ensure that the department’s plan for emergency preparedness, continuity and recovery and aligned with state civil defense procedures as well as coordinating with other agencies.

1.6.2. Indicate which of the core elements identified in the Information Memorandum are or will be covered in the Lead Agency child care emergency preparedness and response plan. Check which elements, if any, the Lead Agency includes in the plan.

Effective Date: 01-OCT-13

☐ Planning for continuation of services to CCDF families

☐ Coordination with other State/Territory agencies and key partners

☐ Emergency preparedness regulatory requirements for child care providers

☐ Provision of temporary child care services after a disaster

☐ Restoring or rebuilding child care facilities and infrastructure after a disaster

2.1 Administration of the Program

The Lead Agency has broad authority to administer (i.e., establish rules) and operate (i.e., implement activities) the CCDF program through other governmental, non-governmental, or other public or private local agencies as long as it retains overall responsibility for the administration of the program. (658D(b), §98.11(a))

2.2. Family Outreach and Application Process

Lead Agencies must inform parents of eligible children and the general public of the process by which they can apply for and potentially receive child care services. (658D(b)(1)(A), 658E(c)(2)(D) & (3)(B), §§98.16(k), 98.30(a)-(e). Note - For any information in questions 2.2.1 through 2.2.10 that differs or will differ for families receiving TANF, please describe in 2.2.11.

2.2.1. By whom and how are parents informed of the availability of child care assistance services under CCDF? (658E(c)(2)(A), §98.30(a)) Check all agencies and strategies that will be used in your State/Territory.

Describe:

2.2.3. Describe how the Lead Agency provides consumer education to parents applying for CCDF assistance to promote informed choices about the quality of care provided by various providers in their communities.

Lead Agencies must certify that the State/Territory will collect and disseminate to parents of eligible children and the general public, consumer education information that will promote informed child care choices (658E (c)(2)(G), §98.33).

For example, memorandums of understanding with resource and referral agencies to provide consumer education to families applying for CCDF assistance, providing parents with provider lists showing licensing history and/or Quality Rating and Improvement System (QRIS) ratings, or informational brochures that address importance of quality and different care options available.
As part of the interview process, the subsidy worker provide information to each family about choosing the right provider for their child. Informational packets are made available to each family that include available community resources for families, as well as tips on points to consider when choosing a provider and potential questions that families could ask providers when searching for child care.

2.2.4. Describe how the Lead Agency will support child care programs to increase the likelihood that CCDF-served children receive higher quality care as defined in your State/Territory.

Effective Date: 01-OCT-13

For example, methods used to promote upward movement in quality rating and improvement system, methods used to encourage high quality programs to participate in the subsidy program such as tiered reimbursement, or incentives used to support high quality programs in rural, suburban, urban, and low-income communities.

The state has tiered reimbursement rates which provide a higher subsidy amount for accredited programs. The state started in FFY 2013 the first year of implementation of a Quality Rating and Improvement System (QRIS) pilot program, which provides programs independent evaluations, assistance in developing the quality improvement plan, and financial grants and incentive awards for continued participation and progress toward completion of the quality improvement plan. For FFY 2014, the state will continue the pilot program in supporting the participating programs’ progress in their quality improvement plans. In FFY 2015, the state will receive the independent evaluative results of the QRIS pilot program and the state will assess the QRIS for areas needing improvement and areas that are successful in the design and development of a statewide QRIS program for Hawaii.

2.2.11. Are the policies, strategies or processes provided in questions 2.2.1 through 2.2.10 different for families receiving TANF? (658E(c)(2)(H) & (3)(D), §§98.16(g)(4), 98.33(b), 98.50(e))

Effective Date: 01-OCT-13

☐ Yes.  
If yes, describe:

For TANF families, their child care subsidies are issued by a case manager who is assigned to them to ensure compliance with TANF work participation requirements. No strategy is needed to prompt timely processing of eligibility determination as child care subsidy is a support service that ensures that families meet their TANF work participation requirements. All other policies and processes are similar to the child care subsidy program that serves non-TANF families.

☐ No.

2.2.12. Informing parents who receive TANF benefits about the exception to the individual penalties associated with the TANF work requirement.

The regulations at §98.33(b) require the Lead Agency to inform parents who receive TANF benefits about the exception to the individual penalties associated with the work requirement for any single custodial parent who has a demonstrated inability to obtain needed child care for a child under 6 years of age. Lead Agencies must coordinate with TANF programs to ensure, pursuant that TANF families with young children will be informed of their right not to be sanctioned if they meet the criteria set forth by the State TANF agency in accordance with section 407(e)(2) of the Social Security Act. In fulfilling this requirement, the following criteria or definitions are applied by the TANF agency to determine whether the parent has a demonstrated inability to obtain needed child care.  

NOTE: The TANF agency, not the CCDF Lead Agency, is responsible for establishing the following criteria or definitions. These criteria or definitions are offered in this Plan as a matter of public record.

Effective Date: 01-OCT-13

a) Identify the TANF agency that established these criteria or definitions:  
State/Territory TANF Agency State of Hawaii Department of Human Services

b) Provide the following definitions established by the TANF agency.  
• "appropriate child care": child care provided by a caregiver who meets the eligibility criteria established in §17-798.2-9(c)
2.3. Eligibility Criteria for Child Care

In order to be eligible for services, children must (1) be under the age of 13, or under the age of 19 if the child is physically or mentally disabled or under court supervision; (2) reside with a family whose income is less than 85 percent of the State's median income for a family of the same size; and (3) reside with a parent or parents who is working or attending job training or an educational program; or (4) be receiving or needs to receive protective services. (658P(3), §98.20(a))

2.3.1. How does the Lead Agency define the following eligibility terms?

**residing with** -

An eligible child is living in a home or family setting with the child's eligible caretaker.

**in loco parentis** -

In place of the parent, i.e., charged with the rights, responsibilities and duties of a parent defined as an adult who resides with and is responsible for the care of a child, and who is a birth, hanai (child who is taken permanently to be reared, educated, and loved by someone other than the natural parents at the time of the child's birth or early childhood. The child is given outright and the natural parents renounce all claims to the child. The natural parents cannot reclaim the child except for the death or serious injury of the hanai parents.), foster parent, adoptive parent, guardian, step-parent, or relative who is related to the child by blood, marriage, or adoption, or a person authorized by the caretaker through a power of attorney valid for a period no to exceed twelve months. The caretaker designation may remain even
when the caretaker is temporarily absent from the home as long as the caretaker continues to maintain responsibility for the care, education and financial support of the child. This includes a foster parent who may not be providing financial support to the child but may be receiving support for the child from a public or private agency.

### 2.3.2. Eligibility Criteria Based Upon Age

Effective Date: 01-OCT-13

a) The Lead Agency serves children from 0 weeks to under 13 years (may not equal or exceed age 13).

b) Does the Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are physically and/or mentally incapable of self-care? (658E(c)(3)(B), 658P(3), §98.20(a)(1)(ii))

☐ Yes, and the upper age is under 18 years old (may not equal or exceed age 19). Provide the Lead Agency definition of physical or mental incapacity:

A physical or mental condition that prevents a child from doing self-care, as determined by a State-licensed physician or psychologist.

☐ No.

c) Does the Lead Agency allow CCDF-funded child care for children age 13 and above but below age 19 years who are under court supervision? (658P(3), 658E(c)(3)(B), §98.20(a)(1)(ii))

Yes, and the upper age is (may not equal or exceed age 19).

☐ No.

### 2.3.3. Eligibility Criteria Based Upon Work, Job Training or Educational Program

Effective Date: 01-OCT-13

a) How does the Lead Agency define "working" for the purposes of eligibility? Provide a narrative description below, including allowable activities and if a minimum number of hours is required.

Reminder - Lead Agencies have the flexibility to include any work-related activities in its definition of working, including periods of job search and travel time. (§§98.16(f)(3), 98.20(b))

working:

The caretaker is engaged in an activity for wages or salary, or actively looking for work: a) up to two weeks prior to the scheduled start of employment; or b) up to 30 calendar days during a break in
employment, if employment is scheduled to resume within 30 calendar days.

b) Does the Lead Agency provide CCDF child care assistance to parents who are attending job training or an educational program? (§§98.16(g)(5), 98.20(b))

☑ Yes.

If yes, how does the Lead Agency define "attending job training or educational program" for the purposes of eligibility? Provide a narrative description below.

Reminder - Lead Agencies have the flexibility to include any training or education-related activities in its definition of job training or education, including study time and travel time.

**attending job training or educational program** -

Job training programs is an approved work program that requires the participant to engage in activities that provide work experience and training to individuals to assist them toward employment and self-sufficiency. An educational program has a curriculum that is established by an institution, agency, or business for the purpose of the development of skills or academic study necessary for an identified occupation.

☐ No.

2.3.4. Eligibility Criteria Based Upon Receiving or Needing to Receive Protective Services

Effective Date: 01-OCT-13

a) Does the Lead Agency provide child care to children in protective services? (§§98.16(f)(7), 98.20(a)(3)(ii)(A) & (B))

☑ Yes.

If yes, how does the Lead Agency define "protective services" for the purposes of eligibility? Provide a narrative description below.

Reminder - Lead Agencies have the flexibility to define protective services beyond formal child welfare or foster care cases. Lead Agencies may elect to include homeless children and other vulnerable populations in the definition of protective services.

Note - If the Lead Agency elects to provide CCDF-funded child care to children in foster care whose foster care parents are not working, or who are not in education/training activities for CCDF purposes these children are considered to be in protective services and should be included in this definition.

**protective services**

Child welfare services provided by the Department of Human Services to children and their caretakers and siblings, who reside together in their family unit, and are children who are: 1) confirmed to have
been abused or neglected, or 2) confirmed to have been threatened with abuse or neglect, or 3) in foster care. The assigned social worker must specify the need for child care services in the family's or child's case plan as ordered by the court.

☐ No.

b) Does the Lead Agency waive, on a case-by-case basis, the co-payment and income eligibility requirements for cases in which children receive, or need to receive, protective services? (658E(c)(3)(B), 658P(3)(C)(ii), §98.20(a)(3)(ii)(A))

☑ Yes.
☐ No.

2.3.5. Income Eligibility Criteria

Effective Date: 01-OCT-13

a) How does the Lead Agency define "income" for the purposes of eligibility? Provide the Lead Agency's definition of "income" for purposes of eligibility determination. (§§98.16(g)(5), 98.20(b))

* income -

monies received from wages, salaries, commissions, tips, and other sources. For a complete list of countable income, refer to administrative rules 17-798.2-10(b) Income considered in eligibility determination. The administrative rules can be found at http://archive.jan2013.hawaii.gov/dhs/main/har/har_current/DOC216.pdf

Describe:

b) Does the Lead Agency coordinate or align re-determination periods with other programs?

☐ Yes. If yes, check programs that the Lead Agency aligns eligibility periods with and describe the re-determination period for each.

☐ Head Start and/or Early Head Start Programs.
Re-determination period:

☐ Pre-kindergarten programs.
Re-determination period:

☐ TANF.
Re-determination period:

☐ SNAP.
Re-determination period:

☐ Medicaid.

Other.
Describe:

TANF and SNAP have 6 month re-determination periods as well, however, the CCDF program does not coordinate its re-determination periods with the TANF and SNAP programs, therefore families may possibly have four re-determination periods throughout the year for the CCDF and TANF/SNAP programs.

No.

C) Describe under what circumstances, if any, a family's eligibility would be reviewed prior to re-determination. For example, regularly scheduled interim assessments, or a requirement for families to report changes.

