TRANSFER OF RESOURCES

1902(f) and 1917 of the Act

The agency provides for the denial of eligibility by reason of disposal of resources for less than fair market value.

A. Except as noted below, the criteria for determining the period of ineligibility are the same as criteria specified in section 1613(c) of the Social Security Act (Act).

1. Transfer of resources other than the home of an individual who is an inpatient in a medical institution.

a. ☐ The agency uses a procedure which provides for a total period of ineligibility greater than 24 months for individuals who have transferred resources for less than fair market value when the uncompensated value of disposed of resources exceeds $12,000. This period bears a reasonable relationship to the uncompensated value of the transfer. The computation of the period and the reasonable relationship of this period to the uncompensated value is described as follows:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: HAWAII

b. ☐ The period of ineligibility is less than 24 months, as specified below:

c. ☐ The agency has provisions for waiver of denial of eligibility in any instance where the State determines that a denial would work an undue hardship.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: HAWAII

2. Transfer of the home of an individual who is an inpatient in a medical institution.

☑ A period of ineligibility applies to inpatients in an SNF, ICF or other medical institution as permitted under section 1917(c)(2)(B)(i).

a. Subject to the exceptions on page 2 of this supplement, an individual is ineligible for 24 months after the date on which he disposed of the home. However, if the uncompensated value of the home is less than the average amount payable under this plan for 24 months of care in an SNF, the period of ineligibility is a shorter time, bearing a reasonable relationship (based on the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: HAWAII

b. ☐ Subject to the exceptions on page 2 of this supplement, if the uncompensated value of the home is more than the average amount payable under this plan as medical assistance for 24 months of care in an SNF, the period of ineligibility is more than 24 months after the date on which he disposed of the home. The period of ineligibility bears a reasonable relationship (based upon the average amount payable under this plan as medical assistance for care in an SNF) to the uncompensated value of the home as follows:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: HAWAII

No individual is ineligible by reason of item A.2 if--

(i) A satisfactory showing is made to the agency (in accordance with any regulations of the Secretary of Health and Human Services) that the individual can reasonably be expected to be discharged from the medical institution and to return to that home;

(ii) Title to the home was transferred to the individual's spouse or child who is under age 21, or (for States eligible to participate in the State program under title XVI of the Social Security Act) is blind or permanently and totally disabled or (for States not eligible to participate in the State program under title XVI of the Social Security Act) is blind or disabled as defined in section 1614 of the Act;

(iii) A satisfactory showing is made to the agency (in accordance with any regulations of the Secretary of Health and Human Services) that the individual intended to dispose of the home either at fair market value or for other valuable consideration; or

(iv) The agency determines that denial of eligibility would work an undue hardship.

B. Other than those procedures specified elsewhere in the supplement, the procedures for implementing denial of eligibility by reason of disposal of resources for less than fair market value are as follows:

1. If the uncompensated value of the transfer is $12,000 or less:

2. If the uncompensated value of the transfer is more than $12,000:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

3. If the agency sets a period of ineligibility of less than 24 months and applies it to all transfers of resources (regardless of uncompensated value):

4. Other procedures:

(i) the individual intended to dispose of the resources either at fair market value, or for other valuable consideration; or
(ii) the resources were transferred exclusively for a purpose other than to qualify for medical assistance; or

Home and community-based services under a 1915 waiver.

TRANSFER OF ASSETS

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:

X the first day of the month in which the asset was transferred;

___ the first day of the month following the month of transfer.

4. Penalty Period - Institutionalized Individuals--
In determining the penalty for an institutionalized individual, the agency uses:

X the average monthly cost to a private patient of nursing facility services in the agency;

___ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.

5. Penalty Period - Non-institutionalized Individuals--
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;

___ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

State: HAWAII

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care--

a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:

X does not impose a penalty;

___ imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:

X does not impose a penalty;

___ imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap--
The agency:

___ totals the value of all assets transferred to produce a single penalty period;

State:_____

TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

(a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

When both spouses are eligible for Medicaid and both spouses are institutionalized, the State will use the following method to apportion the penalty period:

* Apportion the penalty period equally between the spouses;
* If one spouse dies or leaves the insitution prior to the expiration of their share of the penalty period, the remainder of the penalty will be assigned to the spouse who is still insitutionalized;
* The penalty months served by the institutionalized spouses shall not exceed the length of the original penalty period.

