

**STATE OF HAWAII  
DEPARTMENT OF HUMAN SERVICES**

**2019  
HAWAII CHILD CARE MARKET RATE STUDY  
SUMMARY OF RESULTS**

Audit, Quality Control and Research Office  
Research Staff  
March 2020

### **INTRODUCTION**

The purpose of this study is to examine current market rates for child care in Hawaii. Federal regulations 45 CFR Parts 98.43(b)(2) and 98.16 require that the Hawaii's Department of Human Services (DHS) complete a biennial child care market rate study as part of Hawaii's state plan for expenditure of federal Child Care Development Fund (CCDF) monies.

Information about current child care rates is used to determine subsidy payment rates which helps to ensure equal access to child care. This would equate to access to child care which is comparable to child care received by and paid for by families who are ineligible for subsidies. The sole purpose of this study is to examine current market rates for child care in Hawaii. The subsidy payment rate setting process is not a part of this study and is completed separately.

### **METHODOLOGY**

#### **HAWAII'S CHILD CARE RESOURCE AND REFERRAL AGENCY**

PATCH (People Attentive to Children) is Hawaii's child care resource and referral (CCR&R) agency. Through a contractual agreement with DHS, PATCH provides child care referral services to the public and maintains rate and other information about child care providers in the community. PATCH is a member of the National Association of Child Care Resource and Referral Agencies (NACCRRRA), a national network of more than 600 child care resource and referral agencies across the United States.

PATCH maintains CCR&R information in a proprietary NACCRRRA data system. Annually, PATCH surveys child care providers in Hawaii and updates information maintained in this system. Providers can complete the survey in hard-copy or electronic format. The survey process includes follow-up contact with providers who have not completed the survey by the deadline date or, have submitted surveys but clarification is needed for incomplete information.

PATCH completed the survey process and a data extract was created from the NACCRRRA system in February 2020 and provided to DHS' Audit, Quality Control and Research Office - Research Staff. Using SAS statistical software, child care rate data was analyzed and summary reports were created.

## 2019 Hawaii Child Care Market Rate Study

---

### SURVEY PARTICIPATION

There was a total of 904 child care providers listed in the data extract. Of these providers, 338 were excluded from this study for the following reasons. Providers affiliated with Head Start, Kamehameha Schools (private preschool) and local hotels/resorts were excluded from the analysis of survey data. Although these providers may have completed a survey, they were not included in this study of market rates since they would not offer child care to the general public. Also excluded were providers licensed for before/after school child care but only offered this care to students who already were attending the school or facility during the regular school day. Other reasons that providers were excluded from this study:

- inactive/closed provider status,
- rate information that was missing,
- rate information that related to part-time, not full-time care, and
- missing capacity information.

After these exclusions, 566 surveyed providers were included in the final analysis. A total of 1,849 rates from these providers were used in the study.

Total Providers in Data Extract	Number of Providers Excluded	Total Providers Included in Study	Number of Rates From Providers Included in Study
904	338	566	1,849

### DATA ELEMENTS

#### License Type

Providers with the following license types were included in child care rate analysis: a) Licensed Before/After School Program, b) Registered Family Home, c) Licensed Group Home, d) Licensed Infant/Toddler Center, and e) Licensed Preschool.

#### Full-time Monthly Rates

Only full-time monthly rates were analyzed. Monthly rate data that was zero or missing, or rate data that could not be associated with an age group range were excluded from the analysis. Additionally, rates were excluded if it was clearly indicated in the survey comments section that the rate listed as a full-time monthly rate was instead for a time period other than monthly (e.g. for an entire school year or for a summer school session). There was no conversion of longer-term rates to monthly rates.

## **2019 Hawaii Child Care Market Rate Study**

---

### Age Group

Full-time monthly rates were associated with the following age ranges:

a) 0 to 18 months, b) 18 months to 2 years, c) 2 to 3 years, d) 3 to 4 years, e) 4 to 5 years, f) 5 to 10 years, and g) 11 to 15 years. If age range information was missing, the corresponding monthly rate was excluded from analysis.

In some cases, multiple rates were listed for the same age group range. The higher of the rates was selected for that age range.

### Accreditation

For the purposes of this study, a child care provider was considered to be accredited if it possessed National Association for the Education of Young Children (NAEYC) or National Early Childhood Program Accreditation (NECPA) designation.

### Island and Zip Code

Rate information is presented as follows: a) Statewide, b) by island, and c) by county - Maui County is comprised of the islands of Maui, Molokai, and Lanai; Hawaii County is comprised of West and East sections of the island of Hawaii.

Child care market rate information is also shown by urban and rural classifications. For this study, urban was defined as providers with a zip code prefix of 968xx; this zip code prefix is assigned to Honolulu metropolitan areas. All other zip codes were classified as rural (zip codes with prefix 967xx).

## TYPE OF CARE

Based on the license types and age group ranges described above, child care rates were segregated into the following types of care: a) Center Based Infant/Toddler Care, b) NAEYC or NECPA Accredited Center Based Care, c) Licensed Center Based or Group Child Care Home, d) Registered Family Child Care Home - Infant/Toddler Care, e) Registered Family Child Care Home, and f) Licensed Before School Care/After School Care.