Families are required to report changes within 10 calendar days when the following changes occur:
1) Monthly gross income and the source of the household income when it is in excess of the 85% SMI for a family of the same size (except for licensed foster parents with approved activities or families receiving child protective services);
2) address, including place of residence or mailing address;
3) household composition;
4) marital status;
5) child care provider;
6) cost of care;
7) child care type;
8) loss of activity; or
9) closure of child protective services case.

d) Describe any action(s) the State/Territory would take in response to any change in a family's eligibility circumstances prior to re-determination

The eligibility worker would review and redetermine whether the family continues to be eligible for child care subsidy assistance based on the household size and income, as well as the required approved activity, child care provider, child care cost, and child care type.

e) Describe how these policies are implemented in a family-friendly manner that promotes access and continuity of care for children. (See Information Memorandum on Continuity of Care for examples http://www.acf.hhs.gov/programs/occ/resource/im2011-06 ).

The state allows for retention of eligibility during temporary changes, including temporary disability from usual employment, even if payment is suspended.

The state allows for coverage when a child is absent due to illness or temporary absences from child care, the child care monthly benefit may remain the same as long as the family continues to pay the provider to hold the child’s slot.
f) Does the Lead Agency use a simplified process at re-determination?

☑ Yes.
If yes, describe:

The family must submit copies of pay stubs, child care receipt(s), and employment, training or education schedule, as well as the redetermination simplified reporting form. If there are no changes to the family’s circumstances, the child care subsidy continues. If there are changes, the eligibility worker redetermines the family’s child care subsidy benefit amount.

☐ No.

2.3.7. Waiting Lists

Describe the Lead Agency’s waiting list status. Select ONE of these options.

Effective Date: 01-OCT-13

☑ Lead Agency currently does not have a waiting list and:

☑ All eligible families who apply will be served under State/Territory eligibility rules
☐ Not all eligible families who apply will be served under State/Territory eligibility rules

☐ Lead Agency has an active waiting list for:

☐ Any eligible family who applies when they cannot be served at the time of application
☐ Only certain eligible families.

Describe those families:

N/A

☐ Waiting lists are a county/local decision.
Describe:

N/A

☐ Other.
Describe:

2.3.8. Appeal Process for Eligibility Determinations

Effective Date: 01-OCT-13

Describe the process for families to appeal eligibility determinations:

Families may request an informal review with the unit supervisor of their eligibility determination and/or may request in writing a formal administrative hearing to be heard by the department's administrative appeals office. If not satisfied with the administrative hearing officer’s decision, the family can appeal the administrative hearing officer’s decision to a court of law.

2.4. Sliding Fee Scale and Family Contribution

The statute and regulations require Lead Agencies to establish a sliding fee scale that varies based on income and the size of the family to be used in determining each family's contribution (i.e., co-payment) to the cost of child care (658E(c)(3)(B) §98.42).

2.4.1. Attach a copy of the sliding fee scale as Attachment 2.4.1. Will the attached sliding fee scale be used in all parts of the State/Territory?

☑ Yes.

☐ No. If no, attach other sliding fee scales and their effective date(s) as Attachment 2.4.1a, 2.4.1b, etc.

2.4.2. What income source and year will be used in creating the sliding fee scale? (658E(c)(3)(B)) Check only one option.

☐ State Median Income,
Year:
☐ Federal Poverty Level,
Year: 2004
☑ Income source and year varies by geographic region.
Describe income source and year:

☑ Other.
Describe income source and year:

2.4.3. How will the family's contribution be calculated and to whom will it be applied? Check all that the Lead Agency has chosen to use. (§98.42(b))

Effective Date: 01-OCT-13

☐ Fee as dollar amount and
☐ Fee is per child with the same fee for each child
☐ Fee is per child and discounted fee for two or more children
☐ Fee is per child up to a maximum per family
☐ No additional fee charged after certain number of children
☐ Fee is per family

☐ Fee as percent of income and
☐ Fee is per child with the same percentage applied for each child
☐ Fee is per child and discounted percentage applied for two or more children
☐ No additional percentage applied charged after certain number of children
☐ Fee per family
☐ Contribution schedule varies by geographic area.
Describe:

☑ Other.
Describe:

Based on the income level and household size of the family, the department will pay only a percentage of the child care cost, up to the maximum rate allotted for the type of child care selected. The percentage paid is the same for each child. In addition, if the child care cost is in excess of the maximum allotted by the department, the family must also cover the excess cost in addition to the calculated co-payment.

If the Lead Agency checked more than one of the options above, describe:
2.4.4. Will the Lead Agency use other factors in addition to income and family size to determine each family’s contribution to the cost of child care? (658E(c)(3)(B), §98.42(b))

☐ Yes, and describe those additional factors:

☐ No.

Effective Date: 01-OCT-13

2.4.5. The Lead Agency may waive contributions from families whose incomes are at or below the poverty level for a family of the same size. (§98.42(c)). Select ONE of these options.

Reminder - Lead Agencies are reminded that the co-payments may be waived for only two circumstances - for families at or below the poverty level or on a case-by-case basis for children falling under the definition of "protective services" (as defined in 2.3.4.a).

☐ ALL families, including those with incomes at or below the poverty level for families of the same size, ARE required to pay a fee.
☐ NO families with income at or below the poverty level for a family of the same size ARE required to pay a fee.

The poverty level used by the Lead Agency for a family of 3 is:

☐ SOME families with income at or below the poverty level for a family of the same size ARE NOT required to pay a fee.

The Lead Agency waives the fee for the following families:

The department subsidizes the cost of care up to the maximum allowable rate for the type of child care selected for families are up to or at 50% of the poverty level.

Effective Date: 01-OCT-13

2.5. Prioritizing Services for Eligible Children and Families

At a minimum, CCDF requires Lead Agencies to give priority for child care assistance to children with special needs, or in families with very low incomes. Prioritization of CCDF assistance services is not limited to eligibility determination (i.e., establishment of a waiting list or ranking of eligible families in priority order to be served). Lead Agencies may fulfill priority requirements in other ways such as higher payment rates for providers caring for children with special needs or waiving co-payments for families with very low incomes (at or below the federal poverty level). (658E(c)(3)(B), §98.44)
2.5.1. How will the Lead Agency prioritize child care services to children with special needs or in families with very low incomes? (658E(c)(3)(B), §98.44) Lead Agencies have the discretion to define *children with special needs* and *children in families with very low incomes*. Lead Agencies are not limited in defining *children with special needs* to only those children with physical or mental disabilities (e.g., with a formal Individual Education Plan (IEP) required under the Individuals with Disabilities Education Act (IDEA)). Lead Agencies could consider children in the child welfare system, children of teen parents, or homeless children as examples of *children with special needs*.

### Children with Special Needs

**Provide the Lead Agency definition of Children with Special Needs:**

Documentation verifies that the eligible child, under P.L. 105-7, Part C services, meets one of the conditions that follow: 1) has a physical, developmental, behavioral, or emotional health condition that is outside the normal range; 2) meets the State Department of Health criteria for environmental risk as defined in HRS §321-351; 3) resides in a Limited English Proficiency (LEP) household; or 4) is homeless. Per the Department of Health, part C eligibility includes those who are developmentally delayed, or at biological risk (e.g. Down’s syndrome) or environmental risk (parental age is less than 16 years old) for developmental delay.

2.5.2. How will CCDF funds be used to provide child care assistance to meet the needs of families receiving Temporary Assistance for Needy Families (TANF), those attempting to transition off TANF through work activities, and those at risk of becoming dependent on TANF? (658E(c)(2)(H), Section 418(b)(2) of the Social Security Act, §§98.50(e), 98.16(g)(4))

Reminder - CCDF requires that not less than 70 percent of CCDF Mandatory and Matching funds be used to provide child care assistance for families receiving Temporary Assistance for Needy Families (TANF), those attempting to transition off TANF through work activities, and those at risk of becoming dependent on TANF.

Effective Date: 01-OCT-13

☐ Use priority rules to meet the needs of TANF families (describe in 2.5.1 or 2.5.3.)
☐ Waive fees (co-payments) for some or all TANF families who are below poverty level
☐ Coordinate with other entities (i.e. TANF office, other State/Territory agencies, and contractors)
☐ Other.

Describe:

2.5.3. List and define any other eligibility conditions, priority rules and definitions that will be established by the Lead Agency. (658E(c)(3)(B), §98.16(g)(5), §98.20(b))

Reminder - Lead Agencies are reminded that any eligibility criteria and terms provided below must comply with the eligibility requirements of §98.20 and provided in section 2.2. Any priority rules provided must comply with the priority requirements of §98.44 and provided in section 2.4.1.

Effective Date: 01-OCT-13
2.6. Parental Choice In Relation to Certificates, Grants or Contracts

The parent(s) of each eligible child who receives or is offered financial assistance for child care services has the option of either enrolling such child with a provider that has a grant or contract for the provision of service or receiving a child care certificate. (658E(c)(2)(A), §98.15(a))

2.6.1. Child Care Certificates

Effective Date: 01-OCT-13

a) When is the child care certificate (also referred to as voucher or authorization) issued to parents? (658E(c)(2)(A)(iii), 658P(2), §98.2, §98.30(c)(4) & (e)(1) & (2))

☒ Certificate form provides information about choice of providers
☒ Certificate is not linked to a specific provider so parents can choose provider of choice
☒ Consumer education materials (flyers, forms, brochures)
☒ Referral to child care resource and referral agencies
☒ Verbal communication at the time of application
☐ Public Services Announcement

☐ Community outreach meetings, workshops, other in person activities
☐ Multiple points of communication throughout the eligibility and renew process
c) What information is included on the child care certificate? **Attach a copy of the child care certificate as Attachment 2.6.1. (658E(c)(2)(A)(iii))**

- Authorized provider(s)
- Authorized payment rate(s)
- Authorized hours
- Co-payment amount
- Authorization period

Describe:

The child care certificate seeks information from the provider about their care operation that includes their name, address, type of care, tuition or fee rate, time periods that they care for the child, and names of staff (center-based programs) or household members (home-based programs).

d) What is the estimated proportion of services that will be available for child care services through certificates?

95%

---

### 2.6.2. Child Care Services Available through Grants or Contracts

**Effective Date: 01-OCT-13**

a) In addition to offering certificates, does the Lead Agency provide child care services through grants or contracts for child care slots? (658A(b)(1), 658P(4), §§98.16(g)(1), 98.30(a)(1) & (b)). **Note:** Do not check "yes" if every provider is simply required to sign an agreement in order to be paid in the certificate program.

- Yes.

If yes, **describe** the type(s) of child care services available through grants or contracts, the process for accessing grants or contracts, and the range of providers that will be available through grants or contracts:

The department currently has three types of contracted services for slots. One contracted service targets infant and toddler care for teen parents at center-based licensed programs on-site at public high schools throughout the state operated by the DOE or a private provider. The second contracted service provides drop-in care for TANF families, who are meeting with their case manager or participating in other activities at the First-To-Work offices, and do not have child care for their children ages 2 years old up to...
12 years old. Private providers bid for the contract services which are provided at the First-To-Work offices. The third contracted service is with the DOE to fund slots at after-school care providers at public elementary schools for the children who qualify for free and reduced lunch. The DOE operates the after-school care programs, or the DOE contracts with private providers to operate the after-school care programs.

☐ No. If no, skip to 2.6.3

b) Will the Lead Agency use grants or contracts for child care services to achieve any of the following? Check the strategies, if any, that your State/Territory chooses to implement.