(b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset—
When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

___ The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

___ For transfers of individual income payments, the agency will impose partial month penalty periods.

_X_ For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

___ The agency uses an alternate method to calculate penalty periods, as described below:

State: HAWAII

TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship--
The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

a) Notify the individuals subject to the transfer of assets penalty that there are exceptions to the transfer of assets penalty due to undue hardship.

b) If a waiver for undue hardship is requested, the individual seeking the waiver must provide documentation of efforts taken to recover the transferred asset.

c) Individuals will be notified of the disposition of their request for a waiver of the transfer of asset penalty. Individuals who are denied the waiver must be informed of their right to a fair hearing.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

a) The recoverable amount of the transferred asset is depleted below State resource standard; or

b) The transferred asset has been converted to another asset that is not liquid or redeemable; or

c) The return of the transferred property would put the receiving party in serious risk of deprivation such as the loss of income or assets that would qualify the receiver for medical assistance; or

d) Unable to locate the receiving party of the transferred asset after exhaustive search efforts.

   The agency withholds payment to non-institutionalized individuals for the following services:

   - Home health services (section 1905(a)(7));
   - Home & community care for functionally disabled elderly adults (section 1905(a)(22));
   - Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

   _____ The following other long-term care services for which payment for medical assistance is otherwise made under the agency plan:

TRANSFER OF ASSETS (cont.)

3. Penalty Date–The beginning date of each penalty period imposed for an uncompensated transfer of assets is:

- For individuals applying for Medicaid payment of long-term care services, the date on which the individual is eligible for medical assistance under the State plan and would otherwise be receiving institutional level of care services described in paragraph 1 that, were it not for the imposition of the penalty period, would be covered by Medicaid (based on an approved application for such care);

or

- For individuals receiving Medicaid payment for long-term care services, the first day of the month following timely advance notice of the penalty period.

and

- Which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

4. Penalty Period - Institutionalized Individuals

In determining the penalty for an institutionalized individual, the agency uses:

_X_ The average monthly cost to a private patient of nursing facility services in the State at the time of application;

___ The average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.

5. Penalty Period - Non-institutionalized Individuals

The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services:

___ Imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State HAWAII

TRANSFER OF ASSETS (cont.)

6. Penalty period for amounts of transfer less than cost of nursing facility care

X Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.

X The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

7. Penalty periods - transfer by a spouse that results in a penalty period for the individual

(a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

When both spouses are eligible for long-term care services, the State will use the following method to apportion the penalty period:

- Apportion the penalty period equally between the spouses;
- If one spouse dies or no longer requires long-term care services prior to the expiration of their share of the penalty period, the remainder of the penalty period will be assigned to the spouse who is still receiving long-term care services;
- The penalty months served by the institutionalized spouses shall not exceed the length of the original penalty period.

(b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

State HAWAII

TRANSFER OF ASSETS (cont.)

8. Treatment of a transfer of income

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

X For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

X For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred as described below.

The agency will consider the amount of income expected to be received during the individual's lifetime when the right to receive a stream of income was transferred. The total amount of income is calculated by multiplying the annual amount of income by the individual's life expectancy based on the life expectancy tables established by the Social Security Administration's Office of the Actuary.

9. Imposition of a penalty for an undue hardship

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would deprive the individual of:

(a) Medical care such that the individual's health or life would be endangered; or

(b) Food, clothing, shelter, or other necessities of life.

(b) A timely process for determining whether an undue hardship waiver will be granted; and

(c) A process, which is described in the notice, under which an adverse determination can be appealed.

The procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual's personal representative.

a) The maximum distribution from the trust in addition to other available income and assets of the individual is less than the State's eligibility standards for income and resources; or

b) There are legal actions that prevent the distributions of funds to the medical and basic needs of the individual; and

c) The individual has taken legal action to recover the funds placed in trust.

ELIGIBILITY CONDITIONS AND REQUIREMENTS

ELIGILBITY UNDER SECTION 1925 OF THE ACT TRANSITIONAL MEDICAL ASSISTANCE

The State covers low-income families and children for Transitional Medical Assistance (TMA) under section 1925 of the Social Security Act (the Act). This coverage is provided for families who no longer qualify under section 1931 of the Act due to increased earned income, or working hours, from the caretaker relative's employment, or due to the loss of a time-limited earned income disregard. **(1902(a)(52), 1902(e)(1), and 1925 of the Act)**

The amount, duration, and scope of services for this coverage are specified in Section 3.1. of this State Plan.

