Part A - Program Goals, Administration, and Implementation

1.0 GOALS AND OBJECTIVES

Hawaii's Temporary Assistance for Needy Families (TANF) program provides cash assistance benefits to needy families with (or expecting) children, and case management, employment, and supportive services to adult TANF recipients through the First-To-Work (FTW) program, to enable them to obtain and retain employment, exit TANF, and become financially independent.

The following statements were used as guiding principles in the design of Hawaii's TANF program when welfare reform was executed under the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA):

- A. Welfare is temporary and not a way of life.
- B. Parents, not government, are responsible for the support and maintenance of their children's well-being.
- C. Parents who are able to work, must work.
- D. Families must be financially better off by going to work than staying on welfare.

To achieve these objectives, the program uses a combination of positive incentives and adverse actions to challenge applicants and recipients to move away from welfare dependency and toward a future of financial self-reliance. The adverse actions include the sixty-month time limitation and welfare grant reductions for households that contain at least one (1) work eligible individual, and penalties for failure to participate in work activities. The positive incentives include exclusion of the earned income of dependent children who are full-time students; disregard of assets and resources; exclusion of all educational loans, grants, and scholarships; and increased earned income disregards so that a family remains eligible for welfare assistance until their gross income exceeds 185% of the federal poverty guideline (FPG) or their net earned income exceeds 48% of the FPG by household size (Note: Hawaii's FPG is legislatively capped at the FPG for 2006).

2.0 PROGRAM ADMINISTRATION

The State Department of Human Services (DHS)

DHS is the single state agency responsible for administering the TANF program in Hawaii, in accordance with Title IV-A of the Social Security Act, as amended by the PRWORA and the Deficit Reduction Act of 2005 (DRA), and all other applicable federal laws and regulations and provisions of this State Plan.

3.0 PROGRAM OVERSIGHT

The Benefit, Employment and Support Services Division (BESSD) and TANF Program Office

The Hawaii TANF program is managed under BESSD which is responsible for the administration of the program. Under BESSD, the TANF Program Office provides policy and administrative direction in the development and implementation of the TANF program that includes TANF financial assistance benefits, the TANF work program called the First-To-Work (FTW) program, and supportive services.

4.0 PROGRAM IMPLEMENTATION

4.1 Processing Centers

Applications for TANF financial assistance are accepted at any processing centers statewide. There are 21 processing centers that conduct eligibility determination and issues benefits for the state- and federal-funded TANF programs; the Supplemental Nutrition Assistance Program (SNAP); and the state-funded General Assistance and Aid to the Aged, Blind and Disabled programs.

- A. Oahu - nine processing centers
- B. Maui County (includes Maui, Molokai and Lanai) - four processing centers
- C. Hawaii Island - seven processing centers
- D. Kauai – one processing center

4.2 FTW Units

The state’s FTW program provides employment and training services, counseling and case management services, and supportive services to TANF applicants and recipients. There are twenty-two (22) FTW units operated by the state and a non-profit organization contracted by DHS.

- A. Oahu – six BESSD offices and four contract offices;
- B. Maui County (includes Maui, Molokai and Lanai) – one BESSD offices and two contract offices;
- C. Hawaii Island – two BESSD offices and four contract offices; and
- D. Kaua`i – one BESSD office and two contract offices.

An organizational chart of DHS and BESSD are provided as Attachment A-1. Please refer to sections 16.0 to 22.0 for more information on the FTW program services.

5.0 PROGRAM AND FISCAL INTEGRITY

5.1 Regulations, Policies and Procedures

The TANF program operates using uniform policies on all islands (counties). The Department's regulations are promulgated in accordance with the Hawaii Administrative Procedures Act, Chapter 91, Hawaii Revised Statutes (HRS), which provides the public with an opportunity for notice, review, and comment.

Approved regulations are distributed to all state and contracted staff, who are responsible for TANF program operations, via the Hawaii Administrative Rules (HAR) manual. Policy clarifications and emergency bulletins are also distributed to all affected staff statewide on an as needed basis.

5.2 Fraud and Financial Integrity

DHS identifies situations in which there are questions or suspected fraud such as, but not limited to, a recipient receiving financial assistance to which the individual is not entitled to receive. The suspected fraud may be the result of willful misrepresentation of the individual's circumstances or the intentional concealment of information from the Department.

In the BESSD organization, the Investigations Office investigates suspected fraud and refers cases, as appropriate, to law enforcement officials.

The methods of investigation used by the Department do not infringe on the legal rights of the persons involved and allow these individuals due process of law.

Administrative rules governing the Department's fraud provisions can be found in [Chapter 17-604.1, Hawaii Administrative Rules](#).

5.3 Public Law 112-96

Hawaii has implemented Public Law 112-96, Section 4004, requiring policies and practices to prevent assistance from being used in any electronic benefits transfer (EBT) transaction in any liquor store; any casino, gambling casino, or gaming establishment; or any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment by utilizing client notification and agreement. Initially to meet the requirements, a mass mailing of the notice was sent to current recipients in July 2014 with information on the restriction along with a list of restricted locations. Additionally, all recipients are notified at the point of applying for TANF that there is a restriction on accessing TANF benefits at specific locations. This information on the restriction on the use of TANF benefits from prohibited locations or establishments is included in form DHS 1240, *Application for*

Financial and SNAP Assistance. By signing the application form (also used the annual recertification form), the applicants and recipients agree to abide by the restriction. The instruction pamphlet on the use of the EBT card has also been revised to include the restriction.

See Attachments A-2, form DHS 1240, *Application for Financial and SNAP Assistance*, and A-3, pamphlet, *How to Use Your Hawaii EBT Card*.

6.0 CLIENT PROTECTIONS

6.1 Confidentiality

The rules regarding the use and disclosure of information about individuals and families receiving assistance are consistent with the rules that guided the program under Title IV-A of the Social Security Act of 1935 prior to the enactment of the PRWORA. The rules protect the rights of individuals and permit the release of information to programs operating in connection with the TANF program, i.e., federal funded or federal assisted programs providing assistance based on need, or for appropriate audit purposes, or to appropriate local, state, and federal law enforcement officials. Pertinent administrative rules governing confidentiality can be found in [Chapter 17-601, HAR](#).

6.2 Administrative Hearing and Appeals Process

Hawaii provides a timely and adequate notice to the recipient that is mailed at least ten (10) days prior to an adverse action (i.e., reduction or termination of benefits) and provides opportunities for clients who have been adversely affected to be heard in a state administered appeals process. There is a set time limit for a client to request an administrative hearing; and for the Department to conduct the hearing and render an administrative decision. Administrative hearings are presided over by impartial hearing officers. Clients are allowed to present their appeals independently; be represented by legal counsel or authorized representative; bring witnesses to the hearing; ask questions and cross-examine during the hearing; and present additional evidence to support their appeal. If dissatisfied with the decision rendered by the hearing officer, the client may file a notice of appeal with the circuit court. Administrative rules governing administrative hearings can be found in [Chapter 17-602.1, HAR](#).

6.3 Limited English Proficiency

Hawaii has policies and procedures for providing interpreter and translation services. We provide a bilingual interpreter at no charge and have entered into a Resolution Agreement with the U. S. Department of Health and Human Services, Office for Civil Rights, related to this effective August 18, 2008.

7.0 MAJOR STATE POLICIES AND ADMINISTRATIVE PROVISIONS

7.1 State Temporary Assistance for Other Needy Families Program

Hawaii provides assistance to eligible non-U.S. citizen households, as defined in the Welfare Reform, paid with segregated state maintenance-of-effort funds, under the Temporary Assistance for Other Needy Families or TAONF program. TAONF is a parallel program that has the same payment and program eligibility requirements as TANF. TAONF households include an eligible non-U.S. citizen member, or is a minor single- or two-parent household living independently.

7.2 Domestic Violence Option

In March 2002, the State implemented its domestic violence policy. Domestic violence status is limited to six (6) months with a possible extension of an additional six (6) months. Work eligible individuals who are granted a domestic violence status are assessed by contracted service providers that specialize in domestic violence and advocacy services. The work eligible individuals are required to participate in activities that will address the domestic violence crisis and their family's needs. Domestic violence services are provided statewide. Compliance with services is a condition of receiving TANF or TAONF assistance and the domestic violence status which grants good cause from meeting work requirements. Effective January 17, 2008, non-compliance with services will result in a full family sanction.

Please refer to subsection 13.9 for more information on the domestic violence status.

7.3 Temporary Disability

7.3.1 Hawaii recognizes that work eligible individuals, who are temporarily disabled, may not meet work activity requirements or obtain and maintain employment. Work eligible individuals, who claim a physical or mental disability, may be granted good cause from work requirements if the disability is certified by the medical evaluation board (see subsection 7.3.2 below). The temporarily disabled individual must comply with their substance use disorder treatment plan, or vocational rehabilitation or treatment services, or both, which may reasonably expect to lead them to employment and financial independence. Individuals diagnosed as temporarily disabled with a substance use disorder or with a physical and/or mental disability receive vocational rehabilitation case management services from a contracted service provider. The entire household is sanctioned if the disabled work eligible individual refuses or fails to comply with treatment (see subsection 13.5).

7.3.2 Effective January 2005, medical evaluation services, conducted by a board of licensed physicians and psychologists, are provided to determine whether a work eligible individual's disability is temporary or permanent and interferes with their ability to engage in any substantial gainful employment of at least thirty (30) hours per week at a job for which he or she is equipped by education, training, or experience. The medical evaluation board ensures that TANF recipients between the ages of eighteen (18) and sixty-five (65) years are afforded a fair and consistent evaluation of disability and determines appropriate treatment services, vocational rehabilitation services, or work activities that the individual can be expected to perform.

