Housing First Practices

Quick access to housing while providing needed services: clear path and includes choice

Low barrier; high expectations. Continued stay contingent on meeting lease & behavioral expectations. Use Harm Reduction

Staff use assertive engagement strategies to make services attractive & engage clients in services

Staff teach tenancy skills, prevent eviction and connect to landlords & needed community resources
Housing First is *not*

“Housing only”

OR

“Anything goes”
Core Practices in HF

Choice/ Affordability of Housing

Housing is Integrated into the Community

Separation of Housing and Services Lease/Occupancy Agreement Drives Services

Service Philosophy and Service Array
- Low Demand Approach (not no demand)
- Access to Treatment Resources and community Services
- Goal-based Recovery practice

Team Structure, Supervision and Resources
Uses a Harm Reduction approach to issues that impede access or put housing at risk

Assertive Landlord/Property Manager and Support Services coordination

Expectations are set by community and the lease/occupancy agreement

Services are available to help prevent evictions and build tenancy skills
HF Best Practices

- Assertive engagement using motivational techniques
- Comprehensive assessment and housing planning
- Person-centered and recovery oriented
- Based in the community and in the home
- Links to Community Supports: social, spiritual, libraries, sports, arts, recreation
- Individualized
Housing Stabilization Services

Expectations in Permanent Housing

The expectations of a lease or the community do not change and apply to everyone.

Conditions of the lease must be made clear and consistently enforced.

Lease violation issues will often be a reason to seek services.

Workers focus on BEHAVIORS that interfere with functioning as a tenant and as a member of the community.

Discussion: Housing First

As a group, discuss the questions below. Select one person who will record the key elements of your discussion and report back.

• Where are we successful and strong as a community or program on Housing First (HF) principles and practices?
• Where do we need to change to be more of a HF program and/or system?
• What are the barriers to implementing HF principles and practices?
• What supports are needed to be able to fully implement HF?
• **Prioritize and Report Back: What are next 3 things we should do to advance HF?**
Transitions

Assessment and Planning Domains

Areas of Focus for Assessment and Planning

- Housing and homelessness history and barriers to stability
- Income and financial literacy, education/training and employment
- Life skills
- Family, friends, and other supports

Assessment reviews history, current, strengths, barriers and GOALS by domain

Assessment leads to stabilization plan – link personal goals to housing stability
Understand Housing and Homeless History

Housing History –
◦ Places lived, with whom (last 5 years)
◦ Experience as a leaseholder
◦ Roles and responsibilities
◦ What worked
◦ What didn’t

Homelessness History -
◦ Cause of initial episode
◦ Length of time homeless
◦ Places stayed
◦ Routine
◦ Supports
Hand Off to Housing

Each person will know their rights and responsibilities for Housing
Each will know the expectations of each service and workers role

• What can each person expect from the first worker – how will follow up be handled?
• Most teams set up at least weekly meetings to discuss new people and people transferring between programs.
• Ensuring all information is communicated
• Being available to meet with the person and the new worker
• Agreeing to a series of visits
• Agreeing to consult when needed
Focused Service/Housing Stabilization Plans

Limit the areas of intervention
Focus on the most pressing needs that impact stability
Relate all interventions to long term goals
Usually not a linear process
Help people move away from crisis-driven lives
Discussions

Discuss

◦ Three of the most common personal GOALS of the people participating in your programs
◦ Three of the most challenging BEHAVIORAL BARRIERS to following a lease and achieving housing stability
Worker Tasks for Pre-Housing

• Outreach and engagement
• Explain role of staff
• Assess housing and homelessness history
• Identify goals and preferences
• Educate on housing options and expectations
• Develop a Housing Stabilization Plan
• Review lease and teach tenancy skills
• Assist to connect to benefits and income
• Connect to resources to support housing stabilization – treatment and supports
• Help prepare for the transition

Rights of Tenancy

- Right to privacy – no entering apartment without permission or emergency
- Right to safe and well maintained housing – repairs and safety considerations
- Right to due process – no eviction without proper process
Resources for Tenancy Education

HUD Tenant Rights by State

Rentwise: Renters Workbook and Organizer (University of Minnesota):

Move In and first 90 Days in Housing: Worker Role

- Clearly articulate your role
- Accompany to housing, meet with provider, assist apartment set up, and acclimate to the neighborhood and basic services
- Help to develop new schedule and routine – structure and purpose
- Frequent contact with all services, supports and housing provider/landlord
- Develop plan to access needed resources
  - Accompany to resources and teach skills
  - Define role of worker and participant
  - Ensure communication with each services/support
  - Focus on purpose, role, connections and activity

- Handout: Tenant Information Card
Motivating Change

- Keep focus moving forward
- Recognize success
- What are the costs/benefits?
- Several possible directions
- Common Understanding
Motivation for Change

- Behavior-specific (people have different motivations around different issues)
- Person-specific (each person is motivated to change by unique factors)
- Compliance does not equal change
  - Change that occurs because of external pressure tends to be short lived
  - More that someone "owns" (internalizes) the reasons for change, the more likely change will endure
- Change is always hard and motivation gets you through it – confidence and importance
- Motivation fluctuates from one time and situation to another; not a fixed trait
- Motivation can be influenced by outside influence; it does not reside solely in the person

<td>• How can you change if you don’t think it is important?</td>

<tr>
<td>CONFIDENCE</td>

</tbody>
</table>
Support Self-Efficacy

Belief that change is possible is important motivator
There is hope in the range of solutions available
Person is responsible for choosing and carrying out actions to change (and gets the credit!)
Person has been successful – listen to the narrative
Build Confidence based on past skills and successes
  ◦ “Can we talk about when you were applying for housing? You were able to manage the landlord interviews really well.”
Building Skills

