Hawaiian Electric suspended collection efforts in March to ensure customers’ electric service was not disrupted during COVID-19-related orders to stay at home. Disconnection notices and disconnections for nonpayment will resume after Sept. 1. Late fees resume after Sept. 15.
To avoid disconnection, customers who are having trouble paying their electric bill must contact Hawaiian Electric to set up a payment plan.

Go to www.hawaiianelectric.com/paymentarrangement for information on available payment plan options. A link to a payment arrangement request form is available on that webpage; the form can be emailed to our customer care team. Submitting the form is the quickest way for customers to start the process.

The company’s walk-in payment centers remain closed until further notice, but there are several payment methods available to customers.

Go to www.hawaiianelectric.com/paymentoptions for payment methods. Customers who prefer to pay in person may do so at no charge at Western Union payment locations at retailers throughout the company’s service territory. The company website lists the locations.
