

Hawai'i Home Energy Assistance Program (H-HEAP)

Hawai'i Home Energy Assistance Program (H-HEAP) provides heating and/or cooling assistance to needy households by assisting with a one-time payment toward their electric or gas bill.

H-HEAP offers two programs: Energy Crisis Intervention (ECI) and Energy Credit (EC).

Households may only receive one type of H-HEAP payment per program year which runs from October 1 – September 30.

- Energy Credit (EC)** assists needy households who are not in crisis but need assistance with bill payment for the heating and cooling of their residence.
Applications for EC are only accepted in June.
- Energy Crisis Intervention (ECI)** assists needy households in crisis, the electric or gas service has been or will be disconnected, and the household has been notified via a disconnection notice from the utility company.
Applications for ECI are accepted year-round, but the number of approvals each month are limited and fill quickly.

HOW TO APPLY: Submit your completed application and supporting documents to the Community Action Agency that serves your island. See the back of this page for a checklist of required documents. If your application is incomplete, required documents are not submitted, or there are questions regarding your application, processing of your application may be delayed or possibly denied.