For Medicaid eligibility to be extended through TMA, families must have been Medicaid eligible under section 1931 (months of retroactive eligibility may be used to meet this requirement):

☒ During at least 3 of the 6 months immediately preceding the month in which the family became ineligible under section 1931.

☐ For fewer than 3 of the 6 previous months immediately preceding the month in which the family became ineligible under section 1931. Specify:

The State extends Medicaid eligibility under TMA for an initial period of:

☐ 6 months. For TMA eligibility to continue to into a second 6- month extension period, the family must meet the reporting, technical, and income eligibility requirements specified at section 1925(b) of the Act.

☒ 12 months. Section 1925(b) does not apply for a second 6-month extension period.

ASSET VERIFICATION SYSTEM

1940(a) 1. The Agency will provide for the verification of assets for purposes of determining or redetermining Medicaid eligibility for aged, blind and disabled Medicaid applicants and recipients using an Asset Verification System (AVS) that meets the following minimum requirements:

A. The request and response system must be electronic:

(1) Verification inquiries must be sent electronically via the internet or similar means from the Agency to the financial institution (FI).
(2) The system cannot be based on mailing paper-based requests.
(3) The system must have the capability to accept responses electronically.

B. The system must be secure, based on a recognized industry standard of security (e.g., as defined by the U.S. Commerce Department's National Institute of Standards and Technology, or NIST).

C. The system must establish and maintain a database of FIs that participate in the Agency's AVS.

D. Verification requests also must be sent to FIs other than those identified by applicants and recipients, based on some logic such as geographic proximity to the applicant's home address, or other reasonable factors whenever the Agency determines that such requests are needed to determine or redetermine the individual's eligibility.

E. The verification requests must include a request for information on both open and closed accounts, going back up to 5 years.

METHODOLOGY FOR IDENTIFICATION OF APPLICABLE FMAP RATES

The State will determine the appropriate FMAP rate for expenditures for individuals enrolled in the adult group described in 42 CFR 435.119 and receiving benefits in accordance with 42 CFR Part 440 Subpart C. The adult group FMAP methodology consists of two parts: an individual-based determination related to enrolled individuals, and as applicable, appropriate population-based adjustments.

Part 1 - Adult Group Individual Income-Based Determinations

For individuals eligible in the adult group, the state will make an individual income-based determination for purposes of the adult group FMAP methodology by comparing individual income to the relevant converted income eligibility standards in effect on December 1, 2009, and included in the MAGI Conversion Plan (Part 2) approved by CMS on 03/31/2014. In general, and subject to any adjustments described in this SPA, under the adult group FMAP methodology, the expenditures of individuals with incomes below the relevant converted income standards for the applicable subgroup are considered as those for which the newly eligible FMAP is not available. The relevant MAGI-converted standards for each population group in the new adult group are described in Table 1.

Table 1: Adult Group Eligibility Standards and FMAP Methodology Features

2. Data source used for resource proxy adjustments:

The state:

☐ Applies existing state data from periods before January 1, 2014.

☐ Applies data obtained through a post-eligibility statistically valid sample of individuals.

Data used in resource proxy adjustments is described in Attachment B.

3. Resource Proxy Methodology: Attachment B describes the sampling approach or other methodology used for calculating the adjustment.

B. Enrollment Cap Adjustment (42 CFR 433.206(e))

The enrollment cap or caps are as specified in the applicable section 1115 demonstration special terms and conditions as confirmed by CMS, or in alternative authorized cap or caps as confirmed by CMS. Attach CMS correspondence confirming the applicable enrollment cap(s).

3. The state applies a combined enrollment cap adjustment for purposes of claiming FMAP in the adult group:

   ☒ Yes. The combined enrollment cap adjustment is described in Attachment C.

   ☐ No.

4. Enrollment Cap Methodology: Attachment C describes the methodology for calculating the enrollment cap adjustment, including the use of combined enrollment caps, if applicable.

   ☐ Applies special circumstances adjustment(s).

   ☒ Does not apply a special circumstances adjustment.

2. The state:

   ☐ Applies additional adjustment(s) to the adult group FMAP methodology (complete item 3).

   ☒ Does not apply any additional adjustment(s) to the adult group FMAP methodology (skip item 3 and go to Part 3).

3. Attachment D describes the special circumstances and other proxy adjustment(s) that are applied, including the population groups to which the adjustments apply and the methodology for calculating the adjustments.