7.4 Work Eligible Individuals with Good Cause from Work Requirements

A special work participation status, referred to as an "other work eligible individual" or "OWEI", for a work eligible individual who is unable to engage in work activities or employment due to one of the following reasons:

- A. The individual is unable to engage in full-time employment as defined by the work participation requirements of the Social Security Act, 42 U.S.C. section 607, at a job for which he or she is equipped by education, training, or experience, for a period of more than thirty days from the onset of an illness, incapacity, or disability due to a physical or mental impairment or substance use disorder, as determined by a licensed physical or psychologist (see subsections 7.3 and 13.4 for more information on temporary disability);
- B. Domestic violence crisis situation involving the TANF household or member(s) of the TANF household (see subsection 7.2 and 13.9 for more information on the domestic violence option); or
- C. The individual is sixty-five years of age or older.

An OWEI, who meets one of the above criteria, is granted good cause from meeting the work activity requirements described in 45 CFR Part 261, section 261.31.

7.5 Extended TANF Sixty-Month Time Limit Due to Hardship

Pursuant to 45 CFR Part 264, section 264.1(c), Hawaii provides TANF or TAONF assistance beyond the sixty-month time-limit if the household is experiencing hardship that impedes their ability to engage in work activities or obtain and maintain employment. Hardship is defined as follows:

- A. The household has been confirmed to be in a domestic violence crisis by a domestic violence advocacy service provider (see subsections 7.2 and 13.9); or

- B. A single-parent or both parents of a two-parent household, who are work eligible individuals, have been determined and certified by a medical evaluation board, to be temporarily disabled for more than thirty (30) days due to a physical or mental disability or requires treatment due to a substance use disorder (see subsections 7.3 and 13.4).

Work eligible individual(s) of a household that meet the domestic violence status or a disability criteria, are deemed to be an OWEI as described in subsection 7.3 above.

7.6 Subsidized Employment

Hawaii provides subsidized employment placement services for TANF recipients, who participate with the FTW program, through the Supporting Employment Empowerment (SEE) program. The SEE program designed to assist FTW program participants to obtain employment in the private sector. The Department offers prospective employers reimbursements for wages paid and transportation expenses incurred for the participant if they agree to hire FTW participants. Employment through the SEE program is for a period up to three (3) months; however, employment may be extended up to an additional three (3) months, not to exceed a total of six (6) months. Administrative rules governing the SEE program can be found in [Chapter 17-795, HAR](#).

Part B - Assistance and Eligibility

8.0 APPLICATION AND ELIGIBILITY DETERMINATION

8.1 Application Process

Households requesting financial assistance through the TANF program must file an application form; completed an eligibility interview conducted by an employee designated by the Department; and provide information and documentation pertaining to the household unit or individual household member(s) when requested by the Department designee. Form DHS 1240, *Applications for Financial and SNAP Assistance*, may be obtained and submitted at any processing center statewide or online through the [Public Assistance Information System](#) or [PAIS](#). Families may request an application form to be mailed by calling the Public Assistance Information Line at 1-855-643-1643. Processing centers are open during regular business hours, Monday through Friday, but are closed on all state holidays.

During the application eligibility interview, forms DHS 1242, *TANF Memorandum of Understanding*; DHS 1259, *First-To-Work Referral and Requirements*; and DHS 1247, *Notice of Requirement to Cooperate with Child Support Enforcement Agency and Right to Claim Good Cause*, are reviewed with the applicant. The applicant household is informed of the sixty-month time-limit to receive financial assistance benefits, work program participation requirements, cooperation to child support establishment as a condition of TANF eligibility, and the consequences if requirements are not met.

The Department must make a disposition on an application within forty-five (45) days. The 45-day period begins on the date a processing center receives the application form containing, at a minimum, the applicant's full name, address, and signature. The 45-day period ends when financial assistance benefits are authorized or when a notice is mailed to the applicant household that their application for financial assistance has been denied or discontinued.

8.2 Eligibility Redeterminations and Reporting of Household Changes

8.2.1 A household is certified eligible for benefits for a period of twelve (12) months following their initial eligibility determination for TANF financial assistance. The household must be recertified on an annual basis by submitting a new DHS 1240 application form; completing an eligibility interview; and providing information and documentations necessary to determine continued eligibility for the subsequent twelve (12) months.

- 8.2.2 A TANF recipient household with no elderly or disabled members, who have earned income and receives SNAP benefits, is required to complete a simplified report form, semi-annually, to confirm that no changes occurred during the previous six (6) months that would alter their continued eligibility. The household is required to report on the simplified report form and provide documentation of changes to their household composition, income, and other eligibility factors. The processing center will determine whether the household continues to be eligible for financial assistance for the remaining six (6) months of their certification period.
- 8.2.3 In addition to the semi-annual and annual eligibility redeterminations, a recipient household must report and provide verification of any changes to their household composition and/or income within ten (10) days of the date the change became known to the household.

9.0 ASSISTANCE UNIT

9.1 Definition of Eligible Family

- 9.1.1 To be categorically eligible for TANF, a family must include a needy dependent child under the age of eighteen (18) years and the child's natural or adoptive parent(s) or a specified relative if the child's parents are absent. A child aged 18 years may remain eligible if the child is a full-time high school student or is enrolled in a program of an equivalent level of vocational or technical training, until graduation or when the child reaches age nineteen (19), whichever occurs first.
- A. A specified relative is defined as the designated relative who provides care and supervision of the dependent child and lives in the same household. The specified relative may include the following individuals in relation to the child:
1. Brother, sister, half-brother, half-sister, uncle, aunt, uncle half-blood, aunt half-blood, great uncle, great aunt, great uncle half-blood, great aunt half-blood, grandfather, grandmother, great grandfather, great grandmother, first cousin, first cousin once removed, nephew or niece, great-great grandfather, great-great grandmother, great-great-great grandfather, great-great-great grandmother, great-great uncle, great-great aunt, great-great uncle half-blood, great-great aunt half-blood;
 2. Stepfather, stepmother, stepbrother, and stepsister;

3. Other natural or legally adopted children and relatives of the adoptive parents;
 4. A hanai father or hānai mother. “Hanai”, in the Hawaiian culture, refers to the informal adoption of a child, taken permanently to be reared, educated, and loved by someone other than the child’s natural parents at the time of the child’s birth or in early childhood. A hanai parent may be a relative or not related to the minor child. The child was given outright, and the natural parents renounced all claims to the child; and
 5. The legally married spouse of any of the persons specified above, even after the marriage ended in death or divorce.
- B. A specified relative must apply for TANF benefits on behalf of the dependent child, and the relationship between the child and the specified relative must be verified through birth certificates, marriage certificates, or other legal documents such as a divorce decree or court documents establishing guardianship (i.e., for hanai parents or custody in divorce). A specified relative, who does not need assistance, may be excluded from the TANF household for the purposes of determining eligibility and the amount of TANF benefits for the needy household members.
- 9.1.2 In situations where the state has obtained legal custody of a child and has placed that child under the care and supervision of a person other than the parent, the following shall apply:
- A. The parental relationship shall not be recognized for the purpose of determining the TANF household composition, even if the natural, adoptive or hanai (i.e., formal and informal adoption) parent is living in the same household; and
 - B. The sibling relationship shall not be recognized if the natural, adoptive or hanai parent is living in the same household and has other children or stepchildren living in the home for whom the state has not obtained legal custody.
- 9.1.3 In situations where an adopted child is living with both the adoptive parent and a natural or hanai parent the following shall apply:
- A. The natural or hanai parent relationship shall not be recognized for the purpose of determining the TANF household composition; and
 - B. The sibling relationship shall not be recognized if the natural or hanai

parent has other children or stepchildren living in the household who have not been adopted.

9.2 Pregnant Woman Without Dependent Children

A needy pregnant woman with no dependent child may be eligible for TANF financial assistance from the first of the month in which the woman begins her ninth month of pregnancy, provided:

- A. There is a doctor's written statement to verify the pregnancy and the expected date of birth of the child.
- B. The pregnant woman and the unborn child together is considered as one person for the purpose of determining the amount of TANF assistance; and
- C. The income of the unborn child's father shall be counted towards determining eligibility for the pregnant woman if they are married and residing in the same household, otherwise, the father's income will not be counted in determining eligibility until the child is born.

9.3 Minor Child

Hawaii defines a minor child as a needy dependent child under age eighteen (18) years, or under age nineteen (19) years if the child is a full-time student in a secondary school or in a vocational or technical training program of equivalent level. Effective January 15, 2008, a needy child under the age of eighteen (18) years is required to participate with the FTW program if the child is not a full-time student or has completed secondary school or an equivalent level of vocational or technical training.

10.0 ELIGIBILITY, INCOME, AND RESOURCES

The Hawaii Legislature sets the income standard, in state statutes, at a percentage of the FPG. The monthly gross income standard is 185% of the standard of need (SON). Effective July 1, 2007, the SON is set at one hundred percent (100%) of Hawaii's 2006 FPG in accordance with section 346-53, HRS. Effective July 1, 2009, the standard of assistance (SOA) is 48% of the SON. The SOA is further reduced by 20% if the TANF household includes a work eligible adult and the household has received their first two (2) full months of assistance at the 48% standard.

