- Discussion –
Discuss a successful experience with outreach and housing. What led to success?

Discuss a challenging experience with outreach and housing access. What are barriers?
Effective Crisis Response System that *Ends* Homelessness

An effective Crisis Response System provides **immediate and easy access to safe and decent shelter** to anyone that needs it and aims to **re-house** people as **quickly** as possible.

*“Rare, brief and non-recurring”*

Housing First

Housing First is a paradigm shift from the traditional housing ready approach. It follows a basic principle—that everyone is ready for housing, regardless of the complexity or severity of their needs. Not only a program model of PSH; also a system-wide orientation and response. Services post housing support stability and prevent returns to homelessness.
Typical “Housing Readiness”

Fail Points

Housing First

LIFE STABILITY
Housing First Practices

- Quick access to housing while providing needed services: clear path and includes choice
- Low barrier; high expectations. Continued stay contingent on meeting lease & behavioral expectations. Use Harm Reduction
- Staff use assertive engagement strategies to make services attractive & engage clients in services
- Staff teach tenancy skills, prevent eviction and connect to landlords & needed community resources
Housing First is \textit{not}

“Housing only”

OR

“Anything goes”
Core Practices in HF

Choice/Affordability of Housing

Housing is Integrated into the Community

Separation of Housing and Services
Lease/Occupancy Agreement Drives Services

Service Philosophy and Service Array
- Low Demand Approach (not no demand)
- Access to Treatment Resources and community Services
- Goal-based Recovery practice

Team Structure, Supervision and Resources
Key Elements

- Uses a Harm Reduction approach to issues that impede access or put housing at risk
- Assertive Landlord/Property Manager and Support Services coordination
- Expectations are set by community and the lease/occupancy agreement
- Services are available to help prevent evictions and build tenancy skills
HF Best Practices

- Assertive engagement using motivational techniques
- Comprehensive assessment and housing planning
- Person-centered and recovery oriented
- Based in the community and in the home
- Links to Community Supports: social, spiritual, libraries, sports, arts, recreation
- Individualized
Housing First Crisis Response System

Uses a housing first approach to prevent and end homelessness as quickly as possible

Low barrier admission to programs and rapid access to PH

Conversation to re-house begins as soon as a household requests shelter by attempting diversion

Targets services effectively to those with highest barriers

Is understood by and informs and empowers the consumer

Has standards and uses practices backed up by data and research that get results – “EBP’s”

Focus on diversion, housing location, retention and eviction prevention and continuous quality improvement (CQI)
Themes

- Building Skills
- Changing Expectations
- Pursuing Goals - Purpose
- Assuming New Roles
- Moving from Crisis - Structure
Engagement – the Relationship

- Establish a working relationship
- Once even small goals are created, the work together begins
- As people achieve small things, confidence and trust grows and they can take on bigger things
- Building motivation for a home and connecting it to the person’s goals is the worker’s focus during engagement
- Achieving goals helps people feel confident, key to making change
- Assisting with goals deepens the relationship
- We are creating expectations for future services
Barriers to Engagement

**BARRIERS**
- Severe psychosis – delusions and hallucinations
- Inebriation
- Disorganization
- Mistrust of worker
- Moving locations
- Not showing up
- Not following through
- Irritability/agitation
- Others?

**CAUSES**
- Mental Illness
- Substance Misuse
- Past Trauma
- Post Traumatic Stress Disorder (PTSD)
- Bad experiences with workers in the past
- Traumatic Brain Injuries
- Depression
- Cognitive Impairments
- Others?
Best Practice: Outreach and Emergency Shelter

- Path to Perm. Housing
- Low Barrier and Housing First
- Year-Round Accessible 24/7
- Linked to Coord. Entry
- Street Outreach

National Alliance to End Homelessness
Expectations in Permanent Housing

The expectations of a lease or the community do not change and apply to everyone.

Conditions of the lease must be made clear and consistently enforced.

Lease violation issues will often be a reason to seek services.

Workers focus on BEHAVIORS that interfere with functioning as a tenant and as a member of the community.
Discussion: Housing First

As a group, discuss the questions below. Select one person who will record the key elements of your discussion and report back.

