The H-HEAP office in Hawaii is administratively attached to the Department of Human Services (DHS).H-HEAP consists of one Program Specialist (responsible for the program, payments, and budget) and a part-time clerk. All functions of H-HEAP are the responsibility of the Program Specialist. Supervision and support services, i.e. fiscal management, IT support, and investigation are supported by DHS staff. H-HEAP has many checks and balances to avoid fraud in each stage of the H-HEAP process; there is no one person or agency that determines eligibility and pays benefits. Community Action agencies determine eligibility, which is submitted to the state for final review and payment generation. The eligible households are also matched against utility accounts to ensure correct accounts are being credited. Hawaii has many internal layers of checks and balances before final payment is made, Hawaii fiscal requirements have multiple layers to clear prior to generation of payments.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.
H-HEAP Coordinator will conduct unscheduled site visits to monitor application processing. The dates and islands are selected randomly during the month of applications for Energy Credits. H-HEAP Coordinator conducts desk reviews of random sampling of cases for all islands. Reviews of cases are discussed with the contract managers for corrective action. Review of case process are also discussed for corrective action. i. e. making site more secure for employees and cases, posting signs visibly so applicants can locate the site, having a workflow to insure checks and balances are adhered to. Denials which lead to requests for Administrative Hearing are sent to the H-HEAP Coordinator, who reviews the decision and writes the branch report for the hearing, validating that the denial was correct and citing appropriate H-HEAP policies and procedures.
10.7. Describe how you select local agencies for monitoring reviews. Attach a risk assessment if subrecipients are utilized.
Site Visits: All sites are monitored and reviewed. A special site visit may be scheduled if an agency is exhibiting problems, delays in submitting report s and data, or large influx of complaints and fair hearing requests. A special visit may also be scheduled to assist with evaluations and suggestions if an agency has a new manager. Unannounced site visits are scheduled by island on a rotation. The schedule may be amended, and sites re-visited if agency has experienced errors or problems. These visits are scheduled and conducted by the LIHEAP coordinator to ensure that they are unannounced. The number of cases reviewed is dependent on the number of applications each site processed.
Desk Reviews:
All sites are monitored and reviewed. It is a random sampling of cases, numbers are set by contract. Sampling will include approvals for EC and ECI, denials for EC and ECI, and all cases of employees applying for H-HEAP.
10.8. How often is each local agency monitored? <i>Please attach a monitoring schedule if one has been developed.</i> Triannually
10.9. How many local agencies are currently on corrective action plans? None

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central pint is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

1. By signing and/or submitting this application or grant agreement, the Grant recipient is providing the certification set out below.

2. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the Grant recipient knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. For Grant recipients other than individuals, Alternate I applies.

4. For Grant recipients who are individuals, Alternate II applies.

5. Workplaces under grants, for Grant recipients other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the Grant recipient does not identify the workplaces at the time of application, or upon award, if there is no application, the Grant recipient must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the Grant recipients drug-free workplace requirements.

6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).

7. If the workplace identified to the agency changes during the performance of the grant, the Grant recipient shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grant recipients attention is called, in particular, to the following definitions from these rules: *Controlled substance* means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a Grant recipient directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the Grant recipients payroll. This definition does not include workers not on the payroll of the Grant recipient (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the Grant recipients payroll; or employees of subrecipients or subcontractors in covered workplaces).