To determine eligibility, the household must meet specific income requirements. The prospective income (earned plus unearned) of each household member is evaluated. If not excluded by rule or regulation, the household's monthly income is tested prospectively against the gross income standard based on the applicable household size.

If the household meets the gross income standard, then deductions are applied to the household's earned income, if applicable. The sum of the household's unearned income and adjusted earned income (i.e., after deductions) is then compared to the SOA. The difference between the SOA for the applicable household size and the sum of the household's countable income will be the household's monthly financial benefit amount. If the sum exceeds the SOA, then the household is not eligible for TANF financial assistance.

10.1 Gross Income Test

A household's countable gross income is determined based on all actual unearned and earned income, unless excluded by rule or regulation. In accordance with section 17-676.54.1, HAR, a household's total monthly gross income may not exceed one hundred eighty-five percent (185%) of Hawaii's 2006 FPG for the applicable household size.

10.2 Earned Income Deductions

The following deductions are applicable to earned income only.

10.2.1 If a household meets the gross income standard, then following deductions are applied for each countable earned income:

- A. Standard Deduction of 20%;
- B. Flat Rate Deduction of \$200;
- C. Earned Income Disregard of 36% or 55% (see subsection 10.2.2 below);
and
- D. Deduction for Dependent Care Expense, when applicable.

After the above deductions are applied, the total remaining income is compared to the SOA to determine the household's financial benefit amount (see subsection 10.3 below).

10.2.2 Households who received twenty-four (24) months or less of TANF benefits and are employed, are eligible for an Earned Income Disregard (EIDR) at fifty-five percent (55%) prior to determining the amount of assistance. Employed families who received more than twenty-four (24) months of TANF benefits are not eligible to receive the higher EIDR; therefore, the EIDR remains at 36%.

Gross Income	
Minus 20%	Standard Deduction
Minus \$200	Flat Rate Deduction
Minus EIDR	55% (0 – 24 TANF months) or 36% (25± TANF months)

Minus \$175, or Minus \$165	Cost of care for a disabled adult household member up to \$175, if applicant is full-time employed, or \$165 if part-time employed.
Remainder	Countable income compared to the SOA (see subsection 10.3 below)

10.3 Determining Amount of Assistance

The difference between the SOA for the applicable household size and the household's countable income after deductions (subsection 10.2 above) will be the household's monthly financial benefit amount.

SOA for applicable household size
Minus Countable income after deductions
<hr/> Household monthly benefit amount

If the household's countable income after deductions exceed the SOA for the applicable household size, then the family is not eligible for TANF financial benefits.

10.4 Deemed Income

TANF has specific deeming requirements when there is a 1) husband, wife, or parent living in the same home, but not on assistance due to failing to furnish a Social Security Number, or an Intentional Program Violation disqualification, or being an ineligible immigrant parent; 2) stepparent living in the same home but not on assistance; and 3) parent of a minor parent living in the same home but not on assistance.

10.4.1 Deemed Income of Disqualified individuals

Any countable unearned and earned income of an individual who is disqualified from receiving assistance for failure to furnish a Social Security Number or due to Intentional Program Violation, is deemed available to the household provided the other household members may be claimed by the individual as dependents for federal income tax purposes. Income test described in subsection 10.1 is applied to determine eligibility; however, the disqualified individual is excluded from the household size when the amount of assistance is determined in accordance with subsections 10.2 and 10.3.

10.4.2 Stepparent or Parent of a Minor Parent:

- A. Obtain the monthly total earned and unearned income of the stepparent.
- B. From the stepparent's monthly gross earned income, deduct a standard deduction of 20%.
- C. From the remainder, subtract the Department's specified SON to meet the needs of the stepparent and any other dependents who are living in the home who are not part of the financial assistance unit.

- D. From the remainder, subtract the actual amount paid by the stepparent for the support of dependents who are not living in the home (e.g., child attending school away from home).
- E. From the remainder, subtract all payments made by the stepparent for alimony and child support for persons not living in the household; and
- F. All the remaining income shall be considered available to meet the needs of the individuals receiving financial assistance.

10.5 Assets

All assets are disregarded when determining eligibility for TANF financial assistance benefits.

10.6 Residency

Applicants/recipients must be residents of the state, but there is no minimum period a person must be living in the state to establish residency. Hawaii treats new families moving to the state the same as families already residing in the state.

10.7 Felony Substance Abuse

The 1997 Hawaii Legislature passed Act 128 which specified that section 115(a) of Public Law 104-193 shall not apply in Hawaii to persons with a felony conviction which has as an element, the possession, use or distribution of a controlled substance, provided these individuals are complying with treatment or have not refused or failed to comply with treatment. This statute became permanent when the 1999 Hawaii Legislature passed Act 27 to remove the sunset clause.

10.8 Fleeing Felons

A fleeing/fugitive felon interface is done semi-annually with the National Crime Information Center to identify any individuals who meet these definitions and who are receiving assistance in Hawaii. Any individual identified on this match is removed from financial assistance immediately.

10.9 Temporarily Absent from the Home

“Temporarily absent” means the dependent child or the caretaker relative is not present in the home for a period not to exceed sixty (60) days, or for a household receiving supportive services through a plan approved by the department, not to exceed one hundred and eighty (180) days, provided that from the date of departure, there was a planned date of return.

There are no good cause exceptions for temporary absence beyond the allowable periods explained above.

11.0 INCOME AND BENEFIT STANDARDS, ACCESS TO BENEFITS

11.1 Income and Benefit Standards

Effective July 1, 2009:

HH Size	SON ¹	Gross Income ²	SOA ³	SOA ⁴
1	\$939	\$1,737	\$450	\$360

8	\$3,220	\$5,957	\$1,545	\$1,236
For each addit'l HH mem	\$326	\$603	\$156	\$126

1. Standard of Need (SON) is 100% of the 2006 Hawaii FPG, established by the federal government effective July 1, 2006.
2. Gross income standard is 185% of the SON.
3. SOA is 48% of the SON.
4. SOA is reduced by 20% after the family received their initial two (2) full months of benefits and is applicable to mandatory work required TANF households, effective July 1, 2009.

11.2 Access to Benefits

11.2.1 TANF financial assistance is issued monthly to eligible households as direct cash assistance through the household's EBT account, direct deposit into a personal bank account, or an imprest check. Imprest checks are issued only when the applicant faces an emergency and meets the emergency criteria.

Benefits are deposited automatically into the household's EBT cash account each month and are available on the third (3rd) day of the month if the primary household member's last name begins with letters A – I, or on the fifth (5th) day of the month for last names beginning with J – Z. Those who opted to receive their benefits via direct deposit into their bank accounts, will receive their benefits by the third (3rd) bank day of the month regardless of last name. Also, those with direct deposit who receive SNAP assistance will receive their SNAP benefits on the 1st calendar day of each month.

11.2.2 Households receive an EBT card to access their benefits. Benefits may be withdrawn from automated teller machines or ATM and point of sale or POS terminals to make a cash purchase or to obtain cash back within retail stores. Hawaii ensures access to assistance by providing two (2) free ATM transactions per month and ensuring there are ATM and or POS terminals in all geographical

areas. There is no transaction fee when accessing benefits by way of a POS terminal. Recipients are also issued an EBT brochure, *How to Use Your Hawaii EBT Card* (Attachment A-3) which includes information on where benefits may be accessed. Any surcharges assessed by the ATM owner are the responsibility of the recipient. Excess transaction fees and surcharges are deducted from the recipient's account balance. Hawaii also has a process in place to address problems with access such as, but not limited to, when the recipient loses their EBT card or when the EBT card does not work. Recipients may also elect to access benefits by way of a direct deposit to a personal bank account designated by the primary payee. Recipients electing direct deposit are not issued an EBT card as access to benefits will be through their financial institution and any fees associated with their personal bank account is the responsibility of the recipient.

12.0 TIME LIMITS

12.1 Sixty-Month Time Limit

Receipt of TANF assistance is limited to sixty (60) months in the lifetime for all recipient households when there is an adult member who is deemed to be a work eligible individual. The time limit begins when the TANF household first receives assistance on or after December 1, 1996. A time eligible month is credited to each adult household member, for each month that the household received assistance. The determination of the number of months of assistance that has been received by a household is based on the adult household member that has the greatest number of used time eligible months.

12.2 Assistance Beyond the Sixty-Month Time Limit Due to Hardship

Pursuant to 45 CFR section 264.1, subsection (c), the state provides TANF or TAONF assistance to households beyond the 60-month time limit if the household is experiencing hardship. Please refer to subsection 7.5 for the state's definition of hardship and the application of the hardship policy.

12.3 Time Limit Provision for Dependent Children

The time limit provision is not applied to minor dependent children who receive assistance and for child-only households in which the dependent children are the only recipients in the household.

13.0 PROGRAM REQUIREMENTS, PENALTIES AND SPECIAL PROVISIONS

13.1 Up-Front Universal Engagement

Effective October 1, 2008, as a condition of eligibility for TANF benefits, applicants, determined to be work eligible individuals, are required to comply with work activity requirements within a twenty-one (21) day period, starting from the date of intake conducted by the FTW program. Work participation compliance prior to TANF approval is referred to as the Up-front Universal Engagement or UFUE. The Department conducts an initial assessment to determine if the applicant is required to participate in the FTW program. One adult in a two-adult household, must attend the FTW program orientation and an intake session within five (5) workdays from the date of eligibility interview.