☐ Increase the supply of specific types of care
☐ Programs to serve children with special needs
☐ Wrap-around or integrated child care in Head Start, Early Head Start, pre-k, summer or other programs
☐ Programs to serve infant/toddler
☐ School-age programs
☐ Center-based providers
☐ Family child care providers
☐ Group-home providers
☐ Programs that serve specific geographic areas
☐ Urban
☐ Rural
☐ Other.
Describe:

☐ Support programs in providing higher quality services
☐ Support programs in providing comprehensive services
☐ Serve underserved families.
Specify:

☐ Other.
Describe:

c) Are child care services provided through grants or contracts offered throughout the State/Territory? (658E(a), §98.16(g)(3))

☑ Yes.
☐ No,
and **identify** the localities (political subdivisions) and services that are not offered:
d) How are payment rates for child care services provided through grants/contracts determined?

Contract costs are determined by estimating the cost for care per child and the number of children that can be served at a particular site.

e) What is the estimated proportion of direct services that will be available for child care services through grants/contracts?

5%

2.6.3. How will the Lead Agency inform parents and providers of policies and procedures for affording parents unlimited access to their children whenever their children are in the care of a provider who receives CCDF funds? (658E(c)(2)(B), §98.31)) Check the strategies that will be implemented by your State/Territory.

Effective Date: 01-OCT-13

☐ Signed declaration  ☐ Parent Application  ☐ Parent Orientation  ☑ Provider Agreement  ☐ Provider Orientation  ☐ Other.

Describe:

2.6.4. The Lead Agency must allow for in-home care (i.e., care provided in the child’s own home) but may limit its use. (§§98.16(g)(2), 98.30(e)(1)(iv)) Will the Lead Agency limit the use of in-home care in any way?

Effective Date: 01-OCT-13

☐ No  ☑ Yes. If checked, what limits will the Lead Agency set on the use of in-home care?

Check all limits the Lead Agency will establish.

☐ Restricted based on minimum number of children in the care of the provider to meet minimum wage law or Fair Labor Standards Act  ☑ Restricted based on provider meeting a minimum age requirement  ☐ Restricted based on hours of care (certain number of hours, non-traditional work hours)
Restricted to care by relatives
- Restricted to care for children with special needs or medical condition
- Restricted to in-home providers that meet some basic health and safety requirements
- Other.

Describe:

Must not have a known history of child abuse or neglect, physical or psychological or psychiatric problems, or criminal convictions that may adversely affect or interfere with the care of children. Background clearance checks are done for the in-home child care provider that may include Federal fingerprint search, state fingerprint search, state name search, national sex offender registry search, state sex offender registry search, child abuse and neglect registry search, and adult protective services registry search.

2.6.5. Describe how the Lead Agency maintains a record of substantiated parental complaints about providers and makes substantiated parental complaints available to the public on request. (658E(c)(2)(C), §98.32)

Effective Date: 01-OCT-13

All complaints are registered, and a written report is completed for all complaint investigations. Information is available on the licensing electronic system which indicates that a complaint is on file for a specific provider. If requested, non-confidential information about the complaint is provided to the public on request.

2.7. Payment Rates for Child Care Services

The statute at 658E(c)(4) and the regulations at §98.43(b)(1) require the Lead Agency to establish adequate payment rates for child care services that ensure eligible children equal access to comparable care.

2.7.1. Attach a copy of your payment rates as Attachment 2.7.1. Will the attached payment rates be used in all parts of the State/Territory?

Effective Date: 01-OCT-13

- Yes. Effective Date: February 1, 2010
- No. If no, attach other payment rates and their effective date(s) as Attachment 2.7.1a, 2.7.1b, etc. , etc.
2.7.2. Which strategies, if any, will the Lead Agency use to ensure the timeliness of payments?

☑ Policy on length of time for making payments.

Describe length of time: The child care subsidy program is contracted to a private organization for implementation. The contractor is expected to issue payments within 30 days from determination of eligibility. Non-satisfactory performance of the contract may lead to contract termination and possible penalties to the contractor.

☑ Track and monitor the payment process

☐ Other.

Describe:

☐ None

2.7.3. Market Rate Survey

Lead Agencies must complete a local Market Rate Survey (MRS) no earlier than two years prior to the effective date of the Plan (no earlier than October 1, 2009). The MRS must be completed prior to the submission of the CCDF Plan (see Program Instruction CCDF-ACF-PI-2009-02 http://www.acf.hhs.gov/programs/occ/resource/pi-2009-02 for more information on the MRS deadline).

Effective Date: 01-OCT-13

a) Provide the month and year when the local Market Rate Survey(s) was completed (§98.43(b)(2)): 10/2012

b) Provide a summary of the results of the survey.

The summary should include a description of the sample population, data source, the type of methodology used, response rate, description of analyses, and key findings.

This study examined current child care market rates in Hawaii. Monthly rate data was analyzed from a total of 719 child care providers. This data was obtained through surveys administered by the local CCR&R agency during March through July of 2012, and report compiled and completed in October 2012.

Results showed that child care market rates are higher for younger children and center-based care, and rates are lower for family child care.

The following table reports child care market rate data by type of care groupings described above. Listed are figures for the number of providers, number of rates associated with these providers and summary statistical rate information: mean, median, minimum rate, maximum rate and 75% quantile.
Full-time monthly rates were weighted by total desired capacity of each provider. The desired capacity rather than licensed capacity was used because individual providers do not always choose to enroll the maximum number of children they are licensed to serve.

For providers with missing desired capacity information, licensed capacity was used. A provider’s rate data was excluded from the analysis if both desired and licensed capacity were missing.

There were a total of 1,070 child care providers listed in the data extract. Of these providers, 351 were excluded from this study for the following reasons. Providers affiliated with Headstart, Kamehameha Schools and local hotels/resorts were excluded from the analysis of survey data. Although these providers may have completed a survey, they were not included in this study of market rates since they would not offer child care to the general public. Also excluded were providers licensed for before/after school child care but only offered this care to students who already were attending the school or facility during the regular school day.

The table shows the maximum rate for each type of care, along with the number of providers and rates. The table includes details such as the number of rates, mean and median rates, and the minimum rate. The data is presented in a clear and organized manner, allowing for easy analysis and understanding. The table also highlights the different types of care and the number of providers and rates associated with each. This information is crucial for understanding the market rates and making informed decisions regarding child care.
Other reasons that providers were excluded from this study:
- inactive/closed provider status,
- rate information that was missing,
- rate information that related to part-time, not full-time care, and
- missing capacity information.

After these exclusions, 719 surveyed providers were included in the final analysis. A total of 3,559 rates from these providers were listed in the data extract.

a) Describe how license-exempt center payment rates are set:

The state determines the rates for license-exempt center rates for military center based programs to be the same as licensed center based care or accredited and licensed center based care.

b) Describe how license-exempt family child care home payment rates are set:

The state analyzed the utilization of in-home and license-exempt family child care by families receiving CCDF subsidies and did a cost estimation projection based on the amount of total CCDF funds available for all families using all types of care and adjusted the license-exempt family child care rate such that the state could continue to provide sufficient subsidies for in-home care while not depleting the CCDF funds such that new families could continue to be served and a wait-list would not result.
c) Describe how license-exempt group family child care home payment rates are set:

The state does not have license-exempt group family child care homes. All group child care homes must be licensed by the department.

d) Describe how in-home care payment rates are set:

The state analyzed the utilization of in-home and license-exempt family child care by families receiving CCDF subsidies and did a cost estimation projection based on the amount of total CCDF funds available for all families using all types of care and adjusted the in-home care rate such that the state could continue to provide sufficient subsidies for in-home care while not depleting the CCDF funds such that new families could continue to be served and a wait-list would not result.

2.7.6. Will the Lead Agency provide any type of tiered reimbursement or differential rates on top of its base reimbursement rates for providing care for children receiving CCDF subsidies? Check which types of tiered reimbursement, if any, the Lead Agency has chosen to implement. In the description of any tiered rates or add-ons, indicate the process and basis used for determining the tiered rates and amount and also indicate if the rates were set based on the MRS or another process.

- Differential rate for nontraditional hours.
  Describe:

- Differential rate for children with special needs as defined by the State/Territory.
  Describe:

- Differential rate for infants and toddlers.
  Describe:
  The state provides a higher rate for Infant/Toddler care up to age 1 year of age. The rates take into consideration the annual Market Rate Studies for center-based and home-based care rates at the time when the state revises its child care rates.

- Differential rate for school-age programs.
  Describe:

- Differential rate for higher quality as defined by the State/Territory.
  Describe:
The state provides a higher rate for center-based care providers accredited by NAEYC or NECPA. The rates take into consideration the annual Market Rate Studies for accredited center-based rates at the time when the state revises its child care rates.

☐ Other differential rate.
Describe:

☐ None.

Reminder - CCDF regulations require the Lead Agency to certify that the payment rates for the provision of child care services are sufficient to ensure equal access for eligible families to child care services comparable to those provided to families not eligible to receive CCDF assistance. In the next three questions, Lead Agencies are asked to describe how their payment policies reflect the affordable copayments for families provision of equal access (i.e., minimizing additional fees to parents), how payment practices are implemented consistent with the general child care market to be fair to providers (see Information Memorandum on Continuity of Care for examples http://www.acf.hhs.gov/programs/occ/resource/im2011-06 ), and the summary of facts describing how payment rates are adequate to ensure equal access to the full range of providers.

2.7.7. What policies does the Lead Agency have regarding any additional fees that providers may charge CCDF parents? The Lead Agency...

Effective Date: 01-OCT-13

☐ Allows providers to charge the difference between the maximum reimbursement rate and their private pay rate
☑ Pays for provider fees (e.g., registration, meals, supplies).
Describe:
The state will pay for registration, supplies, and/or activity fees charged by the child care provider once per state fiscal year per child up to $125.00.

Describe:
2.7.8 What specific policies and practices does the Lead Agency have regarding the following:

Effective Date: 01-OCT-13

a) Number of absent days allowed. Describe

The state pays based on actual hours of child care needed from the previous month during recertifications and projects that income and child care need into the next six month eligibility period. The child care subsidy is paid at the beginning of each month for that month’s child care needs. If the child is absent the entire month, but the child care provider is paid for that month to hold the child's place and the family receives the receipt to document payment to the provider, the family continues to be eligible. However, once the child is disenrolled from the child care provider’s program, the family must notify the state and assistance would be suspended until the family finds a new child care provider, the provider completes a child care certificate, and the family's child care eligibility is redetermined.

b) Paying based on enrollment. Describe

The state pays based on actual hours of child care needed from the previous month during recertifications and projects that income and child care need into the next six month eligibility period. The child care subsidy is paid at the beginning of each month for that month’s child care needs. If the child is absent for a portion of the month, but the child care provider is paid for that month to hold the child’s place and the family receives the receipt to document payment to the provider, the family continues to be eligible. However, once the child is disenrolled from the child care provider’s program, the family must notify the state and assistance would be suspended until the family finds a new child care provider the provider completes a child care certificate, and the family’s child care eligibility is redetermined.

c) Paying on the same schedule that providers charge private pay families (e.g., hourly, weekly, monthly). Describe

The child care subsidy is paid at the beginning of each month for that month’s child care needs. This is consistent with the schedule that providers charge private pay families in the state.

d) Using electronic tools (automated billing, direct deposit, EBT cards, etc.) to make provider payments. Describe

The state utilizes EBT cards given to the families to make payments to license-exempt child care providers. For licensed child care providers, the state utilizes direct deposit to the bank account which the provider has registered with the state’s direct deposit program.