Part 3 - One-Time Transitions of Previously Covered Populations into the New Adult Group

A. Transitioning Previous Section 1115 and State Plan Populations to the New Adult Group

☒ Individuals previously eligible for Medicaid coverage through a section 1115 demonstration program or a mandatory or optional state plan eligibility category will be transitioned to the new adult group described in 42 CFR 435.119 in accordance with a CMS-approved transition plan and/or a section 1902(e)(14)(A) waiver. For purposes of claiming federal funding at the appropriate FMAP for the populations transitioned to new adult group, the adult group FMAP methodology is applied pursuant to and as described in Attachment E, and where applicable, is subject to any special circumstances or other adjustments described in Attachment D.

☐ The state does not have any relevant populations requiring such transitions.

Part 4 - Applicability of Special FMAP Rates

A. Expansion State Designation

The state:

☐ Does NOT meet the definition of expansion state in 42 CFR 433.204(b). (Skip section B and go to Part 5)

☒ Meets the definition of expansion state as defined in 42 CFR 433.204(b), determined in accordance with the CMS letter confirming expansion state status, dated 1/23/2014.

B. Qualification for Temporary 2.2 Percentage Point Increase in FMAP.

The state:

☒ Does NOT qualify for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7).

☐ Qualifies for temporary 2.2 percentage point increase in FMAP under 42 CFR 433.10(c)(7), determined in accordance with the CMS letter confirming eligibility for the temporary FMAP increase, dated (insert date). The state will not claim any federal funding for individuals determined eligible under 42 CFR 435.119 at the FMAP rate described in 42 CFR 433.10(c)(6).

Part 5 - State Attestations

The State attests to the following:

A. The application of the adult group FMAP methodology will not affect the timing or approval of any individual's eligibility for Medicaid.

B. The application of the adult group FMAP methodology will not be biased in such a manner as to inappropriately establish the numbers of, or medical assistance expenditures for, individuals determined to be newly or not newly eligible.

ATTACHMENTS

Not all of the attachments indicated below will apply to all states; some attachments may describe methodologies for multiple population groups within the new adult group. Indicate those of the following attachments which are included with this SPA:

☒ Attachment A - Conversion Plan Standards Referenced in Table 1

☐ Attachment B - Resource Criteria Proxy Methodology

☒ Attachment C - Enrollment Cap Methodology

Methodology For Identification For Applicable FMAP Rates. Refer to the January 23, 2014 correspondence between the State and CMS confirming the FMAP rates for our adult population, confirmation of expansion state status, and the enrollment cap for childless adults.

The federal medical assistance percentages (FMAP) percentages for individuals in the Adults Group shall be determined as follows:

1) Monthly capitation payment files (RP 250) are produced by the 5th working day of each month. The monthly files contain payment and member month information for those enrolled during that month and retroactive payments from any previous month.

2) On 12/1/09 the baseline enrollment for the childless adults was 27,265. To calculate the percentage of expenditures that should be charged to the newly eligible populations (100% FMAP) Hawaii will extract all members with Eligibility Code (elg cd) equal to "A42". Code A42 is assigned by the eligibility system as childless adults with a FPL not to exceed 100%.

3) A count of member months will be totaled for each month during the quarter. A member month is defined as any member enrolled for any period during that month. If a member is enrolled during a partial month it is counted as one member month.

4) The following are examples of how calculations will be completed.

   Expenditures for the childless adult population will include capitation payments and non-capitation payments including transplant services, behavioral health services, and fee for service payments not included in the capitation rates.

5) The quarterly average member month data and baseline number will be submitted to CMS by the first of each month following the end of the quarter to load into the MBES system. The information will be emailed to CMS Central Office and to CMS Regional Office.

Hawaii QUEST Expanded Medicaid - Demonstration Transition Plan Addendum

A. Coverage in 2014

1. The state does not intend to make any reductions to state plan eligibility for January 1, 2014. State plan beneficiaries will not have to take any action outside of the standard redetermination process.

2. The state will be delaying redetermination through March 31, 2014.

3. The state will transfer approximately 30,000-40,000 adults below 138 percent of federal poverty level (FPL) from the demonstration into the new adult group. This transition will require no action on the part of the beneficiary outside of the standard redetermination process.

B. Process for Transition

1. Per the approved demonstration, Hawaii expanded coverage effective October 1, 2013. The January 1, 2014 transition of demonstration beneficiaries to the Medicaid state plan will be seamless from the perspective of the beneficiary.