13.2 Child Support Enforcement Agency (CSEA)

When a biological or adoptive parent is absent, the family is required to comply, as a condition of eligibility, with the following requirements by cooperating with the CSEA:

- A. Identify the absent parent(s) of any child(ren) for which assistance is being applied for and provide information to locate the absent parent(s).
- B. Establish paternity if the child(ren) were born out of wedlock.
- C. Help to establish and obtain child support and medical coverage for the child(ren) who are receiving assistance, including past due child support.
- D. Determine rights to future Social Security, veteran, or other government benefits; and
- E. Reimburse the State any money given directly by the absent parent while the family receives financial assistance benefits.

Applicants and recipients are notified of the child support requirements during their initial and annual eligibility interview (for recertification) and are provided with a copy of form DHS 1247, *Notice of Requirement to Cooperate with Child Support Enforcement Agency and Right to Claim Good Cause*.

An applicant or recipient is provided the opportunity to claim good cause if they believe cooperating with CSEA would not be the best interest of their family. The applicant or recipient will be required to provide evidence to support their good cause claim.

If an applicant or recipient refuses to cooperate without good cause, the family will be determined ineligible for TANF benefits.

13.3 Work Participation Requirements for Work Eligible Individuals (WEI)

Hawaii requires a parent or specified relative, who is determined to be a WEI and receives assistance, to engage in employment or work activities through the FTW program. An individual's work program status is determined at the point of application, reassessed at their annual recertification, and when the individual's circumstance has changed. Individuals who are determined to be WEIs are referred immediately to the FTW program.

13.4 Work Participation Requirements for Other Work Eligible Individuals with a Disability (OWEI)

13.4.1 Work eligible individuals, who claim they are unable to work due to substance use disorder, or a physical or mental disability, are referred to contracted examiners for an assessment and a medical evaluation board for a determination whether the disability prevents the individual from working thirty (30) hours a week. If the medical evaluation board determines an individual to be temporarily incapacitated and unable to work, the individual's work participation status is changed from WEI to other work eligible individual or OWEI, and is referred to the FTW Vocational Rehabilitation (FTW-VR) unit. The FTW-VR units provide case management services; monitor the OWEI's compliance to a treatment or individualized service plan; and provide job preparation services. The work participation status is reviewed at the point of application, reassessed at their annual recertification, and whenever the individual's circumstances have changed.

13.4.2 An individual, who the Department has determined disabled due to a physical or mental impairment, including substance abuse, must engage in treatment services and vocational rehabilitation activities that may reasonably be expected to lead to employment (see subsections).

13.5 Penalty for Non-Compliance

When a TANF recipient, who is a work eligible individual or other work eligible individual and is required to participate in the FTW program, does not comply without good cause to participate in the FTW program; refuses without good cause to accept full-time employment; terminates full-time employment without good cause; reduces full-time employment to less than thirty (30) hours per week without good cause; or does not comply with their treatment plan for a recipient who was determined disabled or recovering from substance use disorder, the entire household's TANF benefits are terminated (i.e. case closure) and a sanction is imposed as follows:

- A. For the first (1st) sanction, the household is ineligible for TANF until the household reapplies for benefits.

- B. For the second (2nd) sanction, the household is ineligible for a minimum of two (2) months or until the household reapplies for benefits, whichever is longer; or
- C. For any subsequent sanctions, the household is ineligible for a minimum of three (3) months or until the household reapplies for benefits, whichever is longer.

The sanctioned household must serve the entire sanction period. The household may reapply following the sanction period by submitting a new application form and meeting the UFUE requirements to re-establish eligibility for TANF (see subsection 13.1).

13.6 Good Cause Provisions

Good cause exists under the following circumstances:

- A. Child care for a child under six (6) years of age is necessary for the individual to participate or continue participation in the FTW program or accept employment, and such care is unavailable.
- B. The employment would result in the household of the individual to experience a net loss of cash income. Net loss of cash income shall be determined as follows:
 - 1) The Department shall determine the household's total projected gross income. The total projected gross income shall include, but is not limited to, earnings, unearned income, and cash assistance that would have been received if the individual had not refused or terminated employment.
 - 2) The Department shall determine the total amount of necessary work-related expenses which would have been incurred if the individual had not refused or terminated employment. Work-related expenses shall include, but is not limited to, mandatory payroll deductions, actual cost of child care, transportation expenses, and cost of meals.
 - 3) The necessary work-related expenses shall be deducted from the household's total projected gross income.
 - 4) The net income amount determined in subsection 12.1 shall be compared to the financial assistance the household received at the time the offer of employment is made; and
 - 5) The Department shall determine that there is a net loss of cash income when the net income amount determined in subsection 12.1 is less than the financial assistance the household received at the time the offer of employment is made.

C. The Department may consider other circumstances beyond the individual's control in determining whether there was good cause for non-compliance. Examples of circumstances beyond the individual's control include, but are not limited to:

- 1) Illness of the individual which is verified by a medical statement from a licensed physician, psychiatrist or psychologist.
- 2) The individual's presence is required on a continual basis due to the illness of another household member and is verified by a medical statement from a licensed physician, psychiatrist or psychologist.
- 3) The individual is experiencing a family crisis or change of individual or household circumstances, such as death of an immediate family member, the household is currently homeless, or the household experienced a natural disaster.
- 4) Unsafe or unfair employment situations or inappropriate assignments that the Department determines would not lead to full-employment or self-sufficiency.
- 5) Self-employment that did not produce income equivalent to thirty (30) hours per week or one hundred twenty (120) hours per month of employment at the federal minimum wage after business expenses are deducted.
- 6) There is a breakdown in transportation arrangements with no ready access to alternate transportation.
- 7) The individual ends a sporadic work relationship that does not offer a reasonable possibility for permanent full-time employment and the individual is available to work full-time; or
- 8) The individual's failure was the result of being a survivor of domestic violence.

13.7 Mandatory School Attendance

Hawaii does impose a sanction on a family for failure to ensure that a minor dependent child attends school.

13.8 Secondary Education for Adults

Hawaii does not require and does not impose a sanction on a family that includes an adult who is older than twenty (20) and younger than fifty-one (51), if the adult does not

have and is not working toward a high school diploma or equivalency. However, it is consistent with Hawaii's education policy to allow an adult to work toward a high school diploma or equivalency if combined with a work activity.

13.9 Domestic Violence Status

An applicant is informed of their right to claim the domestic violence status. Applicants who claim this status must complete and sign form DHS 1260, *Self-Declaration Screening Form to Claim Domestic Violence Victim Status* and complete an assessment with the contracted domestic violence advocate agency (Attachment B-3). The domestic violence advocacy services include case management, mental health assessment, development of an individualized service plan, prevention and intervention services for the children, legal services, and supportive services.

13.9.1 Domestic Violence Policy

Hawaii notifies all applicants and recipients of the Department's domestic violence policy at the point of initial application, reapplication, and at each eligibility review or at any time that a client discloses domestic violence crisis. Such notification includes the following information:

- A. A definition of domestic violence, including examples of acts and circumstances which may constitute a domestic violence crisis.
- B. An explanation of the availability of the domestic violence status and the requirements of such a status.
- C. An explanation of the procedures for applying for domestic violence status; and
- D. An explanation of procedures for appealing the denial of the domestic violence status.

13.9.2 Domestic Violence Assessment

Individuals who experienced a domestic violence crisis or are in crisis state are referred to a domestic violence advocacy agency for the following services:

- A. A determination of eligibility for the domestic violence status using the criteria set forth below; and
- B. An assessment and development of an individualized service plan.

13.9.3 Domestic Violence Status

An individual is considered eligible for the domestic violence status if he or she has or has had a relationship to the alleged perpetrator of the violence as a spouse, reciprocal beneficiary, former spouse, former reciprocal beneficiary, person with whom the individual has a child in common, parent, child, person related by blood, person jointly residing or formerly residing in the same dwelling unit, or person with whom the individual has or has had a dating relationship regardless of whether they lived together at any time, and the victim has had to take one (1) or more of the following actions as protection or as a result of the domestic violence inflicted by the alleged perpetrator:

- A. Has a current court order protecting the individual or other household members from the alleged perpetrator.
- B. Is a party to a pending divorce or custody action which involves issues of current or past domestic violence.
- C. Within the past twelve (12) months, has stayed in a domestic abuse shelter.
- D. Within the past twelve (12) months, has stayed with a friend or relative after having fled the home to escape or avoid a domestic violence situation, as supported by a sworn statement from that friend or relative. If the friend or relative is not available, another person who has personal knowledge of the Domestic violence situation may provide a sworn statement.
- E. Within the past twelve (12) months, has experienced an incident of domestic violence which resulted in the arrest, arraignment, or conviction of the alleged perpetrator of the violence.
- F. Within the past twelve (12) months, has been in inpatient or outpatient treatment for psychological, physical, or emotional abuse resulting from domestic violence.
- G. Within the past twelve (12) months, has been hospitalized, been in community placement or received emergency room treatment for medical or psychological injuries resulting from domestic violence; or
- H. Within the past twelve (12) months, has been subject to threats of death or grievous bodily injury to self or family and loved ones by the alleged perpetrator.

13.9.4 Domestic Violence Advocacy Services

The applicant/recipient who meets the domestic violence status must accept and receive domestic violence-related treatment services to meet the work participation requirement for a six (6) month period. The other adult in the assistance unit that includes a member with a current domestic violence status is granted the same status during the six (6) month period. The domestic violence status may be extended for an additional period of up to six (6) months immediately following the first six (6) month period if the following apply:

- A. The domestic violence survivor has maintained active participation with the domestic violence advocacy agency during the initial six (6) month period.
- B. The domestic violence advocacy agency recommends the extension; and
- C. The alleged perpetrator is not residing in the same home as the domestic violence survivor.

