Mandated Reporter Training

🕒 2 hrs

24/7 access to training developed in partnership with the State of Hawai'i.

This training provides an in-depth look at mandated reporting of child abuse and neglect in Hawai'i.

Upon completion of this training, mandated reporters will be able to:

- Understand the role of a mandated reporter
- Recognize the types of child abuse and neglect and understand the contributing factors that make up each type
- Evaluate information to determine when to make a report of abuse or neglect
- Learn how to report suspected or known child abuse
- Understand the events that follow a report

Earn an authenticated, validated and easily shareable certificate.

Our certificates provide trusted proof of your mandated reporter training and come paired with a digital badge you can display anywhere. Each certificate includes a scannable QR code for instant validation, making compliance checks simple, secure and universally accepted.

Getting started with the Mandated Reporter Training platform is easy. Simply join for free and select Hawai'i to access the training you need.