2. The state's new eligibility and enrollment system went live on October 1, 2013. During the last week of September, the state conducted a mass conversion of data from the old system to the new system. This involved a crosswalk between the systems, migration of the data, and then a conversion to the new coding.

3. The state is currently using prepopulated renewal forms and will continue to use them in the future.

4. The state will collect the additional information necessary for a Modified Adjusted Gross Income (MAGI) determination at the beneficiary's redetermination, beginning April 2014.

5. Hawaii checks an individual for all Medicaid eligibility categories prior to terminating the individual from the Medicaid or demonstration program.

6. Hawaii operates a State-based Marketplace (SBM). The Medicaid and SBM are separate entities. All applications for financial assistance are sent first to the Medicaid program, where individuals are screened for Medicaid eligibility. If the beneficiary is determined ineligible for Medicaid, the state will send all of the beneficiary's information electronically to the SBM. The SBM will then make an eligibility determination of for the Advanced Premium Tax Credit (APTC).

C. Notification Process/Notices

1. The state sent notices in both August and September 2013 to current beneficiaries informing them of the upcoming changes in eligibility and expansion program.

2. The state's Alternative Benefit Plan (ABP) has not yet been approved; however, Hawaii does not expect the approval of the ABP to result in any benefit changes for beneficiaries.

3. Hawaii does not intend to send any additional notices to beneficiaries moving from the demonstration to the state plan. Since this process will be seamless and not involve any change to benefits, the state feels that additional noticing would only create confusion about a process that will be seamless to the beneficiary.

D. Community Outreach

1. The SBM received level II grants to help inform people about the Marketplace. The state is marketing its SBM and Medicaid program as a continuum of "help with health insurance".

2. The SBM has substantial outreach efforts to encourage people to apply. The SBM is working with navigators.

3. The state has advertisements in the community about the new healthcare options and expansion.

- **To see if you qualify for regular Medicaid or other health coverage,** the hospital will help you fill out the Hawaii Application for Health Coverage & Help Paying Costs, if you choose. You can also apply for regular Medicaid and other health coverage online at mybenefit.hawaii.gov, via telephone, in person, or by mail.
- **Your presumptive eligibility will end on the date your application for Medicaid is either approved or denied.** If you are denied, you will be referred to the Connector for other affordable insurance programs.
- **If you do not fill out and submit the Hawaii Application for Health Coverage & Help Paying Costs** to see if you qualify for regular Medicaid or other health coverage, your presumptive eligibility for Medicaid coverage will end on the last day of the month after the month you are approved.

  For example, if you qualified for presumptive eligibility for Medicaid in January, it will end on the last day of February.

STEP 7 If you do not qualify for presumptive eligibility for Medicaid, what happens next?

You will get a notice from the hospital saying you were not approved. You cannot appeal the hospital's decision. But you can still apply for regular Medicaid or other health coverage using the Hawaii Application for Health Coverage & Help Paying Costs.

- **Hospital Presumptive Eligibility**
  - Hospitals can now determine individuals to be presumptively eligible for Medicaid

HPE Overview

What Is Hospital Presumptive Eligibility (HPE)?

- As of January 1, 2014, hospitals can immediately determine Medicaid eligibility for certain individuals who are likely to be eligible.
- Eligibility under HPE is temporary but allows immediate access to coverage for eligible individuals.
- The policies and procedures for determining HPE may differ from the current policies and procedures for determining regular Medicaid assistance.

Terms and Definitions

- **Application Signature**: The application must be signed by an adult household member (age 18 or over) or by an authorized representative.
- **Application Submission**: Applications may be submitted in person, by mail, or by fax.
- **Certain Individuals Needing Treatment for Breast or Cervical Cancer**: An individual who has been screened by an authorized CDC approved facility and requires treatment for breast or cervical cancer or a precancerous condition of the breast or cervix.
- **Dependent Child**: A child from birth to age 19
- **Eligibility Determination**: An approval or denial of eligibility.
- **Family Size Using Modified Adjusted Gross Income (MAGI) Methodology**: Means the number of persons counted as members of an individual's household. When determining the family size of individuals who have a pregnant woman in their household, the pregnant woman is counted just as herself.

Terms and Definitions

- **Former Foster Care Child:** An individual who is 18 to 26 years of age, not eligible for any other Medicaid coverage group, and was covered under Medicaid and in foster care when they turned age 18 or out of foster care.