14.0 NON-WORK ELIGIBLE HOUSEHOLDS AND WORK EXEMPTIONS

14.1 Non-Work Eligible Households

The state defines a household, where all the adults meet one (1) of the following criteria, to be a non-work eligible household:

- A. There is no parent or adult recipient in the household; or
- B. A recipient of Supplemental Security Income or Social Security Disability Income benefits.

Non-work eligible adults are not subject to work participation requirements; therefore, are not referred to the FTW program.

14.2 Work Exemptions

The state exempts the following work eligible households from the work requirements if one of the following criteria is met:

- A. A single parent who is caring for a child under six (6) months of age; or
- B. A single-parent who is providing care for a disabled family member that lives in the same TANF household.

Exempt work eligible households are not referred to the FTW program.

15.0 GRIEVANCE PROCEDURES

The Department enters into a written agreement with each work site in which it places individuals in work activities specifying that placements shall not displace employees or potential employees. Grievances include an opportunity for informal resolution.

The informal grievance process is composed of two (2) stages. Complaints are presented to the supervisor of the DHS unit affected by the grievance. This is the unit that services the client whose placement negatively impacted another employee. The unit supervisor must resolve the grievance informally within ten (10) working days. If the complainant is not satisfied with this resolution, they may proceed to the second stage, which is presenting the complaint to the Program Administrator. The Program Administrator must also issue a decision within ten (10) working days.

Persons dissatisfied with attempts at formal resolution may request a hearing with the State. Hearings are conducted by the Department's Administrative Appeals Office. The hearing must be held within thirty (30) working days of the filing for an appeal and a decision must be issued within sixty (60) working days of the appeal being filed. Challenges of this decision must be filed with the Administrative Law Judges, U. S. Department of Labor, within twenty (20) working days of receiving an unfavorable ruling from the Department's administrative appeal decision.

Part C- TANF Work Program and Services

16.0 FIRST-TO-WORK (FTW) PROGRAM

In accordance with Title IV-A of the Social Security Act [42 U.S.C. 602], the state administers a statewide mandatory work program, First-To-Work (FTW), for families who apply for or receive TANF or TAONF benefits. The FTW program assists participants with job readiness training, education, employment-related activities, and case management and supportive services. Supportive services are offered to participants such as child care subsidies, transportation reimbursement, assistance with education and work-related expenses, job readiness training, and job development and placement services. Additional supportive services are available through contracted service providers who provide domestic violence advocacy and legal services, subsidized employment, and home visiting services. FTW also provides services to other work-eligible individuals who are unable to work due to a temporary disability, domestic violence crisis, or treatment from substance use disorder.

The FTW program utilizes a “work focused” approach which requires adults to participate in appropriate work activities as a condition of receiving assistance. The FTW program provides a wide array of services and supports that are designed to assist recipients to enter and remain in the workforce. FTW participants are required to meet specific weekly participation requirements based on the number of adults and the age of the children in the household.

17.0 SCREENINGS, ASSESSMENTS AND SUPPORT SERVICES PLAN

17.1 FTW Program Intake Assessments

Individuals who are determined to be work eligible individuals (WEI) or other work eligible individuals (OWEI) are referred immediately to the FTW program and are scheduled to attend an orientation and intake session. During intake, a preliminary self-assessment is conducted to identify needs, strengths, and determine if the participant has any psycho-social, health, educational/skill, employment, and communication concerns that may be barriers to employment. Following the orientation and intake session, the participant completes an in-depth interview and the Hawaii Assessment and Personal Appraisal (HAPA) to further assess the participant’s employability. The interview includes questions about social capital, personal issues including relationships, current or past involvement with child protective services, physical, mental, and emotional health, criminal history, and substance abuse. The participant may be scheduled to take reading and math tests. The results of the testing and interview are scored and summarized to determine if the participant moves on to the Employability Assessment or if an in-depth Barrier Assessment is needed. The Employability and Barrier Assessments will result in the development of an Employment Plan, and/or a

Barrier Reduction Plan. The Plans outline the goals, and the steps and activities that are necessary to achieve the goals.

17.2 Employability Assessment and Support Services Plan

The FTW program conducts an in-depth employability assessment that results in an Employment Plan (EP) and a Support Service Plan (SSP). The EP is a signed written agreement between the participant and the Department, that outlines the participant's employment goal and the planned activities the participant will need to fulfill to achieve his/her employment goal. The SSP identifies the supportive services the participant may need to successfully participate with the FTW program and engage in their planned activities.

18.0 WORK ACTIVITIES

18.1 Unsubsidized Employment

Unsubsidized employment means full or part-time employment in the public or private sector that is not subsidized with TANF funds or any other public program. This includes employment with private for-profit and non-profit employers; government agencies; employment supported by the Work Opportunity Tax Credit and the Welfare-to-Work Tax Credit; and self-employment. Self-employment is defined as receiving income directly from one's own business, trade, or profession rather than earning a specified salary or wages from an employer.

18.2 Subsidized Employment in the Private Sector – Supporting Employment Empowerment (SEE) Program

The SEE program was developed in October 2006. It is designed to assist FTW participants to obtain employment in the private sector. Under this program, the Department offers prospective employers' reimbursement for wages paid and transportation expenses incurred for participants, and additional subsidies equal to 14% of the SEE wage reimbursement to assist employers with other incurred costs when employing FTW participants, such as training, unemployment insurance, workers compensation, and Federal Insurance Contributions Act or FICA deduction. The FTW participants are employed through the SEE program for a period not to exceed six (6) months.

The SEE program offers participating employers with reimbursements for wages paid, training costs, and transportation expenses incurred for the participant if they agree to hire FTW participants. Employment through the SEE program is for a period up to three (3) months; however, employment may be extended up to an additional three (3) months, not to exceed a total of six (6) months.

18.3 Community Work Experience Program

Community Work Experience Program or Work Experience means a work activity, performed in return for public assistance, that provides a participant with an opportunity to acquire the general skills, training, knowledge, and work habits necessary to obtain employment. Participants may be placed with a public or private non-profit agency.

18.4 Job Readiness and Job Search Assistance

These are activities that focus on job readiness and job search assistance for participants, or short-term treatment for substance abuse, mental health, or rehabilitation for those who are otherwise employable. The immediate goal of these activities is for participants to gain full or part-time employment. Job search assistance is directed to the participant's interest and the local job market conditions and may serve participants in either group or individual job-seeking activities, or a combination of both methods. Job readiness training is conducted as group activities where participants learn to develop their resumes, acquire job searching skills, learn the appropriate etiquette for interviews, and soft skills, before they begin to seek employment opportunities.

18.5 Community Service Programs

Community Service Programs are structured programs in which participants perform work for the direct benefit of the community in return for public assistance. Participants are provided the opportunity to gain work experience and acquire job skills training through placements with public agencies or private non-profit organizations with community projects that serve a useful public purpose.

18.6 Vocational Education Training

The participants receive structured, specialized training from educational programs, other than a baccalaureate or advanced degrees that prepare individuals with technical knowledge and skills that are prerequisites for employment in current or emerging occupations.

According to the State Department of Business, Economic Development and Tourism (DBEDT), hospitals and nursing facilities and specialty health care services had the greatest number of jobs between 2010 and 2020 ([DBEDT Hawaii's Targeted & Emerging Industries 2021 Update Report](#)). In 2020, there were about 43,688 jobs in the hospitals and nursing facilities. The specialty health care services saw the great growth at 6.0% between 2010 and 2020 producing about 13,358 jobs.

In accordance with P1 2011-06, Hawaii, as part of its vocational educational component, assists participants to obtain training that led to occupations in the health care industry. Training courses are not exclusive to a specific area of care; however, the learned skills are transferable between the various types of care including occupations that provide direct services in long-term care facilities and eldercare such as, but not limited to, certified nurse aid (CNA), massage therapist, and adult residential care home (ARCH) operator.

The FTW program supportive services include subsidies to cover course fees for FTW participants enrolled at a University of Hawaii (UH) community college campus for non-credit vocational programs in the healthcare industry such as nursing, CNA, ARCH services, and community health. Participants may earn certifications or credentials that allow them to work in long-term care facilities or work for community-based organizations that provide direct services in communities such as home visiting services. The FTW program encourages participants who are interested in the health care industry to enroll in these programs and assists participants to obtain employment after graduation or program completion.

18.7 Provision of Child Care Services to an Individual Who is Participating in a Community Service Program

This activity involves the provision of childcare services to an individual who is participating in a community services program.

18.8 Job Skills Training Directly Related to Employment

This is a post-secondary educational activity offered at the UH community colleges, or post-secondary vocational training programs that lead to recognized careers for which there is or will be a demand in the job market. Such trainings are utilized where there is potential for upgrading a participant's skills and employment prospects. Job skills training must be combined with any of the work activities above and can only be counted after a participant has completed their requisite core hours.

18.9 Education Directly Related to Employment

This activity includes education that expands a participant's ability to obtain employment, advance or earn a promotion, or adapt to the changing requirements of an occupation. Such activities may include adult basic education, English as a second language, or General Educational Development (GED) or high school equivalency. This activity must be combined with any of the work activities above and can only be counted after a participant has completed their requisite core hours.

