

What is the Child Care Connection Hawaii (CCCH) Program?

The CCCH program is a federal subsidy program helping families pay for child care services in the State of Hawaii.

Eligible families receive:

- Subsidies to help with child care expenses.
- Information on quality child care settings.

How Can My Family Qualify for the CCCH Program?

To qualify, your family must meet the following requirements:

- 1. Age of Children:** Children must be under age 13; or ages 13 through 17, unable to care for self, and do not qualify for Department of Education (DOE) special education; or under child protective services.
- 2. Need for Child Care:** Parents or legal guardians of the children must be currently employed, attending an educational program or participating in a job training program, and have hours of activity that overlap with their need for care.

- 3. Family Size and Income Limits:** Your family's gross monthly income (before taxes and deductions) does not exceed the income limits below. The CCCH program is available to a wide range of families. Please call the CCCH office for income limits of larger family sizes.

| GROSS INCOME ELIGIBILITY LIMITS | |
|---------------------------------|---|
| FAMILY SIZE | GROSS INCOME LIMITS <i>(Subject to change)</i> |
| 2 | \$3179 |
| 3 | \$3927 |
| 4 | \$4675 |
| 5 | \$5423 |
| 6 | \$6171 |
| 7 | \$6312 |
| 8 | \$6452 |

Who Chooses My Child Care Provider?

Each family has different child care needs and preferences. You choose the child care provider for your child. Parents will receive information from the CCCH Staff about choosing quality child care and selecting allowable child care arrangements. CCCH can help pay for a variety of legal child care services including preschools, child care providers in their homes, child care by relatives or friends, and after school care for school aged children. For the safety of the child, background checks, including adult abuse, child abuse/neglect, and criminal history record checks, will be conducted on the provider you choose.

How Much of My Child Care Expenses Will CCCH Pay?

The CCCH program has sliding fee scales, based on the State of Hawaii child care guidelines. Depending on family size, income, need for child care (individual family situation), and the type of care program, families may be required to pay some of the monthly child care costs. Your eligible benefit amount will be discussed with your eligibility worker/case manager and is subject to change.

How Do I Get My Child Care Subsidy?

You may receive your monthly child care subsidy through: 1) Electronic Benefits Transfer (EBT) card; or 2) direct deposit to your personal checking or savings account (contact the child care office for the direct deposit enrollment form). EBT cards are issued at your interview where you select a Personal Identification Number (PIN). You may use your EBT card at ATM machines that bear the "QUEST" symbol to access your child care benefits. If your child is cared for by a licensed or registered child care provider, your child care payments may be forwarded directly to the provider's bank account.
