Note: Gain/(Loss) Including \$14.3M IBNP Expense (24,990,728) Gain/(Loss) Net of IBNP
Note for #1 above: Financial Expenditures listed are not intended to match audited financials or statutory filings. These numbers have been solely produced for the purpose of complying with the requirements of this report.
Note for "Dollars Received- in dollars": Dollars received are revenue amounts received from the state to administer services for SFY 2020. The amount represents capitation received and includes retroactivity through the November 2020 payment. The amount excludes the health insurer fee, member cost share, and spend-down. Revenue also excludes the supplemental payments made to facilities (HHSC payments & private acute hospital access fee payments). The amount includes an estimate for expected payments to and from the state for risk share/corridor arrangements for ABD, Non-ABD/Non-Expansion, and Expansion. The estimated risk sharing amounts are estimated as of November 2020 and pro-rated to apply to the applicable period: July 2019-June 2020. These risk sharing estimates include Calendar Year Retroactive Settlement Corridor, High Cost Drug Corridor, and Program aggregate gain/loss shares.
Note for "(A) For medical services- in dollars": The amount listed for medical services represents costs associated with medical service claims paid for service dates in SFY 2020 and paid through 11/30/20. They include: Health Services cost of \$12.3M (Service coordination, case management, care management, Rx management and disease management costs). They exclude: IBNP of \$14.3M, member cost share and spend-down. To get a true picture of medical cost, the IBNP amount of \$14.3M should be added to the reported amount.
Note for "(B) For administrative costs- in dollars": Administration expenses represent direct expenses related to Hawaii's Medicaid line of business plus a 5% management fee for 2016, increased to 6.1% on 1/1/2017, based on a percentage of premiums. Premium Tax was removed from admin and shown separately, Health Services expenses as defined above (Section A, see note 3) were excluded from this line and included in medical services costs.

United Healthcare
Note: This unaudited financial information was compiled from the books and records of UnitedHealthcare Insurance Company ("UHIC"). Financial information presented is subject to audit. UHIC's fiscal year is on a calendar basis, information presented herein is for July 2019 to June 2020 and is specific to UnitedHealthcare Insurance Company d/b/a UnitedHealthcare Community Plan Hawaii (the "Plan").
No funds from the Plan were held in reserve. However, UHIC, the Plan's parent company, maintains sufficient reserves to meet/exceed State of Hawaii regulatory requirements, including obligations for State Medicaid programs. Obligations for these programs include, but are not limited to, estimated claims for services outstanding (incurred but not reported "IBNR"). UHIC has, and continues to meet, reserve & solvency requirements of the DCCA/Insurance Division for all of its health plan programs in Hawaii.
SFY 2020 reported results include \$6.8M of capitation adjustments (and associated premium taxes) for prior state fiscal years. This includes capitation adjustments related to retroactive member adjustments, variance between accrued and actual amounts, gain share and quality bonus payments and accruals, and retroactive rate adjustments. SFY 2020 reported results also include \$7.0M of medical expense adjustments for prior state fiscal years related to claims reprocessing, settlement adjustments, IBNR adjustments and variance between accrued and actual paid amounts.

**State or Federal Sanctions**

(3) Descriptions of any on-going State or Federal sanction proceedings, prohibitions, restrictions, on-going civil or criminal investigations, and descriptions of past sanctions or resolved civil or criminal cases, within the past five years and related to the provision of Medicare or Medicaid services by the contracting entity, to the extent allowed by law.

**Response**

To the best of our knowledge and belief, the contracting entity, UnitedHealthcare Insurance Company ("UHIC"), is not a party to any ongoing state or federal sanction proceedings, prohibitions, restrictions, or ongoing criminal investigations related to the provision of Medicare or Medicaid services. In addition, as a health insurance company operating in 49 states, 5 territories and the District of Columbia, UHIC is subject to various market conduct and financial audits in the normal course of business, which may or may not result in the implementation of corrective action plans. We do not consider these to be civil or criminal investigations within the scope of the request.

UHIC is subject to various civil actions in the form of litigation or agency proceedings, mostly involving benefit disputes with members and/or providers. UHIC is currently involved in several matters in Hawaii and other jurisdictions, as described in Table 1 below (Table 1, UHIC Pending Civil Litigation related to the Provision of Medicare or Medicaid Services in Hawaii). UHIC is involved in litigation outside of Hawaii, none of which involve residents of Hawaii or impact QUEST Integration or other state Medicaid Programs.

Finally, UHIC has not had any penalties imposed related to the provision of Medicare or Medicaid services involving residents of Hawaii or the Hawaii QUEST Integration Program during the reporting period.