18.10 Satisfactory Attendance at Secondary School or Course of Study Leading to GED if the Recipient Has Not Finished Secondary School

A custodial parent under twenty (20) years of age (i.e., teen head of household), who has not completed high school or an equivalent course of education, is required to participate in these educational activities. The activities entail regular classroom attendance, in accordance with the requirements of the secondary school, course of study at a secondary school, or course of study that leads to a certificate of general equivalence.

Satisfactory attendance for teen heads of households, who are attending a secondary school or pursuing education directly related to employment, is defined as classroom attendance with no more than three (3) unexcused absences per semester. More than three (3) unexcused absences may result in a sanction.

19.0 POST-SECONDARY EDUCATION COMPONENT

Hawaii developed an education component that encourages and supports FTW participants who are enrolled as full-time students at a post-secondary educational institution. The component provides an incentive to full-time student participants to continue their education by reducing their work participation requirement to twenty (20) hours per week, of which a minimum of four (4) hours per week must be of paid employment. Part-time students must fulfill the overall participation requirement of thirty (30) hours per week. For part-time students, once the educational hours are determined, the remainder of the required hours may be in either paid or unpaid work activity. This educational component was extrapolated from the Section 1115 waiver program granted to Hawaii entitled, "Creating Work Opportunities for Hawaii's Families," which was eventually merged into the Pursuit of New Opportunities or PONO waiver which expired in 2004.

All other components offered under the program are the traditional education, training, and work activities. Hawaii believes the combination of these activities provides the best opportunities to assist TANF participants to become self-sufficient.

20.0 WORK PARTICIPATION REQUIREMENTS

20.1 Required Hours of Work Participation

FTW participants are expected to perform thirty (30) hours per week of overall participation to simulate a full-time workweek. Of the overall participation requirement, twenty (20) hours per week must include participation in TANF core work activities. See section 18.0 above for descriptions of allowable work activities. Please refer to section I of the [Hawaii TANF Work Verification Plan, amended March 28, 2016](#), for more information on work activities.

20.2 Work Requirements for Special Populations

Non-custodial minor parents: Hawaii does not require non-custodial, non-supporting minor parents to fulfill community work obligations and attend appropriate parenting or money management classes after school.

Other populations: Hawaii has contracted services for survivors of domestic violence, individuals with physical or mental disabilities and those suffering from substance abuse. Specialists in the appropriate field screen each of these individuals. If they meet the required standards, they are referred for contracted services, which include case management, compliance requirements, treatment, and employment planning. Please refer to subsections 13.9 and 25.18 for domestic violence status and services.

20.3 Unavailable Child Care

Hawaii will not sanction a single-parent household with a child under the age of six (6) years who is unable to obtain employment or engage in work activities through the FTW program due to the following reasons:

- A. Unavailability of appropriate child care within a reasonable distance from the parent's home or work site;
- B. Unavailability or unsuitability of informal child care by a relative or under other arrangements; or
- C. Unavailability of appropriate and affordable formal child care arrangements.

The FTW staff will assist the parent (i.e., FTW participant) by eliciting referrals to child care resources and reviewing the participant's case to determine the availability of care. The parent will continue to participate with the FTW program, receive case management and supportive services, and receive financial assistance until such time child care is secured.

20.4 Employment Placement Services

Hawaii provides employment placement assistance for FTW participants. The FTW staff may negotiate job placement opportunities with private and public sector employers. In addition, the Department has contracted with the State Department of Labor and Industrial Relations (DLIR) to conduct job development activities on behalf of the participants. The FTW participants may also be referred to DLIR for job training opportunities funded through the U. S. Department of Labor.

21.0 NUMERICAL GOALS AND MONITORING WORK PROGRAM COMPLIANCE

21.1 Numerical Goals

The numerical goals and activities for the FTW program are established in accordance with section 407 of the Social Security Act [42 U.S.C. 607 and 45 CFR Part 261].

21.2 Monitoring Work Program Compliance

Hawaii monitors work program compliance in accordance with the [State's Work Verification Plan, Amended March 28, 2016](#).

Part D - Supportive Services

The supportive service programs described below are provided to TANF benefit recipient families and families who do not receive benefits but are determined TANF eligible, through a combination of state administered programs and programs provided by contracted service providers.

A family must either be a TANF benefit recipient or meet the above criteria to receive State Maintenance of Effort (MOE) funded supportive services classified as TANF Purpose 1, 2, 3 or 4.

Federal-funded supportive services provided under TANF Purpose 3 or 4 are not means-tested.

22.0 WORK SUPPORTS

22.1 Child Care Subsidies

TANF financial assistance recipients who are FTW program participants and TANF eligible families who are employed may be eligible to receive child care subsidies. The subsidies are based on the hours of child care provided or the hours of the parent's employment, whichever is less. Once the need is established, the subsidy payments will be the actual cost up to the established maximum rate, according to the type of care. There is no limit to the length of time that a family may receive child care subsidies. See Attachment C-1.

Child care subsidies are provided in support of TANF Purposes 1 and 2 and are funded with federal TANF and State Maintenance of Effort funds.

22.2 Transportation Assistance

In addition to child care subsidies, TANF recipients who are active with the FTW program, may be eligible to receive assistance for transportation costs such as reimbursements for mileage and parking, monthly bus passes, and other means determined appropriate by the Department.

FTW participants who are pursuing a degree through a college or university, will be required to apply for student financial aid, and if approved, the participant will be required to reimburse the Department for any duplicative benefits received.

FTW participants must provide verification of the expense which may include, but are not limited to, automobile down payment, automobile inspection fees, automobile repairs, motor vehicle registration, clothing, tools, equipment, and equipment repairs.

Currently, the pilot program is available to eligible NCPs on the island of Oahu.

23.4 Out of Wedlock Births

In 1995, the "Children's Vision," a benchmarking initiative was started with 6,000 young people describing the type of Hawaii they wanted to live in. In September 1995, the Hawaii Adolescent Wellness Team was formed to attend a two (2) day Maternal and Child Health conference. The Wellness Team committed to developing a holistic framework and resource document. The Hawaii's Adolescent Wellness Plan - Laulima in Action (or many hands working together) was the result of that commitment. In May 1997, Laulima in Action was finalized as a systemic approach in moving Adolescent Wellness forward on multiple levels. This strategic planning framework, based on best practices approaches, could prevent, or reduce critical indicators among adolescents aged ten (10) to eighteen (18) years. The teen pregnancy rate has steadily declined since 2006. This is a continual collaboration between the Department of Human Services, the Department of Health, and the Department of Education (DOE).

The Department of Human Services is a member of the Adolescent Wellness Team.

23.5 Teen Pregnancy Prevention Efforts of the Department of Human Services

According to the Hawaii Health Data Warehouse, the birth rate in 2015 for females between the ages of fifteen (15) and nineteen (19) years was 20.6%. In 2021, the birth rate for the same age group was 12.3%, a decrease of 8.3% within a six-year period.

The Department collaborates with private non-profit providers and DOE through contracts and Memoranda of Agreement (MOA) respectively. The services encompass the Teen Pregnancy Prevention effort to include alternative activities for children with after-school programs and community-based involvement. The Department's goals are to continue its support of youth programs and services, maintain partnerships with other government agencies and service providers, and to ensure the teen birth rate continues to decline, by 12% by 2025.

The services discussed above and described below are implemented to prevent and reduce the incidence of out-of-wedlock pregnancies, TANF Purpose 3. According to the "Helping Families Achieve Self-Sufficiency: A Guide on Funding Service for Children and Families through the TANF Program," potential activities that would be reasonably calculated to accomplish Purpose 3 may include abstinence programs, services for

youth, teen pregnancy campaigns, and after-school programs that provide supervision when school is not in session. All programs and services under this purpose are provided to youth in a before or an after-school setting.

The following is a brief description of each service or program provided under TANF Purpose 3 and is in effect through December 31, 2026. Services were re-procured and effective January 1, 2023.

UPLINK provides homework assistance, remediation tutoring, and extra-curricular activities that promote positive character traits, i.e., 5Cs – character, confidence, competence, connection, and contribution.

23.6 Sexual Health Education

Effective school year 2015-2016, the Hawaii Board of Education passed Policy 103.5, requiring DOE to provide sexual health education that includes education on, 1) abstinence, contraception, and prevention methods of unintended pregnancy and sexually transmitted infection including human immunodeficiency virus;

2) communication skills to form healthy relationships that are based on mutual respect and affection, and are free from violence, coercion, and intimidation; 3) critical thinking, problem solving, decision making, and stress management to make healthy decisions about sexuality and relationships; 4) communication with parents, guardians and/or other trusted adults about sexuality; and 5) available community resources for students. The purpose of the sexual health education policy is to promote abstention from sexual intercourse as a guaranteed prevention of unintended pregnancies, sexually transmitted diseases, and healthy and unhealthy or abusive relationships including statutory rape.

Supplementing DOE's sexual health education and to provide education and training on the problem of statutory rape, assuring that teenage pregnancy prevention programs are expanded in scope to include boys and men, the department participates with other state agencies in both juvenile and adult sex offender treatment teams to ensure that offenders receive appropriate treatment to prevent sexual abuse; and for families under the jurisdiction of the department and family court, counseling is provided to educate victims, offenders and other family members in the dynamics of sexual abuse to prevent further abuse.

23.7 Individual Development Account Program

The Department does not administer an Individual Development Account (IDA) program for TANF recipients. However, the Department recognizes IDAs established by other approved agencies for the benefit of TANF recipients. All assets including IDA accounts are disregarded for TANF eligibility and allotment determination.

