GLOSSARY

Financial Assistance Programs and Related Employment Programs

AABD	The Aid to the Aged, Blind, and Disabled program provides cash benefits for food, clothing, shelter, and other essentials to adults who are elderly (65 years of age or older) and/or who meet the Social Security Administration (SSA) definition of disabled.
GA	The General Assistance program provides cash benefits for food, clothing, shelter, and other essentials to adults ages 18 through 64, without minor dependents, who are temporarily disabled and who do not qualify for Social Security.
SNAP	The SNAP program provides crucial food and nutritional support to qualifying low-income and needy households, and those making the transition from welfare to self-sufficiency
TANF/TAONF	<p>Temporary Assistance to Needy Families (TANF) and Temporary Assistance to Other Needy Families (TAONF) are the time-limited welfare reform programs for adults with children designed to protect those who cannot work and to require those who are able to work to do so.</p> <p>Family participation in TANF or TAONF depends on the household composition. When all members are U. S. citizens, the family is eligible for federally-funded welfare under TANF. Families that include at least one non-citizen are eligible for state-funded welfare under TAONF. Other than the funding sources, the TANF/TAONF programs are identical.</p>
Employment & Training (E&T)	The Employment and Training program is a statewide work program designed to assist able-bodied SNAP adults to become attached to the workforce.
First-to-Work (FTW)	The First-To-Work Program provides case management, employment and support services to work eligible individuals of TANF/TAONF households.

Terms

CASE	Usually a family or a household eligible to receive program benefits.
CLIENT	A person eligible for program benefits, a member of a case.
COFA	Compacts of Free Association, includes the Federated States of Micronesia, the Republic of Marshall Islands, and the Republic of Palau. Under the Compacts of Free Association Act in 1985, the U.S. agreed to provide economic assistance to compact nation citizens, allowing them to enter, reside and work in the U.S. and participate in certain federal programs in exchange for certain military permissions in these associated states. Under the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996 restricted access to federal public benefit programs to COFA migrants, states were required to fully absorb the costs of providing social service and health care benefits to COFA migrants.

Key Terms Used in Table Above

FFY	Twelve-month period from October through September.
Total Applications Received	The applications included in Total Applications Received figure are counted in the year the application was received.
Dispositions	A completed application process; when a case is determined eligible or ineligible for SNAP benefits. Dispositions are counted in the year that the <u>application process</u> was completed.
Expedited Dispositions	If the household has little or no money and is in need of immediate SNAP assistance, the household may qualify for expedited service or the opportunity to participate within seven days of the application date.
Timely	A case is considered to be processed timely if the household has an opportunity to participate within seven days of the application date for an expedited service case, and within 30-days of the application date for a regular processed case.
Untimely - AG	Cases that are not processed within the seven or 30-day processing requirement listed above due to agency-caused delays (AG) are considered to be untimely .
Untimely - CC	Cases that were properly pended because of an applicant-caused delay (CC) , such as a client missing an interview for an expedited application or a household's failure to provide verification, which resulted in the action being coded as untimely, even though the State agency was in full compliance with program regulations.

Federal Poverty Guidelines – US, AK, Hawaii 2020

The U.S. Department of Health and Human Services issues the federal poverty guidelines annually to determine financial eligibility for certain federal programs and benefits. Hawaii also uses the federal poverty guidelines, or federal poverty level (FPL), for certain state programs and benefits. For example, to be eligible for SNAP benefits a family's gross income must not exceed the 200% FPL.

Supplemental Security Income (SSI)