- **Modified Adjusted Gross Income (MAGI)**: The methodology used to determine financial eligibility.

- **Non-Applicant**: An individual who is not seeking an eligibility determination for himself or herself and is included in an applicant's or client's household to determine eligibility for such applicant or client.

- **Non-Filer**: Individuals who do not intend either to file taxes or to be claimed as a tax dependent.

Terms and Definitions

- **Parent/Caretaker Relative**: A relative of a dependent child by blood, adoption, or marriage with whom the child is living, who assumes primary responsibility for the child's care, and who is one of the following:

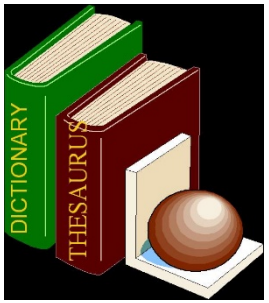
  - The child's father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece;
  - The spouse of such parent or relative including same sex marriage, even after the marriage is terminated by death or divorce; or
  - Another relative of the child based on blood, adoption, or marriage; the domestic partner of the parent or caretaker relative; or an adult with whom the child is living and who assumes primary responsibility for the dependent child's care.

Terms and Definitions

- **Pregnant Woman Hospital Presumptive Eligibility**: Medical coverage for an individual eligible in the Pregnant Women group is limited to prenatal services that are provided on an outpatient basis. For coverage of full Medicaid benefits, a pregnant woman must apply for regular Medicaid assistance.

- **Tax Dependent**: An individual for whom another individual claims a deduction for a personal exemption for a taxable year.

- **Tax Filer**: Individuals who intend to file a federal tax return for the coverage year and who do not intend to be claimed as a tax dependent by another taxpayer.



How HPE Works to Get People Connected to Coverage and Care

- HPE improves individuals' access to Medicaid and necessary services by providing another channel to apply for medical coverage.
- Hospitals will be reimbursed for services provided during the PE period.
- HPE is not about short-term coverage; it provides individuals with an opportunity to get connected to longer-term coverage options.

How Hospitals Can Participate in HPE

How Hospitals Can Participate in HPE

- Hospital participation in HPE is optional, but States must provide a mechanism for a hospital to become qualified to offer the HPE program.
- To make HPE determinations, a hospital must:
  - ❖ Participate in the Medicaid program;
  - ❖ Notify the State of its election to make HPE determinations by contacting the Program Administrator;
  - ❖ Designated staff must complete HPE training modules;
  - ❖ Agree to make HPE determinations consistent with policies and procedures of the State by signing an attestation form;
  - ❖ Maintain performance standards set by State; and
  - ❖ Have a signed Memorandum of Agreement (MOA) with the Department on file.

Hospital Staff Eligible to Make HPE Determinations

- Once a hospital is a qualified entity:
  - ❖ Any hospital employee who is properly trained and certified can make HPE determinations.
- Participating hospitals may not delegate HPE determinations to non-hospital staff:
  - ❖ Third party vendors or contractors may not make HPE determinations.
- Eligibility determinations will be based on MAGI non-filer rules:
  - ❖ The household's size will be determined by counting the individual plus their spouse and natural, adopted and step-children under age 19, or up to age 26 if a full time student, who are living together in the same household and who are not expected to be claimed by another tax-filer.

How Will Hospitals Be Trained?

The Department will use a Medicaid training module consisting of:

- This powerpoint presentation, which provides an overview of the Hospital Presumptive Eligibility (HPE) program and application for full Medicaid requirements for participating hospital staff;
- HPE Workshop conducted by assigned DHS staff.

The Department will conduct additional training(s) to address hospital deficiencies after initial implementation of HPE :

- Department staff will monitor hospital ability to meet performance standards;
- Additional training will focus on areas that need improvement or additional guidance.

Workshop and Training will include:

- Overview of HPE and regular Medicaid programs;
- Roles and responsibilities for the Hospital and Eligibility branch;
- Explanation of performance standards and requirements;
- Eligibility requirements for HPE, Children, Pregnant Women, Parent Caretaker Relatives, Adults, Former Foster Care Children and Certain Individuals Needing Treatment for Breast or Cervical Cancer * coverage groups;
- How to complete the HPE application form, DHS 1100, and other applicable Medicaid forms;
- The HPE eligibility determination process using MAGI non-filer rules for household composition and income eligibility;
- How to prepare and submit the HPE packet to EB for processing;
- All bases of coordination between hospital and Med-QUEST required to process for HPE (assigned staff, contact numbers, etc).