In accordance with 45 CFR 260.31, the Department provides non-assistance payments that are designed to deal with a specific crisis or episode of need; not intended to meet recurring or ongoing needs; and do not extend beyond four months.

23.8.1 Disaster Relief

In response to a natural disaster or an emergency proclamation issued by the Governor, the State, at its option, may implement a program that provides non-recurring short-term (NRST) payments to assist families who may be in a specific crisis situation or have an episode of need as the result of the natural disaster or emergency proclamation. A family's total gross income may not exceed 350% of the current FPG to qualify to qualify for disaster relief NRST payments.

Emergency administrative rules will be promulgated to establish the program; describe the crisis or episode of need; identify the target population; outline the eligibility criteria and requirements; and types of payments (e.g., housing, utility

expenses, clothing, etc.) and payment limits, not to exceed four months of payments for each type.

23.8.2 Other NRST Payments

Other NRST payments may be provided to eligible needy families, whose household's gross income does not exceed 300% of the 2022 FPG, to obtain common household appliances, emergency food and housing placement assistance. Other examples of NRST benefits recognized by the Department include, but are not limited to crisis intervention utility payments, distribution of food, household furnishings and diapers supplies.

23.9 TANF Outreach

Since October 1, 2010, the State conducts outreach services to inform the public of the TANF program benefits and services that are available to eligible individuals. The Department distributes brochures that contain general TANF eligibility information, available services and how they can be accessed. This brochure is used to determine eligibility for SNAP benefits using the broad-based category eligibility. The eligibility requirement for this program is that the family's monthly gross income may not exceed 200% of the FPG. The brochure may be found on the DHS website (link provided below).

Part F- Historical

26.0 HISTORICAL

- 26.1 Hawaii's TANF program is based on the PRWORA of 1996 and the DRA of 2005, which reauthorized the TANF program in February 2006.

Hawaii used a planning task force for the development of the TANF program in 1996 when PRWORA was implemented and in 2006, when the DRA of 2005 was passed. The task force was composed of public and private sector individuals. The plan was presented numerous times in the community with an opportunity for public input and comment. All comments and recommendations were considered, and many were incorporated into the final program plan.

Administrative rules were drafted to govern the program in 1996 in compliance with PRWORA. These rules were promulgated in accordance with the Hawaii Administrative Procedures Act (Chapter 91, Hawaii Revised Statutes). There was a public comment period of forty-five (45) days to allow individuals and local government organizations and public organizations to provide comments before finalization. The TANF program, according to the 1996 welfare reform, rules were implemented when our "Pursuit of New Opportunities" (PONO) waiver expired in October 2004. Administrative rules were drafted to comply with the DRA of 2005.

- 26.2 Hawaii's PONO Program, was approved on August 16, 1996, as a Section 1115 waiver demonstration. The PONO program was an eight (8) year project, effective from December 1 to September 30, 2004. The PONO program initiated the State's reform, mirroring the federal welfare reform policies.

The PONO program encouraged and supported the formation and maintenance of two-parent families. One of the primary hypotheses of the PONO demonstration project was that families need two incomes to survive in our economy. Hawaii, therefore, ran parallel programs for one and two-parent families. There were no penalties for households that included two (2) adults. Compliance with the CSEA was a condition of eligibility. Families who failed to comply, without good cause, were ineligible for financial assistance until they complied. Additionally, the Department had discussions with CSEA regarding Welfare-to-Work eligibility for absent parents and financial incentives to encourage participation.

- 26.3 The domestic violence option and subsequent regulations were developed in collaboration with the Domestic Violence Clearinghouse and Legal Hotline, the Legal Aid Society of Hawaii, and a work group comprised of public and private agencies and individual citizens. These participants represented a cohort of domestic violence agencies and advocates statewide and private citizens. The administrative rules for the amended program were drafted and a Notice of Public Hearing was published the week

of July 2, 2001, in a primary newspaper on each island. The public comment period was from July 2, 2001, through August 14, 2001. A public hearing was held on August 7, 2001. The rules were finalized and adopted on October 18, 2001.

- 26.4 The Department consulted with the Financial Assistance Advisory Council with regards to work eligible individuals who claim a disability that impedes in their ability to obtain and maintain employment. The administrative rules were drafted, and a Notice of Public Hearing was published the week of July 2, 2001, in a primary newspaper on each island. The public comment period was from July 2, 2001, through August 14, 2001. A public hearing was held on August 7, 2001. The rules were finalized and adopted on October 18, 2001.
- 26.5 The administrative rules regarding the medical evaluation board and the evaluation of work eligible individuals who claim a disability, were drafted, and a Notice of Public Hearing was published the week of November 14, 2004, in a primary newspaper on each island. The public comment period was from November 15, 2004, through December 14, 2004. A public hearing was held on December 14, 2004. The administrative rules were finalized and adopted on January 20, 2005.
- 26.6 Hawaii established employment subsidy placement services that was piloted in 2004-2005. The Supporting Employment Empowerment (SEE) program was officially implemented as a supportive service through the FTW program in 2006.
- 26.7 The earned income disregard was increased on January 13, 2010, when the administrative rules were finalized. The earned income disregard for recipients increased from 36% to 55% from month one (1) through month twenty-four (24). The public comment period was from October 25, 2009. A public hearing was held on November 23, 2009.
- 26.8 The 2013 Hawaii Legislature passed an administrative bill submitted by the Department to disregard assets in determining TANF eligibility. The bill was signed into law by (former) Governor Neil Abercrombie on April 18, 2013.
- 26.9 The Department promulgated administrative rules to support Individual Development Account (IDA) programs. These administrative rules were finalized on January 22, 2002.

What happens if the POS machine is not working?

If you want to purchase eligible food items with your SNAP benefits, and the POS machine is not working or there is not one at the store, the cashier will fill out a paper form called a food benefit voucher. The cashier will write in your Kōkua EBT Card number and the amount you are spending. **DO NOT** give the cashier your PIN. The cashier will call to see if you have enough benefits in your SNAP (ONLY) account to buy the food. If there is enough in your SNAP account you will be asked to sign the voucher and will be given a copy of it. It is very important to keep this copy so you can subtract what you spent from the balance shown on your last EBT receipt. This will give you the current amount on your account. The store cannot process a manual voucher for Cash benefits.

Can I go to a bank teller and withdraw money or inquire about my EBT account?

No, you may only withdraw money from an ATM or through a cash-back/cash-only withdrawal at a participating store. If you have questions, call Customer Service or ask your local processing center.

If I have less than \$20.00 worth of Cash benefits on my Kōkua EBT Card, how will I get it out?

You can make a POS purchase or cash-back transaction at a participating store to get these funds or you can use an ATM that dispenses exact amounts.

Are there any transaction fees or surcharges for using my Kōkua EBT Card?

There is never a transaction fee for using your SNAP benefits to buy food with your Kōkua EBT Card. There is also never a transaction fee for using your Cash benefits to buy food or get cash at a POS machine. At ATMs, you will not be charged a transaction fee for the first two Cash benefit withdrawals each month. For each additional cash withdrawal during that month, you will be charged a 32-cent transaction fee, which will automatically be taken out of your Cash account.

A surcharge is an additional fee charged by the owner of an ATM for using that machine to make a cash withdrawal. Surcharges, if any, for getting cash will also be taken from your account automatically. If you do not want to pay the surcharge, simply cancel your transaction and go to another ATM location that does not charge a surcharge.

No Fees

- SNAP Benefit Purchases
- Cash Purchases
- Cash Back with Purchases
- Cash Withdrawals at a POS Machine

Fees

- Cash Withdrawals at an ATM = \$0.32

Surcharges

- Cash Withdrawals at most ATMs. Look for a sign near the ATM that tells you the surcharge amount.

Can I deposit money into my EBT account?

No. You may only withdraw money from your Cash account.

What is Direct Deposit?

Instead of using EBT, you may choose to have your Cash benefits deposited every month directly into your new or current personal bank account. You cannot use direct deposit for SNAP benefits. If you choose to have your Cash benefits directly deposited, your SNAP benefits will be available on your Kōkua EBT Card on the first calendar day of the month. Your Cash benefit should be in your bank account by the third banking day of each month. Contact your local processing center for more information.

What is an Authorized Representative?

You may choose a person, called an Authorized Representative (also known as an "alternate payee"), to get your benefits for you. The Authorized Representative must go to a local office to receive a Kōkua EBT Card. If you need an Authorized Representative, choose a person you trust. Remember, lost or stolen benefits will not be replaced.

What happens if I don't use all my benefits?

Your balance at the end of the month is carried over to the next month. You will have access to your remaining balance in your EBT account as long as you do a debit transaction at least once a month. However, Cash benefits that are not withdrawn or debited for 112 days and SNAP benefits not withdrawn or debited for 365 days will be returned to the State. Benefits that are returned to the State may be used to offset any outstanding debts that are still owed by the household.

When do I call Customer Service?

- Call if your card is lost, stolen or damaged.
- Call if you have forgotten or lost your PIN.
- Call to change your PIN.
- Call if you have questions or need help with your card.

What if I plan to move or change my address?

You must contact your local processing center if you move or change your address.

8. Keep this receipt so you will know your new balance the next time you shop.

The steps may be different for each type of POS machine you use, so ask the clerk if you need help.

Only the exact amount of your food purchase is deducted from your SNAP benefit account. Stores will not give you change for SNAP benefit purchases.