2.7.9. Describe how payment rates are adequate to ensure equal access to the full range of providers based on the Market Rate Survey.

CCDF regulations require the Lead Agency to certify that the payment rates for the provision of child care services are sufficient to ensure equal access for eligible families.
to child care services comparable to those provided to families not eligible to receive CCDF assistance. To demonstrate equal access, the Lead Agency shall provide at a minimum a summary of facts describing: (§98.43(a))

Effective Date: 01-OCT-13

a) How a choice of the full range of providers, e.g., child care centers, family child care homes, group child care homes and in-home care, is made available (§98.43(a)(1)):

The department allows families to choose any type of care that is appropriate for their child and the family’s needs as long as the provider is licensed or legally exempt and meets the criminal history and background check clearances.

b) How payment rates are adequate based on the most recent local MRS (§98.43(a)(2)):

The payment rates are currently between the 54 percentile and 60 percentile for family child care and group child care of the current MRS. This allows our families to be able to access all care types and a large number providers throughout the state as the median rates charged statewide are still the same or slightly lower than the department’s payment rates.

c) How family co-payments based on a sliding fee scale are affordable (§98.43(a)(3)):

The co-payment structure is based on the principle that as families earn more, they will be able to pay a greater percentage of the cost of care, so that once they exceed the income eligibility requirements, the family is better prepared to fully fund the cost of child care and the loss of the child care subsidy will have less of an impact on the family’s finances.

d) Any additional facts the Lead Agency considered to determine that its payment rates ensure equal access, including how the quality of child care providers is taken into account when setting rates and whether any other methodologies (e.g., cost estimation models) are used in setting payment rates

2.8 Goals for the next Biennium - In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium and are encouraged to identify no more than five priority goals total. ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). Lead Agencies will report progress and updates on these goals in the annual Quality Performance Report (Appendix 1), including any barriers encountered.

What are the Lead Agency's goals for the administration of the CCDF subsidy program in the coming Biennium? For example, what progress does the State/Territory expect to make on continuing improved services to parents and providers, continuity of care for children, improving outreach to parents and providers, building or expanding information technology systems, or revising rate setting policies or practices).
Goal #1: Improve access to high quality licensed child care settings by considering tiered rates for QRIS rated programs, once the state’s QRIS pilot initiative has been completed and statewide implementation is scheduled, upon cost estimation analysis and approval of additional state general revenues.

Goal #2: Improve health and safety standards for licensed and license-exempt caregivers and their household members to include adult protective services registry check and national and state sex offender registry checks.

Goal #3: Improving outreach to families and license-exempt providers receiving subsidies to provide educational resources on child development and activities to do with children, as well as to provide information and support for families in choosing high quality child care providers.

Goal #4: Reducing families’ co-payment percentages by restructuring from the current 10-tiers (from 0 – 90%) to 6-tiers (from 0 – 50%) to reducing the financial burden for families in affording child care, particularly center-based care (i.e. preschool).

PART 3
Health and Safety and Quality Improvement Activities

3.1. Activities to Ensure the Health and Safety of Children in Child Care (Component #1)

This section is intended to collect information on how Lead Agencies meet the statutory and regulatory provisions related to licensing and health and safety requirements. The CCDBG statute and the CCDF regulations address health and safety primarily in two ways.

First, Lead Agencies shall certify that they have in effect licensing requirements
applicable to child care services provided within the area served by the Lead Agency (§98.40(a)(1)). These licensing requirements need not be applied to specific types of providers of child care services (658(E)(c)(2)(E)(i). Lead Agencies must describe those licensing requirements and how they are effectively enforced. Questions related to licensing requirements are in sections 3.1.1 and 3.1.2. Second, Each Lead Agency shall certify that there are in effect, within the State or local law, requirements designed to protect the health and safety of children that are applicable to child care providers of services for which assistance is provided under CCDF. Questions related to CCDF Health and Safety requirements are in sections 3.1.3 and 3.1.4.

3.1.1. Compliance with Applicable State/Territory and Local Regulatory Requirements on Licensing

Lead Agencies shall certify that they have in effect licensing requirements applicable to child care services provided within the area served by the Lead Agency (§98.40(a)(1)). These licensing requirements need not be applied to specific types of providers of child care services (658(E)(c)(2)(E)(i). Lead Agencies must describe those licensing requirements and how they are effectively enforced.

Definition: Licensing requirements are defined as regulatory requirements, including registration or certification requirements established under State, local, or tribal law, necessary for a provider to legally operate and provide child care services in a State or locality (§98.2). This does not include registration or certification requirements solely for child care providers to be eligible to participate in the CCDF program. Those requirements will be addressed in 3.1.2.

The relationship between licensing requirements and health and safety requirements varies by State/Territory depending on how comprehensive the licensing system is. In some States and Territories, licensing may apply to the majority of CCDF-eligible providers and the licensing standards cover the three CCDF health and safety requirements so the State/Territory has few, if any, providers for whom they need to establish additional CCDF health and safety requirements. In other cases, States and Territories have elected to exempt large numbers of providers from licensing which means that those exempted providers who care for children receiving assistance from CCDF will have to meet the CCDF health and safety requirements through an alternative process outside of licensing as defined by the State/Territory. The State/Territory may also elect to impose more stringent standards and licensing or regulatory requirements on child care providers of services for which assistance is provided under the CCDF than the standards or requirements imposed on other child care providers. (§98.40(b)(1)) (658E(c)(2)(F), §98.41).

Effective Date: 01-OCT-13

b) Provide a brief overview of the relationship between the licensing requirements and CCDF health and safety requirements in your State/Territory.

The CCDF health and safety requirements imposed on legally-exempt providers is only a subset of the state’s child care licensing requirements.

c) Do the State/Territory’s licensing requirements serve as the CCDF health and safety requirements?

d) CCDF identifies and defines four categories of care: child care centers, family child care homes, group child care homes and in-home child care providers (§98.2). The CCDF definition for each category is listed below. For each CCDF category of care, please identify which types of providers are subject to licensing and which providers are exempt from licensing in your State/Territory in the chart below. **Note: OCC recognizes that each State/Territory identifies and defines its own categories of care. OCC does not expect States/Territories to change their definitions to fit the CCDF-defined categories of care. For these questions, provide responses that closely match the CCDF categories of care but consistent with your reported 801 data.**

### Group Home Child Care

N/A. Check if your State/Territory does not have group home child care.

Group home child care provider is defined as two or more individuals who provide child care services for fewer than 24 hours per day per child, in a private residence other than the child's residence, unless care in excess of 24 hours is due to the nature of the parent(s)' work.

Describe which types of group homes settings are subject to licensing: All group homes are required to be licensed.

Describe which types of group homes are exempt from licensing: All group homes are required to be licensed.

### Family Child Care

Family child care provider is defined as one individual who provides child care services for fewer than 24 hours per day per child, as the sole caregiver, in a private residence other than the child's residence, unless care in excess of 24 hours is due to the nature of the parent(s)' work.

**Reminder** - Do not respond if family child care home providers simply must register or be certified to participate in the CCDF program separate from the State/Territory regulatory requirements.

Describe which types of family child care home providers are subject to licensing: Family child care homes which are not exempt under the law, caring for more than 2 unrelated children but less than 7 children.

Describe which types of family child care home providers are exempt from licensing: The law exempts family child care providers who care for children related to themselves by blood, marriage, or adoption, and care for up to two enrolled children who are unrelated to themselves.
**In-Home Care**

In-home child care provider is defined as an individual who provides child care services in the child's own home. **Reminder** - Do not respond if in-home child care providers simply must register or be certified to participate in the CCDF program separate from the State/Territory regulatory requirements.

f) Do you expect the licensing requirements for child care providers to change in FY2014-2015?

☑ Yes.
Describe:

Anticipated revisions to the qualifications requirements for staff education, training and experience for infant and toddler centers for the following positions: director, lead caregiver, and caregiver. Revised qualifications were developed in a statewide early childhood stakeholder workgroup, including the state,
ECE practitioners, the University of Hawaii and Community Colleges, the Hawaii Association for the Education of Young Children, and the Childcare Business Coalition.

Other planned changes to the licensing rules include Safe Sleep requirements, amendments to the criminal history and background clearance check requirements and assessments to be conducted by the state to include national and state sex offender and adult abuse/neglect registry checks.

☐ No.

3.1.2 Enforcement of Licensing Requirements

Each Lead Agency is required to provide a detailed description of the State/Territory’s licensing requirements and how its licensing requirements are effectively enforced. (658E(c)(2)(E), §98.40(a)(2)) The Lead Agency is also required to certify that procedures are in effect to ensure that child care providers caring for children receiving CCDF services comply with the applicable health and safety requirements. (658E(c)(2)(G), §98.41(d))

Describe the State/Territory’s policies for effective enforcement of the licensing requirements using questions 3.1.2a through 3.1.2e below. This description includes whether and how the State/Territory uses visits (announced and unannounced), background checks, and any other enforcement policies and practices for the licensing requirements.

d) Please provide a brief overview of the State/Territory's process for conducting background checks for child care. In this brief overview, include the following:

Effective Date: 01-OCT-13

d -1) The cost associated with each type of background check conducted:

The FBI fingerprint processing fee is $16.50. There are no other processing fees assessed to providers for the remaining background clearance checks.

d-2) Who pays for background checks:

The state pays for most of the fees associated with cost of conducting the background clearance checks, except for the FBI fingerprinting processing fee. The providers are required to pay the FBI processing fee.

Providers are also responsible for a “no show” fee if they fail to show up for their scheduled fingerprinting appointment. This “no show” fee of $15.00 would be assessed against the provider at the time he/she attempts to reschedule his/her fingerprinting appointment.

d-3) What types of violations would make providers ineligible for CCDF? Describe:

Providers who have a suspended or revoked license due to non-compliance with licensing regulations are considered ineligible providers for the subsidy program during the period of the license suspension or revocation. Violations could include possible threats to the health, safety, or well-being of children in care, such as hazardous environments or an employee whose background clearance check indicates that the individual poses a risk to children in care.

d-4) The process for providers to appeal the Lead Agency’s decision based on the background check findings. Describe:

Providers may submit a written request to appeal the state’s decision based on the background clearance check findings. The administrative appeal hearing would be conducted by another office within the department, but separate from the licensing division. The hearings officer would review the written reports submitted by the state and the provider, ask questions of both parties and any witnesses at the hearing, and render a written, final binding decision after the hearing. The provider may then appeal the
hearing officer’s decision to a court of law if the provider does not agree with the officer’s decision.

e) If not performing visits (announced or unannounced) or background checks, describe how the State/Territory will ensure that its licensing requirements are effectively enforced per the CCDF regulations? Describe (658E(c)(2)(E), §98.40(a)(2))

f) Does the State/Territory disseminate information to parents and the public, including the use of on-line tools or other "search tools," about child care program licensing status and compliance records?