* Hospital must be designated as a CDC approved screening site for BCCEDP

Process for Staff Training and Certification

- Hospitals must select staff for training and certification and provide list of names for Department;
- Hospitals must coordinate with Med-QUEST to arrange for training of staff;
- Selected staff must attend Department approved HPE/Medicaid Workshop and Training;
- Staff must complete Department approved workshop and training and become certified in order to make HPE determinations;
- Staff must sign agreement to comply with all MOA requirements for participation in the HPE program;
- Certified hospital staff will be able to determine eligibility and issue notice of approval for HPE coverage to eligible individuals.

HPE Accuracy and Performance Standards

Hospitals shall be required to maintain the following performance standards to participate in the HPE program:

1) An 85% accuracy rate for correctly determined applications for HPE. This will be determined analyzing the HPE applications submitted by the hospital and evaluated for accuracy by EB staff;
2) 90% of individuals are offered help from hospital PE staff to complete the full Medicaid application;
3) 90% of hospital PE applicants will either submit a DHS 1100 application or an attestation sheets (completed by hospital staff for individuals who did not want to apply for regular Medicaid); and
4) 90% of hospital PE application packets shall be submitted timely (within 5 days from submission of HPE application) by the participating hospital to Med-QUEST Eligibility Branch.

HPE Performance Standards

- The Department shall initially authorize a “Phase in “ period to help hospitals reach required performance standards without penalty for initial 6-12 months of HPE program implementation.

- The Department shall analyze initial performance standards and focus training on areas that are not meeting requirements. Hospitals not meeting HPE program requirements will complete additional training in deficient areas. If still unable to meet standards after additional training, hospital will be subject to disqualification from the HPE program.

- The Department has the authority to terminate hospital participation in the HPE program for failure to meet Department policies and established standards, including failure to participate in additional training when deficiencies are identified.

Who is Eligible to Enroll in Medicaid through HPE? What are the Benefits?

  Children, Pregnant Women, Parents and Caretaker relatives, Adults, Former Foster Care Children and Certain Individuals Certain Individuals Needing Treatment for Breast or Cervical Cancer who are:

  - Not currently receiving Medicaid benefits and have not had a PE period in the last 12 months or for the same pregnancy (for a pregnant woman);
  - A Hawaii resident; and
  - A U.S. citizen or qualified non-citizen who meets Medicaid citizenship status requirements.

Criteria for Determining HPE Eligibility

The current MAGI rules are used to determine the following:

Note: 1) Former Foster Care Children have no income limit;

2) Financial eligibility for Certain Individuals Needing Treatment For Breast or Cervical Cancer is not subject to Medicaid income limits.

- Wages, salaries, tips, etc. ;
- Taxable interest;
- Alimony;
- Business income;
- Capital gains;
- Unemployment benefits;
- Rental real estate, royalties, partnerships, S corporations, etc. ;
- Other taxable income.

***ASSETS ARE NOT COUNTED FOR THE MAGI ELIGIBILITY GROUPS**

Non-Tax Filer MAGI rules

Non-Tax filer MAGI rules will be used to determine financial eligibility for HPE applicants, regardless of their actual tax filing status. To determine household size, count the following household members:

a. Applicant (and if living with the applicant):
   - Spouse
   - Child(ren)* under age 19 years

b. If applicant is under age 19 (and if living with the applicant):
   - Spouse
   - Child(ren)* under age 19 years;
   - Parent(s)*
   - Sibling(s)* under age 19 years

*Includes natural or biological, adopted, or step (parent/child/sibling). For sibling, includes half- sibling.

Determination of Household size, Income and Coverage Group

1) Evan (age 29) is applying for coverage for himself, his pregnant wife, Keira (age 26), and their daughter, Lilly (age 3) who all live together. Evan states he earns $1800 per month from his job. Keira does not work. Although Evan and Keira intend to file jointly, MAGI non-filer rules are applied to determine eligibility for HPE .

2) Evan and Keira have daughter Lily, so are first determined for eligibility under the Parent/Caretaker Group. If not eligible in this group, would be considered under another applicable coverage group (i.e. Adults).

   Lilly is under age 6, therefore, she is determined for eligibility under the Childrens Group (Child 1<6).