- Educating on rights and responsibilities
- **Modeling** for each person/family to negotiate for services
- Trying it out and debrief
- Establishing regular check-ins to see if it is working
- Review cost and benefits – **critical thinking**
- **Recognizing** strong partners and good skills
- Renegotiate the relationship as necessary
Changing Expectations

Moving from crisis to planning
• May be from immediate to 15 minutes from now

Critical thinking
• Using strategies and resources that work best for each person

Structure and purpose
• Developing a structure and purpose to days

Developing new or changed life roles
• From homeless to tenant, family member, student, worker, advocate, artist
Solidifying Linkages to Community Resources
  ◦ This might include: legal assistance, schools for children, religious/spiritual, community treatment and support options

Promote Independent Living Skills
  ◦ Ensure income in place, financial management, tenancy obligations, schedule and role

Ensure Communication Support Systems
  ◦ Monitor progress and connections

Developing Longer Term Plan
  ◦ Look at non-immediate needs such as education planning, career goals, long term plans for a “home”

Continue to use Motivation – Building techniques
Harm Reduction Based On Open Communication

Discuss issues in terms of benefits and costs/consequences (Of changing and not changing)

Harm reduction is not applied in imminent risk situations – worker needs to be assertive
Key Principles and Practices

Person identifies goals and path to achieve them

Raise awareness of risk and strategies to reduce harm

Stopping may be a goal, but alternatives that reduce risk are equally valued

Does not condone risks that can cause serious harm

Recovery as non-linear process

Highly accessible: low barriers, informal
Harm Reduction Eviction Prevention Strategies

- Representative payee or automated rent payments
- Plan for how to socialize without disturbing neighbors
- Carpets, drapes, headphones, air purifiers, fans
- Safety shutoffs on stoves, hot water
- Alternative strategies for substance use
- Home maker services to maintain unit in healthy and safe manner
- Engagement in meaningful and purposeful activity
- Find another unit and landlord agreement to end the lease – “no harm, no foul” but..........................

| Stop smoking pot | • Solve problem with landlord  
• Save money  
• Expand possibilities for employment | • Person has no commitment and frequently relapses  
• PTSD; says marijuana helps |  |
| Find another way to consume marijuana | • May address landlord concern  
• Allows for use for PTSD | • Expense of continuing to consume  
• Legal and employability risk | • Must pay rent |
| Find a substitute | • Resolve nuisance | • May become addicted to Rx meds | • Could increase risks |
Activity

- Using the template provided, develop a Harm Reduction plan for a current participant.
- Identify risk/barrier to stable housing and options to mitigate/eliminate the risk

Meet people where they are, but don’t leave them where they are.

Handout: Harm Reduction Plan
Using the Lease to Structure Case Management Support

One of the goals is for each person to be stably housed and to do so, need to learn how to manage tenancy obligations.

Key to achieving this goal is the active coordination between landlords/property management and support services staff, while maintaining the functional separation

Having separation of functions helps tenants learn by being treated no differently from any other tenant. (Don’t want to create alternate reality)

Problems that threaten tenancy may motivate people to use services in order to keep their housing.
Roles: Landlord/Housing Provider and Support Services

Landlord has a key role in helping people understand their lease obligations and comply with them. (Assertive approach)

Supportive service staff provide and arrange for services needed to access & maintain housing and also function as advocates for the tenant
Recruiting Landlords

Making the pitch

- Support from the service team
- Success stories with other landlords
- Landlord lead in promoting

Build the relationship

- Express appreciation
- Expect landlord to fulfill obligation of decent housing
- Explain need for assertive property management
- Protect confidentiality
Explain role of CM as resource
- Provide contact information
- Ask to be copied on written notices to tenants so as to be able to assist with lease violations

Engage in proactive outreach
- Call each month after rent should have been paid

Identify resources for landlords
- Standard letters for lease violations, other landlords, repairs/weatherization funds
Coordinating Support around Lease Compliance

• Landlords/property managers establish tenancy obligations and enforce them.
• Set up communication structure and arrange for early warning system – reach out monthly
• Focus on eviction prevention and use the structure of the lease to guide your interventions
  • Negotiate ahead of time a clear understanding of landlord process
• Visit the home often
• Probe for any threats to tenancy to prevent eviction
Communicating with Housing Providers

- Clear guidelines about when to talk (monthly call or visit to landlord/property manager)
- Copying case management staff on notices of violations
- Confidential versus public, protected health info
- Policies and Procedures for home visits, resolving problems and role, emergencies, on-call
Working Effectively with Housing Providers

- Be Persistent, Patient And Reachable
- Set up regular meetings
- Provide information that helps them do their jobs
- Recognize landlords in it for different reasons
- Focus on progress and strengths, work to identify barriers
Working Effectively with Housing Providers - 2

- Ask about and understand expectations for participants
- Be on time for appointments and follow up with any information needed
- Understand basics of Housing Quality Standards (HQS) and how subsidy payment contracts work
- Be clear about your level of involvement and keep your promises
Be Pro-Active when Tenancy Threatened

• Continuing education regarding obligations of tenancy
• Ensure tenant is aware of information the landlord needs
  • Additional person, repairs etc.
• Case Manager assists each person in understanding and complying with the lease and related requirements
  • Landlord is familiar with the role and function
• Case Manager models and teaches role of communication with landlord
• If a problem occurs everyone is aware of the process
Wrap up

Housing is the base for people to move forward in their lives

Tenancy provides structure, purpose, and role

Focus on housing stability is the key component of all homeless programs

If a person can maintain themselves in housing, everything is possible