3.1.3. Compliance with Applicable State/Territory and Local Regulatory Requirements on Health and Safety

Each Lead Agency shall certify that there are in effect, within the State or local law, requirements designed to protect the health and safety of children that are applicable to child care providers of services for which assistance is provided under CCDF. Such requirements shall include the prevention and control of infectious diseases (including immunization), building and physical premises safety, and minimum health and safety training appropriate to the provider setting. These health and safety requirements apply to all providers caring for children receiving CCDF services and which also may be covered by the licensing requirements. (658E(c)(2)(F), §98.41)

☐ Check if the Lead Agency certifies that there are in effect within the State (or other area served by the Lead Agency), under State or local law, requirements designed to protect the health and safety of children; these requirements are applicable to child care providers that provide services for which assistance is made available under the Child Care and Development Fund. (658E(c)(2)(E))

d) CCDF allows Lead Agencies to exempt relative providers (grandparents, great-grandparents, siblings if living in a separate residence, aunts, and uncles) from these health and safety requirements. What are the Lead Agency’s requirements for relative providers? (§98.41(A)(ii)(A))

☐ All relative providers are subject to the same health and safety requirements as described in 3.1.2a-c, as appropriate; there are no exceptions for relatives.
☐ Relative providers are NOT required to meet any health and safety requirements as described in 3.1.2a-c, as appropriate.
☑ Relative providers are subject to certain requirements.

Describe the different requirements:
Legally exempt providers are required to self-certify that they have appropriate practices for toileting and diapering, hand-washing, use of car seats for transporting children, available first aid kits, emergency exit plans, working smoke detectors, appropriate discipline methods, and satisfactory TB clearance or chest x-ray.

e) Provide a web address for the State/Territory's health and safety requirements, if available:
Health and safety requirements for licensed settings are found within the licensing rules (chapters 891.1, 892.1, 895, and 896) found at http://humanservices.hawaii.gov/admin-rules-2/admin-rules-for-programs/

3.1.4 Effective enforcement of the CCDF health and safety requirements. For providers who care for children receiving CCDF assistance and who are NOT subject to the enforcement procedures described in 3.1.2 for licensed providers, please describe how the Lead Agency enforces the CCDF health and safety enforcement requirements. Legally exempt providers are required to self-certify that they have appropriate practices for toileting and diapering, hand-washing, use of car seats for transporting children, available first aid kits, emergency exit plans, working smoke detectors, appropriate discipline methods, and satisfactory TB clearance or chest x-ray.

a) Describe whether and how the Lead Agency uses on-site visits (announced and unannounced)
The state does not use on-site visits (announced or unannounced) for legally-exempt providers, unless it is part of a complaint investigation, in which case the on-site visit would be unannounced to determine regulation compliance.

b) Describe whether the Lead Agency uses background checks
The state does conduct background clearance checks for legally exempt providers, including state criminal justice database name search, national sex offender registry search, state sex offender registry
search, the state child abuse and neglect registry search, the state adult abuse and neglect registry search, and also includes both the fingerprint-based national criminal justice database search and state criminal justice database for all persons other than federally defined relatives. The background clearance checks are required initially and then annually for legally exempt providers who receive child care subsidies, including center-based staff, primary caregivers in home-based settings, and their adult household members.

c) Does the Lead Agency permit providers to self-certify compliance with applicable health and safety standards?
☑ Yes. If yes, what documentation, if any, is required?
Describe:
The return of the completed self-certification checklist form for license-exempt providers is filed in the associated family’s child care subsidy case record along with the completed child care certificate form. If the self-certification checklist form is not received, the case manager cannot authorize child care subsidies and notifies the family to have the self-certification checklist form completed and returned or to find a new child care provider.

☐ No
d) Describe whether the Lead Agency uses any other enforcement policies and practices for the health and safety requirements
No other enforcement policies and practices for the health and safety requirements are used.
☑ Check if the Lead Agency certifies that procedures are in effect to ensure that child care providers of services for which assistance is provided under the Child Care and Development Fund comply with all applicable State or local health and safety requirements. (658E(c)(2)(G))

3.1.5 Does the State/Territory encourage or require child care programs to conduct developmental screening and referral for children participating in child care programs? Lead Agencies are not required to conduct developmental screenings of children, but are encouraged to work with child care providers to promote screening in the areas of physical health (including vision and hearing), mental health, oral health, and developmental disabilities.

☐ Yes. Describe

N/A

☑ No
a) If yes, are training, resources and supports offered to programs to assist them in ensuring that children receive appropriate developmental screenings?

☐ Yes. Describe
b) If yes, are resources and supports provided to programs to help them understand how families are referred to indicated services and how to work with the health, mental health, and developmental disabilities agencies to support children when follow-up to screening is needed?

☐ Yes.
☐ No
☐ Other.

3.1.6 Data & Performance Measures on Licensing and Health and Safety Compliance - What data elements, if any, does the State/Territory currently have access to related to licensing compliance? What, if any, performance measures does the Lead Agency use for ensuring health and safety? The purpose of these questions is for Lead Agencies to provide a description of their capacity to provide information, not to require Lead Agencies to collect or report this information. For any data elements checked in (a) below, Lead Agencies may provide an optional description about the data they have access to (e.g., the Lead Agency may have data for only licensed programs, only programs caring for children receiving CCDF subsidies, only providers participating in quality improvement systems, or only for certain age groups (e.g., infants and toddlers or school-age children).
a) **Data on licensing and health and safety.** Indicate if the Lead Agency or another agency has access to data on:

- **Number of licensed programs.**
  
  Describe (optional):
  
  We have an electronic case management system that captures information about licensed providers statewide.

- **Number of programs operating that are legally exempt from licensing.**
  
  Describe (optional):
  
  We have an electronic case management system that captures information about programs that are legally exempt and caring for subsidized children.

- **Number of programs whose licenses were suspended or revoked due to non-compliance.**
  
  Describe (optional):
  
  We have an electronic case management system for licensed providers also captures information about suspended and revoked licenses.

- **Number of injuries in child care as defined by the State/Territory.**

- **Caseload of licensing staff.**
  
  Describe (optional):
  
  We have an electronic case management system for licensed providers which indicates which licensing worker is assigned to each licensed provider.
Number of programs revoked from CCDF due to non-compliance with health and safety requirements.
Describe (optional):
N/A

Other.
Describe:
N/A

None.

b) Performance measurement. What, if any, performance measures does the State/Territory use in its licensing system to monitor compliance with CCDF health and safety requirements?
None

c) Evaluation. What, if any, are the State/Territory's plans for evaluation related to licensing and health and safety? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically.
There are no immediate plans to evaluate the licensing program or its providers at this time.

3.1.7 Goals for the next Biennium -
In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium and are encouraged to identify no more than five priority goals total. ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). Lead Agencies are not required to establish a goal for each sub-section of 3.1. Lead Agencies will report progress and updates on these goals in the annual Quality Performance Report (Appendix 1), including any barriers encountered.

What are the Lead Agency's goals for the licensing and health and safety system in the coming biennium? What progress does the State/Territory expect to make on core areas (e.g. licensing standards, monitoring visits or other effective enforcement, improved technical assistance, or fewer serious non-compliances?)

Note -When identifying your goals below, Lead Agencies are encouraged to begin with an action verb reflecting the desired result over the two year period (e.g., Increase, Improve, Build, Align, Implement, Review, Revise, Streamline, Expand, etc.)

Effective Date: 01-OCT-13
Goal #1: 
Review licensing procedural requirements and assess whether differential monitoring tool or weighted licensing tool may be designed and implemented for the state without compromising the health and safety of children in care.

Goal #2: 
Develop and implement SIDS prevention licensing requirements to be included in the rules for Infant and Toddler Centers and Family Child Care homes.

Goal #3: 
Develop and implement breastfeeding licensing requirements to be included in the rules for Infant and Toddler Centers and Family Child Care homes.

NEW!

CCDF has a number of performance measures that are used to track progress for key aspects of the program at the national level. These performance measures are included in budget materials submitted to Congress and other documents. Please follow this link http://www.acf.hhs.gov/programs/occ/resource/government-performance-and-results-act-gpra-measures to see the CCDF performance measures. A number of these performance measures rely on information reported in the State and Territorial Plans as a data source. We have added a ruler icon

in Section 3.2 through 3.4 in order to identify the specific questions used in the performance measures. When answering these questions, Lead Agencies should ensure that their answers are accurate and complete in order to promote the usefulness and integrity of the performance measures.

3.2 Establishing Voluntary Early Learning Guidelines (Component #2)

For purposes of this section, voluntary early learning guidelines (also referred to as early learning and development standards) include the expectations for what children should know (content) and be able to do (skills) at different levels of development. These standards provide guidelines, articulate developmental milestones, and set expectations for the healthy growth and development of young children. The term early learning guidelines (ELGs) refers to age-appropriate developmental learning guidelines for infants and toddlers and school-age children. These early learning guidelines are voluntary because States/Territories are not required to develop such guidelines or implement them in a specified manner.

3.2.1 Has the State/Territory developed voluntary early learning guidelines for children? Check any early learning guidelines the State/Territory has
Birth-to-three
Three-to-five
Five years and older
None. Skip to 3.2.6.

If yes, insert web addresses, where possible:

Which State/Territory agency is the lead for the early learning guidelines?
Hawaii Executive Office on Early Learning

3.2.2 Do the early learning guidelines cover a range of domains across physical, cognitive, and social and emotional development? Check all that apply for each age group as applicable in the chart below. Because States vary in their domain names and which domains to include, we have used the domains identified in the Head Start Child Development and Early Learning Framework for reference purposes.

3.2.4 Are voluntary early learning guidelines incorporated into other parts of the child care system? Check which ways, if any, the State/Territory incorporates its early learning guidelines into other parts of the child care system.

Effective Date: 01-OCT-13

☐ To define the content of training required to meet licensing requirements  
☐ To define the content of training required for program quality improvement standards (e.g., QRIS standards)  
☑ To define the content of training required for the career lattice or professional credential
To require programs in licensing standards to develop curriculum/learning activities based on the voluntary ELGs
To require programs in quality improvement standards to develop curriculum/learning activities based on the voluntary ELGs
To develop State-/Territory -approved curricula
Other.

None.

3.2.5 Are voluntary early learning guidelines and development standards aligned with into other parts of the child care system? Check the standards, if any, with which the State/Territory aligns its early learning guidelines.

Effective Date: 01-OCT-13

Cross-walked to align with Head Start Child Development and Early Learning Framework
Cross-walked to align with K-12 content standards
 Cross-walked to align with State/Territory pre-k standards
Other.

None.

3.2.6 Describe how your State/Territory uses ongoing assessments and measures of school readiness assessment using the following series of questions. In this section, assessment is framed with two distinct purposes/tools - 1) ongoing assessment of children's progress within the classroom to improve and individualize instruction (this corresponds to 3.2.6a) and 2) assessments conducted within pre-kindergarten and/or at kindergarten entry to inform policymakers about the school readiness of children across the State on a broad range of domains, used to guide program initiatives (this corresponds to 3.2.6b).

In the description for each Yes response, please include a) who administers, and b) how often assessments are conducted, and c) what assessment tools are used.

Effective Date: 01-OCT-13

a) Are programs required to conduct ongoing assessments of children's progress of children using valid, reliable and age-appropriate tools aligned with the early learning guidelines or other child standards?
Yes.
Describe:
a-1) If yes, are programs encouraged to use information from ongoing assessments to improve practice and individual children’s needs?

☐ Yes.
Describe:

☐ No

☐ Other.
Describe:

a-2) If yes, is information on child’s progress reported to parents?

☐ Yes.
Describe:

☐ No

☐ Other.
Describe:

b) Does the State/Territory use tools that are valid, reliable and age-appropriate to track the readiness of children within pre-kindergarten and/or as they enter kindergarten?

☐ Yes.
Describe:

Kindergarten teachers participate in the Hawaii State School Readiness Assessment which is an on-line survey that asks teachers about the readiness of their incoming kindergarteners.

b-1) If yes, do the tools cover the developmental domains identified in 3.2.2?