• Where are we successful and strong as a community or program on Housing First (HF) principles and practices?
• Where do we need to change to be more of a HF program and/or system?
• What are the barriers to implementing HF principles and practices?
• What supports are needed to be able to fully implement HF?
• Prioritize and Report Back: What are next 3 things we should do to advance HF?
Discussions

Discuss

- Three of the most common personal GOALS of the people participating in your programs
- Three of the most challenging BEHAVIORAL BARRIERS to following a lease and achieving housing stability
Outreach is about Transitions

New start

Opportunity for change

Require support

Trigger fears of failure

Require a new daily schedule

Unknown/uncertainty increases anxiety

Involve both loss and gain

Often stressful

Can increase symptoms

Often stressful
Ambivalence about Housing

- Brings up past experience of losing housing
- Loss of role and predictable routine
- $$
- Uncomfortable inside, in quiet places
- Fear of failing again
- Leaving friends and significant others behind
- Lonely
- Responsibilities
- Never had a lease – not confident
- Others?
Defining Roles: Moving to Housing

Consistent with Housing expectations
Teach problem solving skills
Mentor people on expectations of lease and services
Contribute to assessment and plans
Provide concrete ways to move to housing
Talk about options
Let people dream a little
Be mindful of fears/anxieties about housing
Themes

- Building Skills
- Changing Expectations
- Assuming New Roles
- Pursuing Goals - Purpose
- Moving from Crisis - Structure
Motivating Change

Common Understanding

Several possible directions

Keep focus moving forward

Recognize success

What are the costs/benefits?
Motivation for Change

- Behavior-specific (people have different motivations around different issues)
- Person-specific (each person is motivated to change by unique factors)
- Compliance does not equal change
  - Change that occurs because of external pressure tends to be short lived
  - More that someone “owns” (internalizes) the reasons for change, the more likely change will endure
- Change is always hard and motivation gets you through it – confidence and importance
- Motivation fluctuates from one time and situation to another; not a fixed trait
- Motivation can be influenced by outside influence; it does not reside solely in the person
## Stages of Change

Support Self-Efficacy

Belief that change is possible is important motivator
There is hope in the range of solutions available
Person is responsible for choosing and carrying out actions to change (and gets the credit!)
Person has been successful – listen to the narrative

Build Confidence based on past skills and successes
  ◦ “Can we talk about when you were applying for housing? You were able to manage the landlord interviews really well.”

Harm Reduction Based On Open Communication

Discuss issues in terms of benefits and costs/consequences (Of changing and not changing)

Harm reduction is not applied in imminent risk situations – worker needs to be assertive
Key Principles and Practices

Person identifies goals and path to achieve them

Raise awareness of risk and strategies to reduce harm

Stopping may be a goal, but alternatives that reduce risk are equally valued

Highly accessible: low barriers, informal

Recovery as non-linear process

Does not condone risks that can cause serious harm
Harm Reduction Eviction Prevention Strategies

- Representative payee or automated rent payments
- Plan for how to socialize without disturbing neighbors
- Carpets, drapes, headphones, air purifiers, fans
- Safety shutoffs on stoves, hot water
- Alternative strategies for substance use
- Home maker services to maintain unit in healthy and safe manner
- Engagement in meaningful and purposeful activity
- Find another unit and landlord agreement to end the lease – “no harm, no foul” but................................

Activity

Meet people where they are, but don’t leave them where they are.

• Using the template provided, develop a Harm Reduction plan for a current person you outreach to.
• Identify risk/barrier to stable housing and options to mitigate/eliminate the risk

Handout: Harm Reduction Plan
Tasks for Pre-Housing/Pre-CTI

- Outreach and engagement
- Explain role of staff
- Assess housing and homelessness history
- Identify goals and preferences
- Educate on housing options and expectations
- Develop a Housing Stabilization Plan
- Review lease and teach tenancy skills
- Assist to connect to benefits and income
- Gather documents and arrange a place to keep them
Preparing Documents and Making Referrals

- Unable to start process without essential documents such as ID
- Assembling documents can be time consuming
- Some people will require staff to accompany them to Social Security, Banking and Vital Records offices
- Apply for benefits and/or get involved in job training to increase income
- Make connections to services and treatment resources
- Connect people to supports from peers, family and friends will also increase the motivation for housing and make people more comfortable once there

