

2020 Low-Income Home Energy Assistance Program (LIHEAP)

What is LIHEAP?

The Low-Income Home Energy Assistance Program (LIHEAP) provides heating and/or cooling assistance to needy Hawai'i households by assisting with one-time payments towards their utility bill (electric or gas) in two ways:

- Energy Crisis Intervention (ECI) program assists needy households in crisis, the electric or gas service has been disconnected or will be terminated as the household has been notified via a disconnect notice from the utility company.
- Energy Credit (EC) program assists needy households who are not in crisis but need assistance with bill payment for the heating and cooling of their residence.

EC PROGRAM IS CURRENTLY CLOSED. THE APPLICATION PERIOD FOR EC IS JUNE 1-30, 2020

The program begins October 1st to September 30th each year.

A household may receive one LIHEAP payment per program year.

All benefits are paid as a one-time only credit paid directly to the utility company of your choice.

Where can I apply for LIHEAP?