☐ Yes.
Describe:

The assessment tool covers some, but not all of the domains listed.

☐ No

☐ Other.
Describe:

b-2) If yes, are the tools used on all children or samples of children?
☐ All children.
Describe:

☐ Samples of children.
Describe:

☐ Other.
Describe:

The assessment tool teachers complete assesses the school readiness of their classrooms as a whole, not for each individual child.

b-3) If yes, is the information from the school readiness measures used to target program quality improvement activities?
☐ Yes.
Describe:

☐ No

☐ Other.
Describe:

The assessment is used mainly as a way for kindergarten teachers to assess the needs of the class in order to provide extra support to their students in different areas. It can also provide early learning programs with general guidance as to areas to improve upon to bolster students’ readiness in the various domains.

☐ No

☐ Other.
Describe:

c) Is school readiness information linked to the statewide longitudinal data system (SLDS, program of the Department of Education)?
☐ Yes.
Describe:
No

☐ Not applicable. State does not have an SLDS.

3.2.7 Data & Performance Measures on Voluntary Early Learning Guidelines  (Click for additional instructions)

Effective Date: 01-OCT-13

a) **Data on voluntary early learning guidelines.** Indicate if the Lead Agency or another agency has access to data on:

- **☑** Number/percentage of child care providers trained on ELG’s for preschool aged children.
  Describe (optional):

- **☑** Number/percentage of child care providers trained on ELG’s for infants and toddlers.
  Describe (optional):

- **☑** Number of programs using ELG’s in planning for their work.
  Describe (optional):

- **☐** Number of parents trained on or served in family support programs that use ELG’s.
  Describe (optional):

- **☐** Other.
  Describe:

- **☐** None.

b) **Performance measurement.** What, if any, are the Lead Agency’s performance measures related to dissemination and implementation of the early learning guidelines?

  None

c) **Evaluation.** What are the State/Territory's plans, if any, for evaluation related to early learning guidelines? Evaluation can include efforts related to monitoring implementation of an initiative validation of standards or program assessment tools, or looking at
outcomes in programs or the system and may be ongoing or conducted periodically.

Evaluation for the progress of children may be included as part of the QRIS initiative.

3.2.8 Goals for the next Biennium -
In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). What are the Lead Agency’s goals for using voluntary early learning guidelines in the coming biennium? What progress does the Lead Agency expect to make related to early learning guidelines?

Effective Date: 01-OCT-13

Goal #1:
For programs voluntarily participating and meeting Levels 3 -5 in the state’s QRIS initiative to develop tools and provide technical assistance to programs to voluntarily align their program curricula with the Hawaii Early Learning and Development Standards (HELDS) by end of FFY 15. The EOEL in collaboration with the department and ELAB partners will plan a strategy to infuse the HELDS within the early learning system, from courses and training offered to caregivers/practitioners as well as evaluation tools.

3.3 Creating Pathways to Excellence for Child Care Programs through Program Quality Improvement Activities (Component #3) (Click for additional instructions)

Effective Date: 01-OCT-13

a) Describe which entities are involved in planning and administering the program quality improvement activities in 3.3, including State/Territory entities and local or community level entities.

The EOEL and the department will be involved in the planning and administration of the QRIS initiative, which is contracted to the University of Hawaii Center on the Family to administer the QRIS pilot program and have an independent evaluation of the pilot project conducted. The Center on the Family has partnered with Honolulu Community College, Hawaii Association for the Education of Young Children, and People Attentive to Children to provide various services in the QRIS pilot implementation.

3.3.1 Element 1 - Program Standards

Definition - For purposes of this section, program standards refers to the expectations for quality, or quality indicators, which identify different levels of and pathways to improved quality. Minimum licensing standards and health and safety requirements provided in section 3.1 are also program standards but in this section, we focus on those standards that build upon and go beyond those minimum requirements.
a) Does your State/Territory's have quality improvement standards that include indicators covering the following areas beyond what is required for licensing? Check any indicators, if any, that your State/Territory has chosen to establish.

☐ Ratios and group size
☐ Health, nutrition and safety
☐ Learning environment and curriculum
☐ Staff/Provider qualifications and professional development
☐ Teacher/providers-child relationships
☐ Teacher/provider instructional practices
☐ Family partnerships and family strengthening
☐ Community relationships
☐ Administration and management
☐ Developmental screenings
☐ Child assessment for the purposes of individualizing instruction and/or targeting program improvement
☐ Cultural competence
☐ Other.

Describe:

Working with children with special needs.

☐ None. If checked, **skip to 3.3.2.**

b) Does your State/Territory have quality improvement standards with provisions about the care of any of these groups of children? Check any provisions your State/Territory has chosen to establish.

☐ Children with special needs as defined by your State/Territory
☐ Infants and toddlers
☐ School-age children
☐ Children who are dual language learners
☐ None

c) How do your State/Territory’s quality standards link to State/Territory licensing requirements? Check any links between your State/Territory’s quality standards and licensing requirements.

☐ Licensing is a pre-requisite for participation
☐ Licensing is the first tier of the quality levels
☐ State/Territory license is a "rated" license.
☐ Other.
d) Do your State/Territory’s quality improvement standards align with or have reciprocity with any of the following standards? Check any alignment, if any, between your State/Territory’s quality standards and other standards.

☐ Programs that meet State/Territory pre-k standards are able to meet all or part of the quality improvement standards (e.g., content of the standards is the same, or there is a reciprocal agreement between pre-k and the quality improvement system)
☐ Programs that meet Federal Head Start Performance Standards are able to meet all or part of the quality improvement standards (e.g., content of the standards is the same, or there is a reciprocal agreement between Head Start and the quality improvement system)
☑ Programs that meet national accreditation standards are able to meet all or part of the quality improvement standards (e.g., content of the standards is the same, or an alternative pathway to meeting the standards)
☐ Other. Describe:

☐ None.

3.3.2 Element 2 - Supports to Programs to Improve Quality

Definition - For purposes of this section, supports to programs to improve quality refers to such activities as technical assistance and consultation services for programs to assist in meeting child care quality improvement standards.

Effective Date: 01-OCT-13

a) Check which types of and for what purposes the State/Territory uses supports to child care programs, if any, in the following chart. If none, skip to 3.3.3.

c) Is technical assistance linked to entering the QRIS or targeted to help programs forward on QRIS?

- Yes.

Describe:
For programs entering QRIS, there is a mandatory orientation session that describes the QRIS process, an overview of the assessment tools, and the many supports available to programs to assist in programs moving up to higher levels of quality. After a program is enrolled into the QRIS pilot, the technical assistance is individualized to meet the program’s needs. This is done following a self-assessment using the ERStool and TA guidance provided both prior to and after the independent assessment is completed by a trained assessor and the independent evaluation report. Technical assistance will also be provided prior to and subsequent to the development of a Quality Improvement Plan by the program.

- No
- Other. Describe:

3.3.3 Element 3 - Financial Incentives and Supports

Definition - For purposes of this section, financial incentives refers to the types of monetary supports offered to programs in meeting and sustaining licensing and QRIS or other child care quality improvement standards for programs.

Effective Date: 01-OCT-13

a) Identify which types of financial incentives are offered and to which providers in the following chart. Check which incentives and supports, if any, the State/Territory chooses to offer. If none, skip to 3.3.4.

### 3.3.4 - Element 4 - Quality Assurance and Monitoring

**Definition** - For purposes of this section, quality assurance and monitoring refers to the ways that the State/Territory measures program quality for the purposes of its QRIS or other quality improvement system and the methods for measuring that the child care quality improvement standards for programs are met initially and maintained over time.

Effective Date: 01-OCT-13

b) What steps, if any, has the State/Territory taken to align quality assurance and monitoring across funding streams and sectors in order to minimize duplication?

☑ Have a mechanism to track different quality assessments/monitoring activities to avoid duplication
☐ Include QRIS or other quality reviews as part of licensing enforcement
☐ Have compliance monitoring in one sector (e.g., Head Start/Early Head Start, State/Territory pre-k) serve as validation for compliance with quality improvement system (e.g., QRIS) without further review
☐ Have monitoring for meeting accreditation standards serve as validation for compliance with quality improvement system (e.g., QRIS) without further review
☐ Other.
Describe:

☐ None.

3.3.5 - Element 5 - Outreach and Consumer Education

Definition - For purposes of this section, outreach and consumer education refers to the strategies used to promote the child care quality improvement standards to parents, programs and the general public.

Effective Date: 01-OCT-13

a) Does the State/Territory use symbols or simple icons to communicate levels of quality for child care programs beyond what may communicated to parents about licensing status and licensing compliance as reported in 3.1.3? (e.g. stars, or gold/silver/bronze levels).

☐ Yes. If yes, how is it used?

☐ Resource and referral/consumer education services use with parents seeking care

☐ Parents enrolling in child care subsidy are educated about the system and the quality level of the provider that they are selecting
Searchable database on the web

☐ Voluntarily, visibly posted in programs

☐ Mandatory to post visibly in programs

☐ Used in marketing and public awareness campaigns

☐ Other.

Describe:

☐ No. If no, **skip to 3.3.6.**

b) Does the State/Territory use any forms of media to reach parents and the public to communicate about levels of quality for child care programs? Check which forms, if any, the State/Territory uses to communicate levels of quality for child care programs.

☐ Print

☐ Radio

☐ Television

☐ Web

☐ Telephone

☐ Social Marketing

☐ Other.

Describe:
c) Describe any targeted outreach for culturally and linguistically diverse families.

3.3.6. Quality Rating and Improvement System (QRIS)

Effective Date: 01-OCT-13

a) Based on the five key elements of a QRIS described above in 3.3.1 through 3.3.5, does your State/Territory have a quality rating and improvement system (QRIS) or similar quality improvement system in place?

☐ Yes, the State/Territory has a QRIS or similar quality improvement system that includes linked activities in all five elements operating State/Territory-wide.

☐ Participation is voluntary for:

☐ Participation is mandatory for:

☑ Yes, the State/Territory has a QRIS or similar quality improvement system that includes linked activities in all five elements operating as a pilot or in a few localities but not State/Territory-wide.

☐ No, the State/Territory does not have a QRIS or similar quality improvement system that includes linked activities in all five elements.

☐ State/Territory is in the development phase
☐ State/Territory has no plans for development

☐ Other.

Describe:
b) If yes to 3.3.6a, **CHECK** the types of providers eligible to participate in the QRIS:

- [x] Child care centers
- [x] Group child care homes
- [x] Family child care homes
- [ ] In-home child care
- [ ] License exempt providers
- [ ] Early Head Start programs
- [x] Head Start programs
- [ ] Pre-kindergarten programs
- [ ] School-age programs
- [ ] Other.

Describe:

3.3.7. If the State/Territory has or will have any quality improvement strategies for targeted groups of providers (e.g., relative caregivers or caregivers who are legally exempt from licensing) that are not described in your responses to any question in section 3.3 above,

please describe:

3.3.8 Data & Performance Measures on Program Quality  (Click for additional instructions)

Effective Date: 01-OCT-13

a) Data on program quality. Indicate if the Lead Agency or another agency has access to data on:

☑ Data on the quality level for individual programs (e.g. QRIS level) as defined by your State/Territory.

Describe (optional)

For programs voluntarily participating in the QRIS pilot.

☑ Number of programs that move program quality levels annually (up or down).

Describe (optional)

For programs voluntarily participating in the QRIS pilot.

☑ Program scores on program assessment instruments.