Talk Housing

What will it take?
What are the options?
What are the requirements?
What are the rights?
What are the responsibilities?
How does it connect to what people want?
Understand Housing and Homeless History

Housing History –
- Places lived, with whom (last 5 years)
- Experience as a leaseholder
- Roles and responsibilities
- What worked
- What didn’t

Homelessness History -
- Cause of initial episode
- Length of time homeless
- Places stayed
- Routine
- Supports
Communication

You know people and their patterns from the outreach process

How will this be communicated to coordinated entry, future resources and housing?

The details are important
  ◦ How did people live in the encampment?
  ◦ What are they good at?
  ◦ How do they imagine housing and support?

How can you leverage your relationship?
  ◦ Are you available to visit in housing
  ◦ How is the warm handoff structured?
Hand Off to Housing

Each person will know their rights and responsibilities for Housing
Each will know the expectations of each service and workers role

- What can each person expect from the first worker – how will follow up be handled?
- Most teams set up at least weekly meetings to discuss new people and people transferring between programs.
- Ensuring all information is communicated
- Being available to meet with the person and the new worker
- Agreeing to a series of visits
- Agreeing to consult when needed
### Teach Obligations of a Lease/Tenancy

<table>
<thead>
<tr>
<th>Obligation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Allow all residents to have quiet/peaceful enjoyment</td>
</tr>
<tr>
<td>Make required rent payment on time</td>
</tr>
<tr>
<td>Keep unit free of health and safety hazards</td>
</tr>
<tr>
<td>Dispose of garbage and waste appropriately</td>
</tr>
<tr>
<td>No criminal activity in unit, common areas or grounds</td>
</tr>
<tr>
<td>Keep utilities current and paid</td>
</tr>
</tbody>
</table>
Rights of Tenancy

- Right to privacy – no entering apartment without permission or emergency
- Right to safe and well maintained housing – repairs and safety considerations
- Right to due process – no eviction without proper process

Accomplishing Pre-Housing Tasks:

° Working in groups, review the list of Pre-Housing tasks, identify who is currently performing these tasks, what is not getting done, and what would be helpful to develop or implement in your program for the housing planning and preparation phase.

Resources – Harm Reduction

Harm Reduction Coalition. Principles of Harm Reduction:
Sample Housing First Principles

- Regardless of substance use, medication compliance
- Services not mandated
- Treatment completion not required
- Regardless of income, credit, rental history
- May consider serious criminal convictions on case-by-case basis only to ensure safety
- Generally, only apply admission criteria required by funders
Sample Housing First Principles – 2

Community Integration & Recovery

- Located in neighborhoods accessible to resources and services
- Looks & feels like other housing
- Help to build relationships, engage in meaningful activities, regain/develop role in family/community
- Staff uses assertive engagement to make support attractive and relevant to participants
- Recovery-based: participants gain control, define personal vision/values/preferences/goals
Sample Housing First Principles - 3

Lease compliance & housing retention

- Standard lease agreement rights and responsibilities
- Services support lease compliance
- No rules except those that are customary, legal, enforceable
- ES and TH: must offer due process to resolve issues prior to termination (unless immediate risk)
- PH: required to use legal court eviction process
Sample Housing First Principles - 4
Separation of Functions

- Housing
  - Housing application
  - Rent Collection
  - Repairs
  - Eviction

- Services
  - Assessment
  - Service Planning
  - Linkages
  - Discharge Planning
Sample Housing First Principles - 5

Separation of Housing & Services

• Property management (PM) & support services (SS) provided by separate legal entities or distinct staff
• Defined processes to communicate/coordinate to support stable tenancy
• Work together to preserve housing and prevent eviction
• Protect client confidentiality: “Need to Know”
Sample Housing First Principles - 6

Choice

- Frequency, timing, location, intensity of services
- Neighborhood, apartment, furniture, decor
- Accept choices without judgment
- Accept and help to reduce risk
- No coercion
- Clinical and legal limits to choice
- Input into program design, activities, policies