You may use your Cash benefits at stores to make a cash-only withdrawal or to purchase both food and non-food items (soap, diapers, etc.). Stores may also provide cash back when you make a purchase from your Cash account. Ask the clerk or store manager about the store's cash back policy.

3. Select the key marked **WITHDRAW CASH** and then select **CHECKING**.

5. Take your card, your receipt, and your cash.
6. Count your cash and compare it to your receipt.
7. Keep your receipt to help you keep track of your balance the next time you need cash.

It may take several transactions to withdraw all of your Cash benefits from an ATM if the machine has a limit on the amount of cash you can withdraw each time. A transaction fee of 32 cents for each withdrawal may be automatically deducted from your account balance, in addition to any bank surcharges.

HAWAII EBT QUESTIONS AND ANSWERS

How do I get my benefits with the Kōkua EBT Card?

Each month your benefits will automatically be added to your account. You will use the same Kōkua EBT Card every month to get your benefits. As you use your benefits to get cash or buy goods, your account balance will decrease.

When do I get my benefits?

Benefits will be deposited into your EBT account on the same day each month, even if it falls on a weekend or holiday. See the following chart to find out the day of the month that your SNAP and/or Cash benefits will be available on your Kōkua EBT Card. All benefits are available after 7:00 a.m. Hawaii Time.

NOTE: If you have your Cash benefits directly deposited into your own bank account, you will receive your SNAP benefits on the first calendar day of each month. Your Cash benefits should be deposited into your bank account by the third banking day of the month.

If your last name begins with	You will receive your SNAP and/or Cash benefits on the
A – I	3rd day of the month

Your balance at the end of the month is carried over to the next month.

Where can I use my Kōkua EBT Card?

You can use your Kōkua EBT Card at participating stores and ATMs (cash machines for Cash benefits only) across the country. You CANNOT use your card at POS machines or ATMs located in any liquor store; any casino, or gaming establishment; or any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment. You can also use your card wherever you see the Quest logo.

What should I do if I lose my card?

If your Kōkua EBT Card is lost, stolen or damaged and you need a replacement card, call Customer Service toll-free at 1-888-328-4292.

What is my card number?

Your card number is the 16-digit number on the front of your card.

What if my card won't work?

Call Customer Service and they will assist you. This number is found on the back of your card. Customer Service is available 24 hours a day, 7 days a week.

What if there is an incorrect transaction on my account?

When a retailer is paid either too much or too little from your EBT account due to a computer system problem, a correction may be made to your balance. This correction could impact your current or next month's balance. You will be mailed an EBT adjustment notice of the correction if it reduces your balance.

NOTE: If you discover an error in your account balance, immediately call Customer Service to report the error.

How do I take care of my card? Attachment A-3 Page 2 of 2

1. Sign the back of your card.
2. Do not write your PIN on your card.
3. Keep your card safe and clean.
4. Do not bend your card.
5. Keep your card away from magnets and electronic equipment, such as TVs, radios, microwaves, etc.
6. Do not place it in direct sunlight (i.e., on your car's dashboard).
7. Do not throw your card away; you use the same card every month as long as you receive benefits.

What is a Personal Identification Number (PIN)?

A PIN is a four-digit secret number that allows only you to use your Kōkua EBT Card. You can select your PIN on the Internet at www.ebtEDGE.com or by calling Customer Service.

Never tell your PIN to anyone! If someone knows your PIN, they can use your card to get ALL of your benefits - and those benefits will not be replaced.

What if I forget my PIN?

If you forget your PIN or want to change your PIN, you can use the Internet (www.ebtEDGE.com) or call Customer Service to choose a new one. You should choose four numbers that are easy for you to remember, but hard for someone else to figure out.

What if I enter the wrong PIN?

If you are having trouble remembering your PIN, DO NOT try to guess your PIN when entering it on a POS machine or ATM. If you enter the wrong PIN, you have three more chances to enter the correct number. If you do not enter the correct PIN by the fourth try, you won't be able to use it until after midnight because a hold is placed on your card. In some cases, your card may be taken by the ATM. If the ATM keeps your card, contact Customer Service.

Remember, you can change your PIN at any time on the Internet at www.ebtEDGE.com or by calling Customer Service.

What should I do if someone finds out my PIN?

Immediately call Customer Service or sign on to the Internet at www.ebtEDGE.com and select a new PIN.

How will I know my account balance?

The easiest way to know your account balance is to keep your receipts. If you don't have your receipts, you may check your balance on the Internet at www.ebtEDGE.com or you can call Customer Service. You should always know your account balance before you shop.

WORK PROGRAM REFERRAL AND REQUIREMENTS**

This form explains the referral and work program requirements of the TANF Program. The work program will help you and your family to move from receiving financial benefits to employment. Please read this form and keep for your records. If there are any questions regarding this form, please call the *Public Assistance Information Line at 1-855-643-1643*.

PURPOSE: The TANF Program has work participation requirements, as a condition of eligibility for recipients who can work, as well as vocational rehabilitation services for recipients who may be temporarily unable to work. Recipients who can work will be referred to the First-To-Work (FTW) Program and will need to participate and meet participation requirements. Recipients who are unable to work full-time (at least 30 hours per week) will be referred to the FTW Vocational Rehabilitation (FTW-VR) office to receive services to help remove the temporary barriers. The FTW Program helps recipients to prepare for and find employment; assists with rehabilitation and treatment services; and pay for child care, transportation costs and other expenses while participating in the FTW Program.

PART I – NON-WORK ELIGIBLE INDIVIDUALS: If any of the following reasons prevent you from working, you will not need to participate with the FTW Program. When you no longer meet any of the following conditions, you will need to participate with the FTW Program.

- 1) You are a single parent caring for your child who is under six (6) months old and have not used the lifetime exemption limit of twelve (12) months.
- 2) You are a parent caring for an ill or disabled family member living in your home, supported by medical documentation.
- 3) You are not applying for help for yourself but are applying for help for child(ren) that is not your own (non-needy caretaker).

PART II – OTHER WORK ELIGIBLE INDIVIDUALS: If you feel that you are unable to work because you are disabled, receiving treatment for substance abuse disorder, or currently in a domestic violence crisis, you will be referred to the FTW-VR office as a condition of eligibility for financial benefits. You will be asked to submit verification if your family meets one of the following and must be certified by department authorized providers.

- 1) You have been disabled for thirty (30) days or more and cannot work.
- 2) You recently or currently in a domestic violence situation and cannot work.
- 3) You are sixty-five (65) years of age or over.

PART III – PENALTIES FOR NON-COMPLIANCE: If you do not meet any of the criteria listed in Part I above, you must participate with the FTW Program. Participation with the FTW Program includes keeping appointments and completing work activities in your Employment Plan. If you do not complete your activities or refuse to participate without good cause, your family's financial benefits will stop. The following are the sanction (disqualification) periods:

FIRST SANCTION: Family will not be eligible until you reapply for benefits.

SECOND SANCTION: Family will not be eligible for a minimum of two (2) months; and

THIRD AND SUBSEQUENT SANCTIONS: Family will not be eligible for a minimum of three (3) months.

Processing Center

Date

This MOU explains the requirements of the TANF Program. Please read this MOU and keep for your records. If you have any questions regarding this MOU, please call the *Public Assistance Information Line at 1-855-643-1643*.

1. Applicants of financial benefits through the TANF Program must attend an orientation session with the First-To-Work (FTW) Program and meet one week of participation requirements, within a three (3) week period, before the first financial benefits will be issued.
2. An able-bodied adult who does not have a child under six (6) months old or is not caring for an ill or disabled family member, will be referred to the FTW Program. The FTW Program helps families to prepare for and to become employed. Program requirements must be met, or the family will not be eligible for financial benefits.
3. If physical or mental disability or domestic violence prevents an adult family member from working, a referral will be made to the First-To-Work Vocational Rehabilitation (FTW-VR) office. The family will need to participate in the FTW-VR program and services. FTW-VR provides case management services, monitors treatment services, provides services to address domestic violence, provides specialized employment services, or other services.
4. Families may receive up to sixty (60) months of benefits, in a lifetime, if there is at least one (1) adult in the family who is able-bodied and can work.
5. The financial benefits received by a family will be reduced by 20% in the third (3rd) full month after the application interview if there is at least one (1) adult in the family who is able-bodied. This 20% benefit reduction will continue until the family receives sixty (60) months of benefits.
6. If a family member is employed, the department will apply allowable deductions so less of your family's earnings will be counted towards determining your family's benefits. If your family's calculated net income does not exceed the 100% of the standard of need for your family size, your family will continue to be eligible for financial benefits or no-fault automobile insurance.
7. If child(ren) receives financial benefits but the adult(s) are not eligible, the adult(s) may still be required to participate in the FTW Program and meet program requirements as a condition of eligibility for the family.
8. If an adult in the family or any other member decides to go to school, the family will still be subject to the 60-month time limit and the 20% benefit reduction, but any educational loans, grants or scholarships received will not count in determining eligibility and financial benefits.
9. If an independent minor parent is receiving financial benefits with their own child(ren), the family will continue to be eligible for financial assistance if the minor parent stays in school and completes high school education or equivalency. Minor parents will be subjected to the five (5) year time limit, but the financial assistance benefits will not be reduced by 20% so long as the minor parent is in high school or equivalent.
10. Children in the family who are between sixteen (16) and eighteen (18) years old and not attending high school, must participate with the FTW Program.
11. While employed or participating with the FTW Program, a family may request help with childcare costs.