List instruments:

PAS/BAS and ERS

Describe (optional)

Tools being used in the QRIS pilot.

☑ Classroom scores on program assessment instruments.

List instruments:

CLASS

Describe (optional)

Tools being used in the QRIS pilot.
Qualifications for teachers or caregivers within each program.

Describe (optional)

Provider Registry

Number/Percentage of children receiving CCDF assistance in licensed care.

Describe (optional)

Percentage determined on enrollment figures at time of assessment.

Number/percentage of children receiving CCDF assistance who attend care at each of the tiers of the quality as defined by the State/Territory

Number/Percentage of programs receiving financial assistance to meet higher program standards.

Describe (optional)

For programs voluntarily participating in the QRIS pilot.

Other.

Describe:

Family Child Care providers enrolled in the Quality Care Program who receive training and technical assistance, even if not participating in the voluntary QRIS pilot and programs enrolled in NAEYC accreditation project.

None.

b) Performance measurement. What, if any, are the Lead Agency's performance measures on program quality?

This information is collected with the assessment tools (i.e. CLASS, ERS, PAS/BAS) and other measures (i.e. NAEYC and NAFCC accreditation).

c) Evaluation. What, if any, are the State/Territory’s plans for evaluation related to program quality? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in
programs or the system and may be ongoing or conducted periodically.

Hawaii’s QRIS pilot initiative began in Spring of 2012. A Listening Tour preliminary feedback study of participating providers was conducted in early 2013 to receive initial feedback from the providers as to the initial assessment process and any modifications recommended to the process.

The pilot is addressing the following issues:
- Cost analysis of various quality improvement efforts, like quality grants, coaching, and training opportunities, and the degree of overall quality improvement associated with them.
- Threshold scores on standardized tools and practitioner Registry level for QRIS levels.
- If provisions for special groups (children with special needs, English Language Learners, infants and toddlers, etc.) need to be separated out of the program standards and indicators or if the inclusive approach is able to address their needs.
- Identification of existing infrastructure supports in programs and Family Child Care homes and analysis of how they can best be used for QRIS purposes.
- Evaluation of effectiveness of QRIS design in promoting desired quality improvement outcomes for licensed programs.

3.3.9 Goals for the next Biennium
In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium. Lead Agencies are encouraged to include measurable and achievable goals. Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies are not required to establish a goal for each sub-section in 3.3. What are the State/Territory’s goals for the program quality improvement system in the coming biennium? What progress does the State/Territory expect to make across the five key elements for quality improvement systems?

Effective Date: 01-OCT-13

Goal #1:
Program standards: as research on the pioneering QRIS states is released, revisiting Hawaii’s standards to ensure they are the best predictors of quality in an early childhood education program. During the pilot, it will be evaluated if additional program standards are necessary for special groups or if our inclusive approach meets the needs of those groups. When the CLASS releases its toddler assessment, it will be reviewed to see if it effectively evaluates our indicators of quality.

Goal #2:
Supports to programs to improve quality: As the QRIS pilot initiative continues into its second year of implementation and expansion, documenting and defining the most effective methods of coaching or technical assistance delivery and support for programs. During this time, there will also be the goal of identifying the supports that exist within programs. We will assist programs in development of their internal resources so that the programs will be able to sustain supports to their own program staff with some support from the QRIS program.

Goal #3:
Financial incentives and supports: continue development of outside, private funding to increase financial supports to programs applying for the Quality Improvement grants to assist in quality improvement achievement and progression.

Goal #4:
Quality assurance and monitoring: maintain the new Quality Care Program data management system which will include the information collected for QRIS purposes and analyze data for validation and evaluation purposes.

Goal #5:
Outreach and consumer education: As the pilot moves to statewide implementation, the outreach to programs to promote participation in the QRIS will begin. Marketing and public education need to be developed for recruitment purposes to programs as well as consumer awareness and understanding to drive demand and encourage programs to participate in the QRIS.

3.4 Pathways to Excellence for the Workforce - Professional Development Systems and Workforce Initiatives (Component #4)

Pathways to excellence for the workforce builds on the significant investments States and Territories have made in the area of professional development systems to ensure a well-qualified workforce with opportunities for growth from entry level through master teacher, with an increasing emphasis on the many additional roles in the child care system (e.g. adult educators such as consultants, technical assistance providers, trainers, and higher education faculty). In this section, States and Territories provide a self-assessment on current professional development and workforce activities and describe their goals for the upcoming Biennium.

For purposes of this section, States and Territories will respond according to five key elements for workforce systems:

1) Core Knowledge and Competencies
2) Career Pathways (or Career Lattice)
3) Professional Development Capacity
4) Access to Professional Development
5) Compensation, Benefits and Workforce Conditions

Effective Date: 01-OCT-13

a) Describe which entities are involved in planning and administering the activities in Section 3.4, including State/Territory entities and local or community level entities.

The HawaiiCareers for Young Children (HCYC) is the entity responsible for crafting and integrating all aspects of the professional development system within the state. The HCYC is comprised of individuals from higher education, the Head Start Association, child care providers, state agencies, private organizations, county representatives, and representatives from the Provider Registry.
3.4.1 Workforce Element 1 - Core Knowledge and Competencies

**Definition** - For purposes of this section, core knowledge and competencies (CKCs) refers to the expectations for what the workforce should know (content) and be able to do (skills) in their role working with and/or on behalf of children and their families. These CKCs provide a foundation for professional development design (including instructional practices) and other quality improvement efforts.

Effective Date: 01-OCT-13

a) Has the State/Territory developed core knowledge and competencies (CKCs) for practitioners working with and/or on behalf of children?

☑ Yes
☐ No, the State/Territory has not developed core knowledge and competencies. **Skip to question 3.4.2.**

☐ Other.
Describe:

N/A

If yes, insert web addresses, where possible:
http://www.patchhawaii.org/files/content/providers/center/careers/ASK%20Booklet.pdf

b) Check which of the following teaching and learning topics, if any, are covered in the CKCs.

☑ Child growth, development and learning
☑ Health, nutrition, and safety
☑ Learning environment and curriculum
☑ Interactions with children
☑ Family and community relationships
☑ Professionalism and leadership
☐ Observation and assessment
☑ Program planning and management
☐ Diversity
☐ Other.
Describe:

N/A
c) Are the CKCs incorporated into other parts of the child care system? Check which ways, if any, the State/Territory incorporates its CKCs into other parts of the child care system.

☐ To define the content of training required to meet licensing requirements
☐ To define the content of training required for program quality improvement standards (as reported in section 3.3)
☐ To define the content of training required for the career lattice or credential
☐ To correspond to the early learning guidelines
☐ To define curriculum and degree requirements at institutions of higher education
☐ Other.
Describe:

None.

d) Are the CKCs aligned with other State/Territory or national standards? Check which ways, if any, the State/Territory aligns its CKCs with other standards.

☐ Cross-walked with the Child Development Associate (CDA) competencies
☐ Cross-walked with national teacher preparation standards (e.g., NAEYC standards for early childhood professional preparation, National Board of Professional Teaching Standards, National Council for Accreditation of Teacher Education/Council for the Accreditation of Educator Preparation, Head Start SOLAR staff skills indicators)
☐ Cross-walked with apprenticeship competencies
☐ Other.
Describe:

N/A

None.

e) Check for which roles, if any, the State/Territory developed supplemental or specialized competencies.

☑ Staff working directly with children in centers, including aides, assistants, teachers, master teachers.
Describe:

The CKC defines what all practitioners in all ECE roles and settings are required to know and be able to do.
Providers working directly with children in family child care homes, including aides and assistants.
Describe:

The CKC defines what all practitioners in all ECE roles and settings are required to know and be able to do.

Administrators in centers (including educational coordinators, directors).
Describe:

The CKC includes competencies for administrators in centers that include the management aspects of the role.

Technical assistance providers (including mentors, coaches, consultants, home visitors, etc.).
Describe:

N/A

Education and training staff (such as trainers, CCR&R staff, faculty).
Describe:

Higher education faculty are covered by their systems performance standards. CKCs were also developed for community-based trainers who provide clock hour professional development.

Other.
Describe:

Our state includes Family Child Interaction Learning (FCIL) Programs and Home Visitor programs that employ ECE practitioners. The CKCs also address these roles.

None.

f) Check if the State/Territory has developed any supplemental or specialized competencies for practitioners/providers working with the following ages.

Birth-to-three
Three-to-five
Five and older
Other.
Describe:
3.4.2 Workforce Element 2 - Career Pathways

**Definition** - For purposes of this section, career pathways (or career lattice) defines the options and sequence of qualifications and ongoing professional development to work with children. Career pathways assist professionals in understanding their career options and identify steps for advancement for the workforce recognizing and rewarding higher levels of preparation and mastery of practice to promote higher quality services for children.

Effective Date: 01-OCT-13

**a)** Does the State/Territory have a career pathway which defines the sequence of qualifications related to professional development (education, training and technical assistance) and experience required to work with children?

- [X] Yes.

Describe:

The HCYC developed a framework document that specifies increasing education, training, and experience requirements for a career lattice. The HCYC is currently in the process of updating and revising the Hawaii ECE Career Lattice and Framework.

- [ ] No, the State/Territory has not developed a career pathway. **Skip to question 3.4.3.**

**b)** Check for which roles, if any, the career pathway (or lattice) include qualifications, specializations or credentials.

- [ ] Staff working directly with children in centers, including aides, assistants, teachers, master teachers.

Describe:

N/A

- [ ] Providers working directly with children in family child care homes, including aides and assistants.
Describe:

N/A

- Administrators in centers (including educational coordinators, directors).
  Describe:
  N/A

- Technical assistance providers (including mentors, coaches, consultants, home visitors, etc.).
  Describe:
  N/A

- Education and training staff (such as trainers, CCR&R staff, faculty).
  Describe:
  N/A

- Other.
  Describe:
  The current Career Lattice and Framework is not tied to jobs and roles. HCYC is in the process of updating and revising the document.

- None.

c) Does the career pathway (or lattice) include specializations or credentials, if any, for working with any of the following children?

- Infants and toddlers
- Preschoolers
- School-age children
- Dual language learners
- Children with disabilities, children with developmental delays, and children with other special needs
- Other.
  Describe:
  The current Career Lattice and Framework works in alignment with the state group child care licensing matrix.

- None.
d) In what ways, if any, is the career pathway (or lattice) used?

- Voluntary guide and planning resource
- Required placement for all practitioners and providers working in programs that are licensed or regulated in the State/Territory to serve children birth to 13
- Required placement for all practitioners working in programs that receive public funds to serve children birth to 13
- Required placement for adult educators (i.e., those that provide training, education and/or technical assistance)
- Required placement for participation in scholarship and/or other incentive and support programs
- Required placement for participation in the QRIS or other quality improvement system
- Other.

Describe:

N/A

None.

e) Are individuals' qualifications, professional development, and work experience verified prior to placement on the career pathway (or lattice)?

- Yes.

If yes, describe:

Practitioners are required to submit documentation to the Provider Registry that verifies their education, training, and experience to determine what level they qualify for on the Career Lattice and Framework.

- No.

3.4.3 Workforce Element 3 - Professional Development Capacity

**Definition** - For purposes of this section, professional development incorporates higher education, training and technical assistance. Higher education capacity refers to capability of the higher education system to meet the needs of the diverse workforce including the provision of content that addresses the full range of development and needs of children. Training and technical assistance capacity refers to capability of the training and technical assistance system to meet the needs of the diverse workforce including the provision of content that addresses the full range of development and needs of children. Early childhood includes infants, toddlers and preschoolers.
a) Has the State/Territory assessed the availability of degree programs in early-childhood education, school-age care or youth development, and related fields in the State/Territory (e.g., both physical location and distance-based, accessibility to practitioners, etc.)?