Determination of Household size, Income and Coverage Group (Cont'd)

3) Using the HPE Income Eligibility chart:
   - Evan and Keira's income of $1,800 < $1,926 Parent/Caretaker Group standard for a household size of 3, therefore, they are eligible under this coverage group.
   - Lilly's income of $1,800 < $2,677 Children Group standard for a household size of 3, therefore she is eligible under this group.

4) Tax household composition, size and coverage groups for Evan, Keira, & Lilly are shown below:

HH	Evan	Keira	Lilly	Family Size	Income	Coverage Group
Evan	X	X	X	3	$1,800	Parent/Caretaker
Keira	X	X	X	3	$1,800	Parent/Caretaker
Lilly	X	X	X	3	$ 1,800	Children

What are the Benefits?

Individuals approved for presumptive eligibility receive the same Medicaid services as the group they are approved for under the Medicaid State Plan and 1115 Waiver as applicable. However, for individuals eligible in the Pregnant Women group, presumptive eligibility is limited to ambulatory prenatal care only.

Duration of Eligibility under HPE

- The HPE period begins with, and includes, the day on which the hospital makes the HPE determination.

- The HPE period ends on:
  - ❖ The day on which the eligibility site makes the eligibility determination for full Medicaid; or
  - ❖ The last day of the month following the month in which the hospital makes the HPE determination if the individual did not apply for Medicaid.

- The HPE period is limited to one in a 12 month period and/or once per pregnancy for a pregnant woman.

How The HPE Process Works

Hospital PE Application

- The HPE application is a short application form for individuals to apply for hospital presumptive eligibility. It requests minimal information such as:
  - ❖ Contact information
  - ❖ Household members
  - ❖ Total income for the household
- For individuals with no previous Medicaid ID number, a temporary ID number will be created using the hospital's provider ID + the last 4 digits of the individual's SSN until a Medicaid ID number is generated by Med-QUEST staff;
- Hospital shall log all HPE applications and send monthly data to Med-QUEST for monitoring purposes.

Verification of Eligibility Criteria

- Hospital Presumptive Eligibility determinations will be based on self-attestation of required information;
- Individual cannot be required to provide proof/documentation of any HPE eligibility criteria (e.g., can't require medical verification of pregnancy);
- Hospital/Department must accept self-attestation of income, citizenship/immigration status, State residency and household size.

The HPE Determination Process

At the individual's initial visit, trained hospital staff shall:

- Check for current Medicaid eligibility by contacting the Enrollment Call Center for applicable information (Medicaid status, Medicaid ID number, Health plan);
- If already a Medicaid recipient, refer applicant to appropriate health plan for assistance, not eligible for HPE;
- If not a Medicaid recipient, determine if individual meets HPE eligibility requirements for appropriate coverage group;
- Self-attestation of previous or current Medicaid eligibility shall be accepted during non-business hours;
- If HPE requirements are met, help the individual complete the HPE application form for HPE. If determined ineligible for HPE, explain benefits of "regular" Medicaid and offer to help applicant complete the DHS 1100, "Application for Health Coverage & Help Paying Costs" form for submission to Med-QUEST if interested in applying;

The HPE Determination Process (cont'd)

- Complete HPE eligibility determination and give applicant approval notice verifying applicant's HPE eligibility, coverage group and effective date of HPE coverage;
- Explain to applicant that the notice will serve as verification of eligibility for applicant;
- Offer assistance to applicant to apply for regular Medicaid by completing the DHS 1100 form.
- If applicant chooses not to apply for Medicaid, indicate this on the "Attestation sheet for DHS 1100" and sign in the field indicated on the bottom of the sheet.
- If applicant wants to apply for regular Medicaid, assist with application form and have HPE applicant sign and date the "Attestation sheet for DHS 1100"; and
- Submit with the HPE packet to the EB unit.

Create HPE packet to send to Med-QUEST

Upon completion of the HPE determination, hospital staff shall:

1) Create HPE packet to fax to appropriate EB office consisting of:
    - Completed and signed HPE packet cover sheet;
    - Completed HPE application
    - HPE decision notice;
    - Completed DHS 1100 if applicable; and
    - Completed Attestation sheet for DHS 1100
2) Record HPE application on hospital HPE log and date information is faxed to EB;
3) Fax complete packet to the appropriate Med-QUEST office within 5 days for HPMMIS input and determination of regular Medicaid; and
4) Keep hard copies of HPE packets for future reference.