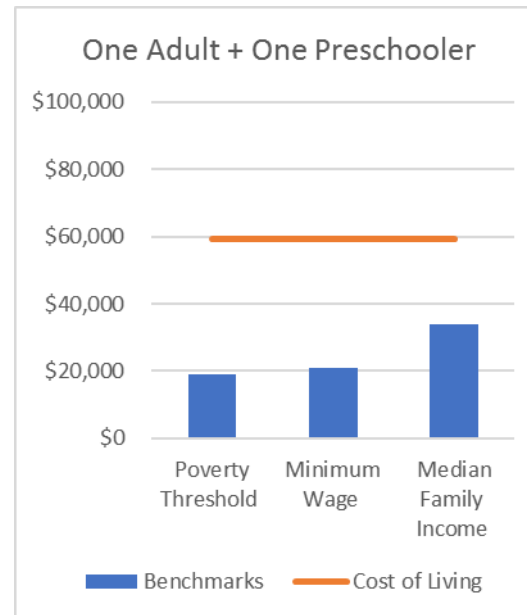

Supplemental Security Income (SSI) Payments ^{1/} State Supplementation Payments (SSP)				
<p><i>SSI is a federal program that provides monthly cash payments for people in need who are aged 65 or older or blind/disabled at any age. SSP are state funded payments for resident clients receiving supplemental security income in adult residential care home type I and type II facilities, licensed developmental disabilities domiciliary homes, community care foster family homes, and certified adult foster homes. Provided below are the number of recipients of federally administered payments and average monthly payment, by state or other area, December 2006-2019 (Statistical Supplement/ Table 7.B3).</i></p>

SSI Advocacy Project					
<p><i>The goal of this project is to provide assistance to disabled AABD, GA and TANF applicants and recipients applying for federal Supplemental Security Income (SSI) benefits. Advocacy is provided by DHS through a contract with Cyrca, who helps individuals apply for benefits, monitors the applications until they are either approved or denied, and when applicable, assists individuals during the appeal process. The State receives reimbursements for benefits paid to clients who are later found to be eligible for SSI back to the SSI application date. State benefits to clients are reduced or denied once the client starts receiving SSI benefits.</i></p>

Self-Sufficiency – Income Standard – 2018 *(provided as general reference)*

Hawaii Revised Statutes, 201-3(b) requires that the State of Hawaii update biennially, a self-sufficiency standard reflecting costs relating to housing, food, child care, transportation, health care, clothing and household expenses, taxes, children's ages, geography, and the number of household wage earners. The study defines economic self-sufficiency as the amount of money that individuals and families require to meet their basic needs without government and/or other subsidies. Adults are assumed to be working full-time (40-hour a week), at one or more jobs. The chart below compares Hawaii's self-sufficient family income standards for 2018 with poverty thresholds, minimum wage level, median family income, and estimates for 2018 actual incomes for five family types. Entire report (published Dec 2019) is available at http://dbedt.hawaii.gov/economic/reports_studies/self-sufficiency-income-study/

Disability Determination Branch – FFY 2007-2014

The Disability Determination Branch (DDB) makes medical determinations on disability claims filed with the Social Security Administration (SSA) under the Social Security Disability insurance (SSDI) and Supplemental Security Income (SSI) programs. DDB's mission is timely and accurate adjudication of disability claims filed by Hawaii State residents under Title II (Disability Insurance) and Title XVI (SSI) of the Social Security Act.

CONFIRMED VICTIMS AND INTAKES BY COUNTY – SFY 2020

Total Reported and Confirmed Intakes					
<p>An intake is a report of a child abuse or neglect incident that have been accepted for investigation and a determination of the abuse/neglect have been made. An intake usually refers to a family unit and may involve the possible maltreatment of more than one child. A confirmed intake is one where at least one child in the intake had at least one abuse type confirmed or substantiated. A separate, unrelated incident may result in another intake for the same family or child.</p>

SOURCE: Adult Protective Services (APS) Annual Reports.

NOTE: A significant increase in the number of abuse reports received was in response to the new APS law effective July 1, 2009, which redefined and broadened the identified target population from 'dependent adults' to 'vulnerable adults'. A vulnerable adult is defined as anyone 18 years or older with a mental, developmental or physical impairment who is also unable to:

- 1) communicate or make responsible decisions to manage his or her own care or resources;
- 2) carry out or arrange for essential activities of daily living; or
- 3) protect oneself from abuse.

Limited English Proficiency (LEP)

**LEP LANGUAGE ACCESS
SFY 2019 ****

The Limited English Proficiency Project (LEP) was established in 2013 to support and coordinate the development and implementation of policies and practices that ensure timely and effective delivery of language access services to LEP persons. Among the goals of the LEP Project are establishing translation services and identifying and simplifying vital documents.