漉Yes.  
If yes, describe:

Greater education professionals in ECE have formal gatherings to discuss the availability and accessibility of ECE courses. In their discussions, they are trying to address these issues and creating alternative methods of delivery of classes (i.e. online training) to have more classes accessible to individuals. The EOEL has contracted a vendor to also conduct an independent inventory and assessment of available programs and course offerings available to practitioners in Hawaii to identify gaps in the professional development system as well as areas that are working effectively.

漉No.

b) Has the State/Territory assessed the availability of early-childhood and school-age and related training and technical assistance programs in the State/Territory (e.g., both physical location and distance-based, degree level, etc.)?

漉Yes.  
If yes, describe:

The HCYC is aware of training available to all practitioners. Technical assistance and coaching is available through limited resources. The department has contracted an organization to provide community-based training and requires that the trainings be available and accessible to all communities. The organization is currently working on expanding the number of trainings that can be taken online to increase accessibility.

漉No.

C) What quality assurance mechanisms, if any, are in place for the degree programs and courses offered by the State/Territory institutions?

漉Standards set by the institution  
漉Standards set by the State/Territory higher education board  
漉Standards set by program accreditors  
漉Standards set by State/Territory departments of education  
漉Standards set by national teacher preparation accrediting agencies  
漉Other.
d) What quality assurance mechanisms, if any, are in place for the training and technical assistance programs offered by the State/Territory?

☑ Training approval process.
Describe:

N/A

☐ Trainer approval process.
Describe:

N/A

☐ Training and/or technical assistance evaluations.
Describe:

N/A

☐ Other.
Describe:

N/A

☑ None.

e) Does the State/Territory have articulation agreements in place across and within institutions of higher education?

☑ Yes.
If yes, describe:

There are articulation agreements in place across and within institutions of higher education within the state. This is also monitored within the group of higher education representatives that meet regularly to discuss ways to increase the availability and accessibility of higher education courses.

☐ No.
f) Does the State/Territory have articulation agreements that translate training and/or technical assistance into higher education credit?

☐ Yes.
If yes, describe:

There are training classes offered by community colleges that can be translated into higher education credit

☐ No.

3.4.4 Workforce Element 4 - Access to Professional Development

**Definition** - For purposes of this section, access to professional development (training, education and technical assistance) refers to the degree to which practitioners are made aware of, and receive supports and assistance to utilize, professional development opportunities.

Effective Date: 01-OCT-13

a) Does the State/Territory have professional development opportunities accessible for professionals in various or all sectors of the early childhood and school-age field?

☐ Yes. If yes, for which sectors?
☐ Child care
☐ Head Start/Early Head Start
☐ Pre-Kindergarten
☐ Public schools
☐ Early intervention/special education
☐ Other.
Describe:

☐ No.

b) Does the State/Territory have a State/Territory-wide, coordinated and easily accessible clearinghouse of information about professional development opportunities available to all members of the early childhood and school-age workforce? Lead Agencies are not required to have a professional development system, but States/Territories may develop such clearinghouses to promote access to professional development opportunities.

☑ Yes.
The Career Access and Navigation of Early Childhood Systems (CANOES) website is the clearinghouse for all ECE workforce and professional development information. The website was launched in early 2013.

No.

Insert web addresses, where possible: http://www.canoes-hawaii.com/

c) What supports, if any, does the State/Territory provide to promote access to training and education activities?

☑ Scholarships.
Describe:
Scholarships are available through the department’s contracted organization which provides training. The scholarships may be used toward coursework in ECE.

☑ Free training and education.
Describe:
The department’s contracted organization offers community-based trainings at no charge to potential and current child care providers.

☐ Reimbursement for training and education expenses.
Describe:
N/A

☐ Grants.
Describe:
N/A

☐ Loans.
Describe:
N/A

☐ Loan forgiveness programs.
Describe:
N/A
☐ Substitute pools.  
Describe:

N/A

☐ Release time.  
Describe:

N/A

☐ Other.  
Describe:

N/A

☐ None.

d) Does the State/Territory have career advisors for early childhood and school-age practitioners?

☐ Yes.  
If yes, describe:

Career counseling is available through the department’s contracted Provider Registry service.

☐ No.

e) Does the State/Territory have mentors, coaches, consultants, and/or other specialists available to provide technical assistance to the workforce?

☐ Yes.  
If yes, describe:

☐ No.

3.4.5 Workforce Element 5 - Compensation, Benefits and Workforce Conditions Definition - For purposes of this section, rewards for education and training refers to any financial supports provided to practitioners for participating in and completing education or training or for increasing compensation.
a) Does the State/Territory have a salary or wage scale for various professional roles?

☐ Yes.
If yes, describe:

N/A

☑ No.

b) Does the State/Territory provide financial rewards for participation in professional development, such as one-time salary bonuses for completing a training or education program?

☐ Yes.
If yes, describe:

N/A

☑ No.

c) Does the State/Territory provide sustained financial support on a periodic, predictable basis, such as annual wage supplements, based on the highest level of training and education achieved?

☐ Yes.
If yes, describe:

N/A

☑ No.

d) Does the State/Territory have a program to offer or facilitate benefits (e.g. health insurance coverage, retirement, etc.) to the workforce?
Yes.
If yes, describe:

N/A

No.

3.4.6 Data & Performance Measures on the Child Care Workforce - What data elements, if any, does the State/Territory currently have access to related to the child care workforce? What, if any, does the State/Territory use for performance measures on professional development and workforce initiatives? The purpose of these questions is for Lead Agencies to provide a description of their capacity to provide information, not to require Lead Agencies to collect or report this information. For any data elements checked in (a) below, Lead Agencies may provide an optional description about the data they have access to (e.g., the Lead Agency may have data for only licensed programs, only programs caring for children receiving CCDF subsidies, only providers participating in quality improvement systems, or only for certain age groups (e.g., infants and toddlers or school-age children).

Effective Date: 01-OCT-13

a) Data on the child care workforce. Indicate if the Lead Agency or another agency has access to data on:

☐ Data on the size of the child care workforce.
Describe (optional):
Information is captured in an electronic system about the workforce in licensed preschools and infant/toddler centers.

☐ Data on the demographic characteristics of practitioners or providers working directly with children.
Describe (optional):
Information is captured in an electronic system about each practitioner in licensed preschools and infant/toddler centers.

☐ Records of individual teachers or caregivers and their qualifications.
Describe (optional):
Information is captured in an electronic system that indicates the educational, training, and experience qualifications of each practitioner in licensed preschools and infant/toddler centers.
☐ Retention rates.  
Describe (optional):  

N/A

☐ Records of individual professional development specialists and their qualifications. 
Describe (optional):  

N/A

☐ Qualifications of teachers or caregivers linked to the programs in which they teach. 
Describe (optional):  

Information about each practitioner is captured in an electronic system, and the practitioner is associated to a specific licensed program.

☐ Number of scholarships awarded.  
Describe (optional):  

The number of scholarships awarded is known only as it relates to the department’s contracted service that distributes the scholarships.

☐ Number of individuals receiving bonuses or other financial rewards or incentives.  
Describe (optional):  

N/A

☐ Number of credentials and degrees conferred annually.  
Describe (optional):  

N/A

☐ Data on T/TA completion or attrition rates.  
Describe (optional):  

N/A

☐ Data on degree completion or attrition rates.  
Describe (optional):  

N/A
b) Does the State/Territory have a workforce data system, such as a workforce registry, which tracks workforce demographics, compensation, and qualifications and ongoing professional development for practitioners working with children birth to age 13?

**Definition** - For purposes of this section, a workforce data system refers to a system, such as a workforce registry, that tracks the size and characteristics of the child care workforce, including longitudinal data to monitor changes over time. The data system also can produce records to validate and verify qualifications or ongoing professional development for licensing, accreditation, QRIS, wage incentives, and credentials.

☑ Yes.

b-1) If yes, which roles are included in the workforce data system? For each role checked, indicate in your description whether participation is voluntary or mandatory.

☑ Staff working directly with children in centers, including aides, assistants, teachers, master teachers.

Describe:

Information about each practitioner’s education, training, and experience qualifications is required to be submitted to the department’s contracted Provider Registry service as it relates to qualifying for positions in a licensed preschools or infant/toddler center. Participation for staff working at licensed center-based facilities is mandatory.

☑ Providers working directly with children in family child care homes, including aides and assistants.

Describe:

Participation would be voluntary. If provided to the contracted Provider Registry, the family child caregiver’s information would be captured.

☑ Administrators in centers (including educational coordinators, directors).

Describe:

Information about each director’s education, training, and experience qualifications is required to be submitted to the department’s contracted Provider Registry service as it relates to qualifying for positions in a licensed preschools or infant/toddler center. Participation for staff working at licensed center-based facilities is mandatory.

☐ Technical assistance providers (including mentors, coaches, consultants, home
visitors, etc.).
Describe:

N/A

Education and training staff (such as trainers, CCR&R staff, faculty).
Describe:

N/A

Other.
Describe:

N/A

None.

b-2) Does the workforce data system apply to:

☑ all practitioners working in programs that are licensed or regulated by the State/Territory to serve children birth to 13?
☐ all practitioners working in programs that receive public funds to serve children birth to age 13?
☐ No.

c) Performance measurement. What, if any, performance measures does the State/Territory use related to its workforce and professional development systems?

None

d) Evaluation. What, if any, are the State/Territory's plans for evaluation related to its workforce and professional development systems? Evaluation can include efforts related to monitoring implementation of an initiative, validation of standards or assessment tools, or looking at outcomes in programs or the system and may be ongoing or conducted periodically.

The QRIS will utilize CLASS as one of the tools to evaluate the workforce and professional development of practitioners. The EOEL has contracted a vendor to also conduct an independent inventory and assessment of available programs and course offerings available to practitioners in Hawaii to identify gaps in the professional development system as well as areas that are working effectively.

3.4.7 Goals for the next Biennium -
In this section, Lead Agencies are asked to identify at least one goal for the upcoming biennium and are
encouraged to identify no more than five priority goals total. ACF will target technical assistance efforts to help Lead Agencies achieve their goal(s). Lead Agencies may include existing goals (e.g., already identified in a State strategic plan or established by the Governor for a Lead Agency). Lead Agencies are not required to establish a goal for each sub-section in 3.4. Lead Agencies will report progress and updates on these goals in the annual Quality Performance Report (Appendix 1), including any barriers encountered.

What are the State/Territory's goals for the building the professional development system and improving conditions for the workforce in the coming biennium? What progress does the State/Territory expect to make across the five key elements for the workforce and professional development system described above?

**Note** - When identifying your goals below, Lead Agencies are encouraged to begin with an action verb reflecting the desired result over the two year period (e.g., Increase, Improve, Build, Align, Implement, Review, Revise, Streamline, Expand, etc.)

**Effective Date: 01-OCT-13**

**Goal #1:**
Improve supports to practitioners working directly with children by increasing accessibility to training and higher education courses

**Goal #2:**
Increase quality of interactions with children by providing external evaluations by QRIS assessors to assist in identifying areas that are working well and areas that could use improvement.

**Goal #3:**
Increase the variety of supports available to practitioners, including technical assistance, coaching, mentoring, and types of training to support professional development of current and potential ECE practitioners.
