THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13)

Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

- (3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;
- (4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;
- (5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;
- (6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that—
 - (A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and
 - (B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;
- (7) if the State chooses to pay home energy suppliers directly, establish procedures to --
 - (A) notify each participating household of the amount of assistance paid on its behalf;
 - (B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;

- (C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and
- (D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

- (A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and
- (B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

- (A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and
- (B) the State will pay from non-Federal sources the remaining costs of planning and administering the program assisted under this title and will not use Federal funds for such remaining cost (except for the costs of the activities described in paragraph (16));
- (10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursal of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");
- (11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;
- (12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);
- (13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

- (14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.
- (15) * beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-for-profit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.
- * This assurance is applicable only to States, and to territories whose annual regular LIHEAP allotments exceed \$200,000. Neither territories with annual allotments of \$200,000 or less nor Indian tribes/tribal organizations are subject to Assurance 15.
- (16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.

<u>Certification to the Assurances</u>: As Chief Executive Officer, I agree to comply with the sixteen assurances contained in Title XXVI of the Omnibus Budget Reconciliation Act of 1981, as amended.* By signing these assurances, I also agree to abide by the standard assurances on lobbying, debarment and suspension, and a drug-free workplace.

2605(b)(4)

→ Please describe how you will assure that LIHEAP is coordinated with similar and related programs. The description provided applies to all components unless specifically noted.

(coordination)

Grantee coordinates LIHEAP with the SNAP; TANF; SSI, and lowincome weatherization programs. These programs are encouraged to inform, educate and refer their customers to LIHEAP. Community action provider agencies refer and coordinate with other existing federal, state, and local low-income home energy related programs to share data when not prohibited by law for LIHEAP.

2605(b)(5) 2605(b)(2) 2605(b)(8A)

→ The statute requires that there be no difference in the treatment of households eligible because of their income and those eligible because they receive benefits under TANF, Food Stamps, SSI, or certain means-tested veterans programs ("categorically eligible"). How do you ensure there is no difference when determining eligibility and benefit amounts? This applies to all components unless specifically noted below.

(benefit levels)

There is differentiation between income eligible and categorical household in the setting of payment amounts. In crisis assistance, payment is issued according to the alleviation amount as verified by utility company to restore service, with the same maximum payment for both groups. For cooling assistance, households with the lowest poverty levels of income receive the highest payments without consideration of categorical status.

To provide relief to verify income and assets for LIHEAP categorical households; the State assigns the amount of annual income equal to welfare grant amounts and SNAP limit.

→ How do you make sure the home energy supplier performs what is required in this assurance? If vendor agreements are used, they may be attached. Indicate each component for which this description applies.

For both components, cooling assistance and crisis, Memorandums of Agreements (MOA) are established with 5 Public Utility Companies (PUC) supplying residential energy in Hawaii. Utility companies use standard accounting payment processing systems for subscriber accounts, assuring payment processing systems for subscriber accounts, assuring payments are posted against utility expenses with available balances for the following month's bill.

The utility companies must also make staff available to assist LIHEAP customers with balance inquiries.

The MOA also states that no LIHEAP household is neither treated adversely nor be discriminated against in cost of goods or services provided.

Notices sent to eligible clients informing them of their benefit amount. If the benefit amount is different from the credited amount the name and phone number of the LIHEAP agencies are listed on the notice for inquiries.

(program, fiscal monitoring, and audit)

Community action provider agencies electronically submit names of eligible households to the State office. These files are merged into a State file for additional checks of duplicate case files. After all checks are completed a listing of all eligible customers are sent to the Department's Fiscal Office and the State's Department of Budget and Finance Office for processing.

The Department of Human Services fiscal office follows standard accounting procedures for all federal programs, including LIEHAP. The office uses state accounting manuals of the Department of Accounting and General Services and the statewide Financial Accounting and management Information System (FAMIS).

LIHEAP is also subject to state single audits.

Department accounting staff is not part of LIHEAP. They also track expenditures and cost allocations.

→ How do you monitor program activities? (Please be sure to include a description of how you monitor eligibility and benefit determination.)

LIHEAP managers in all the community agencies are required to review cases for accuracy.

Cases from each community agency are reviewed to ensure compliance with all applicable policies and procedures and accurate payments.

The computer program calculates credits according to the household circumstances entered. The program also prevents duplication of utility accounts and household members. It will also identify error prone cases that require follow up by both the community agencies and the coordinator.

All subscribers are sent to the utility companies for valid utility account information before final payment is processed.

Administrative Hearings rights are on all notices of approval and

→Denials

The Department of Human Services provides an opportunity for an administrative hearing to individuals whose claims for assistance are denied or who claim their application was not acted upon in a timely manner. The procedures for requesting a hearing sis as follows:

- 1. All applicants are notified of their right to file on their notice of approval or denial.
- 2. Applicants must submit a written request for hearing within 60 days of their approval or denial notice.
- 3. All requests for hearings are reviewed along with the case record to ensure proper action was taken on the case.
- 4. A pre-hearing conference may be held. The pre-hearing conference is an informal proceeding between the applicant and the LIHEAP Coordinator or the community action provider. The applicant may authorize a representative to assist in the pre-hearing conference. If the issues are not resolved a hearing will be scheduled.
- 5. A written report of the issue and events that led up to the hearing is prepared. This report is sent to the claimant with their scheduled appointment for hearing.
- 6. The hearing decision may be appealed to the circuit court.

ADDITIONAL CERTIFICATIONS AND REQUIREMENTS

Attached are additional certifications required as follows:

- * Lobbying certification, which must be filed by all States and territories. If applicable, Form LLL, which discloses lobbying payments, must be submitted. (Tribes and tribal organizations are EXEMPT.)
- * **Debarment and suspension certification**, which must be filed by all grantees.
- * **Drug-free workplace requirement certification**, which must be filed by all grantees, unless the grantee has filed a statewide certification with the Department of Health and Human Services. **STATES ONLY:** If you have filed a statewide certification for the drug-free workplace requirement, please check here: X
- * One of the requirements included in the 1994 reauthorization of the statute is that state grantees must include in their annual application for funds a report on the number and income levels of households applying for and receiving LIHEAP assistance, and on the number of recipient households that have members who are elderly, disabled, or young children.
 - All Tribes and those territories with allotments of less than \$200,000 need only submit data on the number of households served by each component (heating, cooling, weatherization and crisis). The approval for the collection of information contained in the LIHEAP Household Report is covered by OMB approval number 0970-0060.
- * Though not a part of this application, the report on funds to be carried over or available for reallotment as required by section 2607(a) for the preceding year must be submitted by August 1 of each year. A grant award for the current fiscal year may not be made until the carryover/reallotment report is received. The approval for the collection of information contained in the **LIHEAP Carryover and Reallotment Report** is covered by OMB approval number 0970-0106.