The following tables report child care market rate data by type of care groupings described above. Listed are figures for the number of providers, number of rates associated with these providers and summary statistical rate information: mean, median, minimum rate, maximum rate and 75% quantile. It is suggested by CCDF that as a benchmark, rates established at least at the 75<sup>th</sup> percentile “would be regarded as providing equal access”.<sup>1</sup>

<sup>1</sup> Deana Grobe, Roberta B. Weber, Clara C. Pratt, and Arthur C. Emlen; *Market Rate Study Guidebook: A Guide to Implementing a Child Care Market Rate Study Using Child Care Resource and Referral Data* (September 2003, Oregon Child Care Research Partnership; page 9 footnote.)

## **2019 Hawaii Child Care Market Rate Study**

---

### WEIGHTING OF DATA

Full-time monthly rates were weighted by total desired capacity of each provider. The desired capacity rather than licensed capacity was used because individual providers do not always choose to enroll the maximum number of children they are licensed to serve.

For providers with missing desired capacity information, licensed capacity was used. A provider's rate data was excluded from the analysis if both desired and licensed capacity were missing.

### SUMMARY OF FINDINGS

This study examined current child care market rates in Hawaii. Monthly rate data was analyzed from a total of 566 child care providers. This data was obtained through surveys administered by the local CCR&R agency during the last half of 2019.

It is preferable to examine child care rates by statewide, county, or urban/rural classifications rather than by island because limited rate information was available for some of the islands.

Better Business Bureau of Hawaii

PATCH is required by the Department of Human Services (DHS) to maintain a database of all licensed child care providers for statistical purposes, even those not wanting to be referred to families. By keeping your information up-to-date, PATCH is able to provide DHS and lawmakers with accurate statistical information which is used for policy and funding decisions. These decisions impact you as a child care professional.

PATCH may have recently requested your business information for our quarterly update, however, we ask you to please complete all of your information for this 2019 Annual Survey (included here is a brief description of each survey field to help you understand the data we are trying to maintain):

- Part 1 of the survey is a Provider Profile for Referrals page. Use this page to list current details about your child care business, so that our referral system will reflect accurate information.
- Part 2 lets you choose whether you accept children receiving DHS subsidies. This section contains extra questions related to the child care you provide and to whom.
- Part 3 asks for business information, including details of your shifts, rates, and types of care offered.
- Part 4 includes additional program information and suggestions.

After completing all parts of the survey, please ensure to sign and date the last page. You may mail, fax, or email your surveys to PATCH. If you are emailing a digital copy please be sure to save the PDF before sending it. If you have multiple sites could you please fill out one survey per site.

**Complete and promptly return the Annual Survey to PATCH by May 1, 2019.** If you have questions regarding this survey please feel free to call your local PATCH office.

Each day you have a lasting impact on the lives of Hawaii's young children and their families. Today, parents are increasingly reliant on child care to enable them to go to work so they can support their families. In addition, high quality early childhood programs are critical in determining a child's early development by helping to build a solid foundation for school and success in life. Thank you for all that you do each day for Hawaii's children!

Sincerely,

## PATCH

# Annual Provider Survey - April 2019

### Part 1. PROVIDER PROFILE FOR REFERRALS

Name: \_\_\_\_\_

Facility Name: \_\_\_\_\_

License/Registration Number: \_\_\_\_\_ Accepted Age Range: \_\_\_\_\_

Facility License/Registration Capacity: \_\_\_\_\_ Desired Capacity: \_\_\_\_\_

Address: \_\_\_\_\_

### Part 2. CHILD CARE SUBSIDIES

**PATCH would like to know about numbers of children who are being cared for who currently receive Department of Human Services child care subsidies.**

- Do you currently accept Department of Human Services (DHS) subsidized children?  YES  NO
- If YES, how many children receiving subsidies are currently enrolled? \_\_\_\_\_  
If YES: (You accept subsidized children.) Do you limit the number of children in your facility who receive a child care subsidy?  YES  NO
- If you accept DHS subsidized children and you limit the number of children): What is the maximum number of children who receive a child care subsidy you will allow at one time? \_\_\_\_\_
- If you accept DHS subsidized children and you limit the number of children): Why do you limit the number of DHS subsidized children that you accept?  
\_\_\_\_\_  
\_\_\_\_\_

➤ Do you charge families who receive child care subsidies your full private pay rate?

YES       NO

If YES: (You charge families your full private pay rate.) Does this amount exceed their family share (if the family has shared that information)?  Yes  No  The Family Has Not Shared That Information

If Yes: (The amount exceeds the family share.) How much does the amount exceed their family share, **per child**? Please specify if this is a monthly, weekly, daily or hourly rate.

---

If YES: (You accept child care subsidies.) Do you charge families who receive subsidies less than your private pay rate?  Yes  No

➤ If YES: (Your rate is less than your private pay rate.) On average, how much less does a family pay, **per child**? Please specify if this is a monthly, weekly, daily or hourly rate.

---

➤ If you answered NO that you do not accept child care subsidies: Please tell us why you do not accept subsidized children.

I would lose money       The paperwork is too difficult
